With Confidence We Direct You To The Never-Failing Health-Builder.

Paine's Celery Compound Quickly Elevates the Constitutional Condition of all Rundown and Sick People.

In the winter season when many people, especially women and children, are confined in close and stuffy apartments which lack proper ventilating facilities, the blood becomes watery, pale, sluggish and impure; the nervous system is impaired, the brain is tired, insomnia begins its terrible work, and a general collapse of the whole system ensues.

Our object at this time is to suggest the true means of succor and help for pale, languid, nervous, irritable and weakened women and children. Thousands of such nerveless and frail victims will soon be cut down if help is delayed and time lost.

Paine's Celery Compound is the "life-line"—the sure and tried rescuer that saves and blesses when all other means fail. Paine's Celery Compound is doing the same Heaven-blessed work today for sufferers that it has so well done in the past. It quickly furnishes the new, pure and fresh blood which is the foundation of pure health; it promotes cell-growth, builds up flesh, bone and tissue, and elevates the constitutional condition of every sick person, and defends them from germ and bacterial dangers. Try Paine's Celery Compound, dear reader, and your efforts will be fully and happily rewarded.

pastor Rev. L. A. Fenwick B. A. still continue; much interest is manifested in them. Mr. Fenwick will be assisted for several days by Rev. Mr. Lyons, of Victoria Corner. Rev. Addington G. Giberson who has been confined to his house for several days with rheumatism is on the way to recovery. Norman McLeod son of Rev. Joseph McLeod D. D., of Fredericton, has been spending a few days in this village visiting relatives and friends, and the guest of Fred Squires teacher of the Florenceville Superior School. Rev. Charles Stirling occupied the pulpit of the Free Baptist church on Sabbath evening last.

The concert to be given by the young people in the Gallagher Hall on Saturday evening the 7th inst. to raise funds in aid of the aid walk promises well, and if a fine evening will be largely attended.

The shippers of hay are not so busy as last week on account of the dull market for hay, still the buyers are paying a fair price for hay. The Merchants are busy all the time thus denoting that trade is good.

The men will soon be arriving again from the lumber woods where to all reports a good winter's work has been done. Wages have been very high and teams very scarce. The snow has so far very favourable to the lumbering operations.

Rev. Father Coughlin in charge of the Johnville pastorate is still unable to attend to church affairs. Rev. Father Chapman, of Woodstock, was a visitor at the parsonage Johnville last week.

EAST FLORENCEVILLE.

WASHING MACHINES.

Time works wond-rful changes in all fields—methods that were considered the best a decade ago are obsolete today. Ideas that prevailed a quarter of a century ago are long since exploded. That which appeared impossible of accomplishment in 1898 is rendered easy in 1903. Progress is the watchword all along the line, and he who does not recognize this fact is soon out of the running.

In no department of the home, we feel safe in saying, has there been a greater transformation brought about in recent years by the introduction of up to date appliances than in the case with respect to the day generally termed WASH DAY.

This day of all days in the week is the one hitherto mostly dreaded; but in the home where proper appliances are used it is not less bright and free from onerous routine than any other of the working days.

The fact is, that in the ideal home wash day is not considered at all in the light of a day of exceptionally heavy and unpleasant work, because it is not by any means a day to be abhorred if a really good WASHING MACHINE is brought into requisition.

The RE-ACTING WASHER fills the bill. It is made of thoroughly seasoned lumber, guaranteed against defects in workmanship or material. The price is so cheap that it is within the reach of every housekeeper.

Call at our store both at Woodstock and Centreville and see this great labor saving machine.
