MR. C. B. FOSTER, Deputy Passenger Agent of the C. P. Ry, St. John, was in Woodstock last week in conference with the Transportation Committee of the Carnival, August 12th and 13th, regarding excursions into Woodstock on those days. Mr. Foster is always willing to do anything he can to help out the town of Woodstock as far as his department is concerned, and though the carnival clashes, unfortunately, with the Harvesters' excursion and makes it very difficult to get cars, he will do what he can in the way of excursions. The committees are going ahead with their work in an energetic manner and will no doubt give the people a better time than ever before. The parade committee is offering the following list of prizes in its department:—Most original float, \$15.00; most comical float, \$10.00; best fancy float \$15.00; best trades and manufactures float, \$10.00; best decorated fancy turn out driven by a lady, \$5.00; best fancy bicycle lady or gent, \$5.00; most original bicycle lady or gent, \$5.00; best decorated farmer's wagon carrying largest family, \$5.00. Arrangements have been practically completed to have a tight rope walker perform here both days, one of the performances to be at night, within the glare of a bright red light. Other interesting and unusual features will be introduced here for the first time.

Read the character of a drug store in the record of its prescription department. All that a drug store is or does or aims to do, finds expression there.

The accurate filling of prescriptions with drugs of known purity and at just prices, is the first and highest mission of a pharmacy. A large prescription business is the highest testimonial a store can have; it implies confidence on the part of both public and physicians.

Such a business we have. We want you to benefit by our splendid service, and we promise to make the price right.
