WOODSTOCK, JULY 22, 1903.

MR. BLAIR'S RESIGNATION.

When we went to press last week Mr. Blair's resignation from the cabinet had not been accepted and it was not certain that the differences between him and his late colleagues could not be patched up.

Now Mr. Blair is finally out of the liberal cabinet, and will no doubt oppose with all his energy and with all the forces at his command the railway policy of the government.

The Hon. Henry R. Emmerson will probably be Mr. Blair's successor in the Cabinet from New Brunswick. Mr. Emmerson is a gentleman with an excellent record for ability and integrity, and the liberals of New Brunswick may feel that the best interests of their province will be safe in his hands.

In his defection from the liberal government Mr. Blair can hardly hope to take any appreciable portion of the liberal party with him, or enlist their sympathy in his cause.

Why do Not Our Farmers Raise More Cattle?—Why let Texas Supply our Ranches With Stockers?

Mr. F. S. Stimson, the Great Canadian North West Rancher endorses the policy of making Shorthorns the Standard cattle for New Brunswick and says why.

The enormous demand for stockers in Alberta and Assiniboia has opened up a great market for the farmers, all over the Dominion of Canada, the Western market for well bred young cattle is almost without limit. In 1902, 40,000 yearlings and two year old steers were bought in Ontario and Manitoba and shipped west to the Prairies by the ranchmen. The prices for yearlings delivered at Medicine Hat, Calgary and McLeod being from \$17.00 to \$21.00 per head, two years old \$25.00 to \$30.00, these prices vary according to weight and breeding. The Canadian Pacific Railway gives exceptionally low rates upon Eastern Stockers shipped west to the Range Country, as these cattle are fattened by the Ranchers upon the succulent and nutritious grasses of the Prairie and exported to England as finished beef. Owing to the great influx of settlers this year into the North West the demand for stockers has so increased that the supply of Manitoba and Ontario was exhausted and 25,000 have been brought from Texas, New and Old Mexico, and the probabilities are that over 10 to 15,000 head will be brought in before the end of the season. Now why should seven thousand to eight thousand dollars be paid to foreign cattle-men, when we have the country and the farmers who should produce these cattle and save to Canada this money and industry. Our Government is trying to induce England to throw off the Embargo upon Canadian Stockers, and this at a time when our home demand is far greater than the supply. By fattening and sending the finished animal to England we get \$45.00 to \$60.00 per head net after paying cost of transportation and utilizing our hay, grass and grain, and getting the increase in price for ourselves.

There is a secret in breeding good cattle, the first principal is pure bred bulls of a beef breed. The Shorthorn stands at the head for producing beef cattle that are not only of the finest quality, but are also good and deep milkers and in great favor for the dairy and when their usefulness as dairy animals has passed they bring the highest price from the butcher. Use nothing but pure bred bulls, and never keep a half bred calf for a sire because he looks an exceptionally fine specimen as he is certain to throw back to the weaker and inferior strain.

When animals are put on the market for sale, it is quality and finish that establish the price, and the difference between a plain bred yearling, and one sired by a pure bred Shorthorn is certainly \$5.00 per head. We do not discuss the value of scrubs as they are not worth the freight paid upon them, and are always a loss and a disappointment to the man who breeds them, it costs no more to feed a good animal than a poor one. Shorthorns stamp their impress upon grade cattle in so marked a manner that with two or three crosses from pure bred sires, a herd will have the form and character of pure bred animals. The question is how are our farmers to supply themselves with pure bred bulls in the best and cheapest manner. One way is for Agricultural Societies to combine and appoint a live stock Commissioner to buy bulls and have them sold by auction at some central point, the purchaser giving the farmers the use of these bulls at a nominal sum. The freight and care of a carload of bulls, is but a trifle more than the expenses would amount to on a few. At least 100 Shorthorn and Hereford bulls should be bought and distributed throughout this country, that we can compete with Ontario and Manitoba in furnishing well bred Stockers for the ever in-

PERSONAL.

Mr. Archie Scott, of Glassville, was in town last week.

Miss Bertha Pallan is spending a vacation on the North Shore.

C. P. Ball, of Northampton, spent a few days in St. John, last week.

Mr. J. Rankin Brown left for Edmundston on Monday, on a business trip.

Miss Jennie Bunnell is visiting her aunt, Mrs. W. R. Pipes, at Presque Isle.

Mrs. Baker, of Newport, R. I., is visiting her parents the Archdeacon and Mrs. Neales.

Mrs. Arthur Bailey, returned from Boston Saturday last, where she has been visiting friends.

Miss Carrie Kitchen, of Brockton, Mass., spent last week in town visiting her sister, Mrs. B. F. Estey.

Messrs. F. A. Good and Mark Gillin are taking a course at the Canadian School of Masketry, Ottawa.

Mrs. Francis Rankin returned from St. John last week accompanied by her sister, Mrs. George Donald.

Miss Mona Thomson who has been the guest of her cousin, Miss Rankin, returned to St. John last week.

Miss Dorothy Killikelly, of Houlton, who had been a guest of Miss Graham, left for home on Saturday.

Mr. and Mrs. C. E. Stephenson, of Florenceville spent Sunday in Woodstock at the Stephenson House.

Mrs. Richard Crabbe, Debec, with the Misses M. T. and Louise Crabbe are visiting in Quebec and Montreal.

Miss Elsie Orchard, of Chicago, and Miss Grace Morrison, from Hamilton, Ont., are visiting Mrs. J. Rankin Brown.

Mrs. I. F. Barnes, who has been visiting her sister, Mrs. Geo. Phillips, returned to her home in New York State last week.

Mr. and Mrs. A. F. Garden and Mrs. George Mitchell arrived from St. Andrews, where they have spent the past three weeks.

Mrs. Sarah Rogers and her daughter, Mrs. Frank Oliver, of Worcester, Mass., are spending the summer at their old home in Northampton.

Mr. and Mrs. Arthur Brown and Mr. Sam. Estey, of New York, are visiting Mrs. Brown's parents, Mr. and Mrs. D. N. Estey, Florenceville.

Mrs. Charles Burpee, of St. John, is visiting friends in Woodstock and Florenceville before going to Brownville, Me., where Mr. Burpee is moving.

Mr. R. B. Jones went to St. John on Saturday. He will go to Gondola Point on the Kennebecasis, where Mrs. Jones is visiting Mrs. Dakin, her sister.

Ralph G. Waite, of the Royal Bank of Canada staff here, returned on Thursday from Andover, where he has been spending his vacation with his parents.

Prof. W. F. Watson, of Farman University, Greenville, South Carolina, with his wife and family is visiting his parents, Mr. and Mrs. G. C. Watson, Hartland.

Mrs. Seth Milbury and her daughter, Miss Ina Milbury, of New York, are visiting at their old home in Wicklow. They are receiving a warm welcome from their many friends.

Mr. C. V. Wetmore, of Sydney, C. B., spent Sunday in town. He left for home on Monday accompanied by Mrs. Wetmore, who had been visiting, her mother Mrs. James Watts.

Miss Bessie McGrattan is visiting her cousin, Miss Daisy Hughes. She is accompanied by her friend, Miss Anne O'Neil, neice of Rev. A. B. O'Neil, of St. Joseph's College, Memramcook.

creasing Western market and at the same time improve the quality of cattle in New Brunswick.

F. S. STIMSON,  
Montreal, July 13th., 1903.

CARNIVAL OF MOOSE KILLING

Reported from Aroostook to Fish and Game Commissioners.

Reports which have come into the fish and game department indicate that there is a regular carnival of moose killing up in Aroostook county, says the Kennebec Journal.

Already there have been received at the department, information of the killing of 23 moose the present year. This includes bull, cow and calf moose, and the fact does not tend to make the commissioners feel any too friendly to men who are caught violating the laws and makes them determined to ferret out and punish the ones guilty of killing these animals.

The last case of this kind to be reported came to the commissioners on Thursday morning, when a prominent business man of the county wrote in, telling of a case when he had found evidence in the woods that a moose had been killed very recently.

These reports which the commissioners are receiving on these matters come not only from the wardens who are cruising in that part of the state, but from guides, who are friendly to the game laws, believing that they are for their interests, and who desire to see any one who shall violate them punished, and business men whose interests call them into the woods.

It is not so very long ago that Aroostook county was counted a fairly good territory so far as poaching is concerned, but Commissioner Carleton says that it is now the worst one which they have to contend with.

On Thursday word was received by Commissioner Carleton from Warden H. O. Templeman, who works in the Moosehead region, that he had arrested O. E. Bauber, of Northwest Carry, and taken him to Dover, where he was arraigned before Judge Edgar C. Smith of the municipal court of that place on the charge of having a deer in his possession in violation of the law. Bauber was fined \$40.00 and costs, amounting to \$79.00 in all. On paying of the costs the mittimus was suspended and Bauber allowed to go during good behaviour without paying the fine.

This man was formerly a registered guide in the state, but, from information which came to them, the commissioners refused to give him a certificate this year.—Bangor Commercial.

INDIGESTION'S SLAVE

IS SALLOW, LANGUID, THIN AND DOWN HEARTED.

Troubled With Wind, Billousness, Headaches and Sharp Internal Pains.

No one deserves more sympathy than the sufferer from indigestion. A light meal lies like lead upon his chest—a good meal gives him hours of agony. The dyspeptic's slavery can't end until he builds up his system with Dr. Williams' Pink Pills. They strengthen the stomach, stimulate the liver and sharpen the appetite. There never was a case of indigestion the Dr. Williams' Pink Pills could not cure if given a fair trial. Proof of this is given by Mr. Gustave Emond, of St. Jerome, Que., who says:—"I suffered from dyspepsia for five years. The agony I endured at times can only be understood by those who are similarly afflicted. I tried a number of home remedies and advertised medicines but they did not help me. Then I decided to see the family doctor, and I took for a long time the medicine he gave me, but the results were no better; in fact I was getting worse. Some days I could not eat at all, and when I did eat the meal was followed by violent pains and cramps in my stomach that made life almost unendurable. Then I stopped the doctor and again began trying other medicines, but the result was always the same—no cure, and scarcely even temporary relief. And so the trouble went on for years, until last winter I met a friend from St. Scholastique who asked me if I had ever tried Dr. Williams' Pink Pills. I had not but after some persuasion consented to do so. This was the beginning of the end of my trouble. Before the first box of pills were finished the pains after eating were less severe. I continued the Pills for a couple of months and at the end of that time I was wholly cured. I can eat as hearty a meal now as anyone, and never have the slightest return of the pains and cramps that so long had made life miserable. I have proved that Dr. Williams' Pink Pills will cure this trouble when all other medicines fail, and I would strongly urge other dyspeptics to give them a fair trial.

These pills will cure all troubles due to poor blood, or weakened nerves, such as neuralgia, rheumatism, partial paralysis, St. Vitus' dance, heart weakness, and the ailments that burden the lives of so many women. If you do not find these pills at your dealer's send direct to the Dr. Williams Medicine Co., Brockville, Ont., and the pills will be sent post paid at 50c per box or six boxes for \$2.50. Do not let any dealer persuade you to take something else.

BORN.

WHELPLEY.—At Bristol, N. B., July 13th, to the wife of Dr. C. B. Whelpley, of Cedar Rapids, Iowa, a daughter.

MARRIED.

CRAIG-MORGAN.—At Hartland, July 10th, by Rev. J. D. Wetmore, Rudd W. Craig to Lottie A. Morgan, of Brighton, Carleton County.

DIED.

CRAWFORD.—At Debec, July 8th, James Crawford, aged 51 years, 2 months and 29 days, leaving a widow, four sons and two daughters to mourn their sad loss.
