Children With Pocket Money.

By courtesy of the authorities a certain
club of women recently questioned the six
hundred children in a city grammar-school
about the money earned by them or given to
them, and the uses they make of it. The
children were of both sexes, represented both
native and immigrant parentage, range in age
from nine to fifteen years, and belonged to
the class to which the average citizen belongs,
that of the "comfortably poor."

All of these children but one boy—who
may have been a humorist—admitted that
they frequently had money to spend or to
save. Fewer than one-third received an al-
lowance. Five-sixths earned more or less
money. Two-thirds said that they generally
got money in haphazard fashion, "Whenever
I ask for it."

Easy come, easy go. The money thus care-
lessly given was as carelessly spent, most of
it for candy. Not half the children were
advised by their parents what to do with their
nickels and dimes. In this respect American
parents made the worst showing of all. Theirs
will be the blame if, twenty years hence,
their children are living from hand to mouth
when children of the immigrants are buying
real estate.

To give a son or daughter a regular allow-
ance is a wise measure, but that is only the
beginning of wisdom. He or she should be
taught to get the worth of money spent, and
exhorted, too, not to spend all. Most Ameri-
cans dislike to seem parsimonious, and there-
fore neglect to talk over financial matters
with their children. Their German and
Italian neighbors are not so afraid of inculcat-
ing thrift and forethought. Would that the
native could grasp the truth they set upon,
that a spendthrift is as foolish a creature as a
miser!

The Fredericton Exhibition, 1903.

The Fredericton Exhibition, Agricultural
and Industrial Fair and Live Stock Show,
open to the Maritime Provinces will be held
at Fredericton, N. B., on September 21st,
22nd, 23rd, 24th, 25th, and 26th. The
executive will spare no effort to make this
the largest and most successful Fair ever
held in New Brunswick. With this object
in view, more land has been acquired and
the grounds much enlarged, the accommoda-
tion for live stock increased and extensive
additions made to the buildings, including a
new main building and a spacious amusement
hall.

Among the special attractions which have
already been engaged for Fair week, may be
mentioned German's Celebrated High Diving
Horses and the Famous Alabama Troubadours.
The horses will give two free ex-
hibitions on the grounds each day, diving
into a tank of water from an elevation of
thirty feet. The Troubadours are composed
of twenty-five people who will daily appear
in two high class variety performances in
Amusement Hall. These two attractions will
make their first and only appearance in the
Maritime Provinces at the Fredericton Show.

Rothschild's Maxims.

The following twelve maxims form part of
the will of Mayer Anselm Rothschild, the
founder of the great banking house at Frank-
fort. They are now attracting attention in
Europe and are recommended to those who
desire to succeed in life:—

1. Seriously ponder over and thoroughly
examine any project to which you intend to
give your attention.
2. Reflect a long time, then decide prompt-
ly.
3. Go ahead.
4. Endure annoyances patiently and fight
bravely against obstacles.
5. Consider honor as a sacred duty.
6. Never lie about a business affair.
7. Pay your debts promptly.
8. Learn how to sacrifice money when
necessary.
9. Do not trust too much to luck.
10. Spend your time profitably.
11. Do not pretend to be more important
than you really are.
12. Never become discouraged, work zeal-
ously and you will surely succeed.—New
York 'Herald.'

HARD ON THE BABIES.

One of the first effects of a hot wave, particu-
larly in towns and cities, is a pronounced
increase in the number of deaths of infants.
Even in the open country the suffering of
the helpless little ones would move the hard-
est heart. Stomach trouble and diarrhoea
are the foes most to be dreaded at this time
and every mother should appreciate the
necessity of careful diet and attention at the
first sign of these troubles. Medicine should
never be given to check diarrhoea except up-
on the advice of a physician. A diet limited
almost entirely to boiled milk and the use of
Baby's Own Tablets will cure almost any case
and keep baby in health. Mrs. W. E. Bas-
sam, of Kingston, Ont., writes:

"When my little girl was about three
months old she suffered with vomiting and
had diarrhoea constantly. I did not find any
medicine that helped her until we began
giving her Baby's Own Tablets. After giving
her the Tablets the vomiting and diarrhoea
ceased and she began to improve almost at
once. Since then whenever her stomach is
out of order or she is constipated we give her
the Tablets, and the result is always all that
we desire. They are the very best medicine
I have ever used for a child."
Baby's Own Tablets are sold by all dealers
in medicine or will be sent postpaid, at
twenty-five cents a box, by the Dr. Williams'
Medicine Company, Brockville, Ont.

Wine and Loss Claims.

A very amusing story is told in Brookfield's
autobiographical sketches in which he and an
insurance loss adjuster figure. A small fire
occurred in the house where this favourite
actor lodged, which damaged some of his
property. When the agent called Mr. Brook-
field opened a bottle of champagne and the
wine soon so opened the heart of the adjuster
that he kept suggesting losses that had not
occurred and making the loss on those that
had much heavier than reality. The cham-
pagne paid for itself ten times over by the
loss claim being so inflated by the champagne
gas. The story is well told and should serve
as a caution to loss adjusters against accept-
ing the vinous hospitality of claimants. In
the same work is a story of a Fire Brigade
Chief arriving at a fire after it had been put
out by the residents. He was highly indig-
nant and said: "People ought to mind their
own business!"

Quit Kicking.

Quit kicking just because you think
The old world's going wrong;
There's always something somewhere
Of happiness and song.
Besides, you never made the world;
Life's scheme is not your own;
Quit kicking; take what happens, and
Just reap what you have sown.
Quit kicking. When the play is bad
Remember what you've lost
Some other fellow's gained, and so
In summing up the cost
We find that in the end we know
What other men have known—
Results? We take them as they come—
We reap what we have sown.
Quit kicking, man. The world's not bad;
At least, it could be worse.
We live and dream; that's worth the while;
We ponder themes and verse;
We sing and love; we hate and feel;
We laugh; sometimes we weep—
So all the pulsing passions are
Compassed in the sweep.
Of what we are and what we feel—
Quit kicking, man! The blame,
If, in this whirligig of Chance
And Time you lose the game,
Is with the man who whiles his life
Complainingly away.
Just laugh, old man; just dream, and love;
Just live—and live Today
—New Orleans Times-Democrat.

"One day a poor broken-down dyspeptic
consulted Abernethy. The Doctor looked at
his tongue, felt his pulse, and inquired after
his symptoms. "Well," said the frank Aber-
nethy, "I don't think there is much the
matter with you. You want cheerfulness.
Go and see that clever fellow Grimaldi. You
will get a good hearty laugh! That will do
you more good than physic." "Alas," said the
patient, "I am Grimaldi."—Smiles.
