These Tablets cure all the minor troubles of babyhood and childhood. They are prompt and effective in their action, and are guaranteed to contain no opiate or harmful drug. They always do good—they cannot possibly do harm. Good-natured, healthy children are found in all homes where Baby's Own Tablets are used. We all have a certain weakness for widows, especially when they are captivating as "The Real Widow Brown" which comes to the Opera House Thursday, April 30th, championed by the able management of Mr. A. Q. Scammon. This amusing play is the latest bid for popular favor from the American public, and there is no doubt that its great Berlin and London success will be duplicated here. It is a farce comedy of the most amusing type, replete with bright song and merry dances interpreted by some of the best artists in the theatrical world. It possesses a decidedly amusing plot, full of absurd complications and yet, withal, clean and pure. If you see "The Real Widow Brown" you are bound to laugh. If you don't laugh you've made a mistake, and as a panacea for the blues you should have sought a druggist's prescription and not an orchestra chair.
