Disorders of Children.

It is an undoubted fact that nearly all the disorders from which infants and young children suffer are caused by derangements of the stomach or bowels. As a cure for these troubles Baby's Own Tablets is gentle, effective and above all absolutely safe. Mrs. Thos. Cain, Loring, Ont., gives her experience with this medicine in the following words:—"I never had anything do my little one as much good as Baby's Own Tablets." She was troubled with her stomach, and was teething, and was very cross and fretful. A few doses of the Tablets completely cured her, and I can sincerely recommend the Tablets to other mothers.

This medicine promptly cures all stomach and bowel troubles, breaks up colds, prevents croup, destroys worms, and allays the irritation accompanying the cutting of teeth. Sold by all medicine dealers or sent by mail at 25 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.

Woodstock Wood Market.

One feature of the Woodstock market that needs the attention of the town authorities is the wood business.

A man who has any ready money buys several cords of wood at a time, has it piled in his yard and scaled, and he pays for it at the rate of \$4.00 a cord.

A poorer man buys his wood by the load, the salesman says he has three-quarters of a cord on, the poor purchaser does not know, he buys the load and the fact is he pays at the rate of \$7.00 to \$9.00 a cord for it.

There is a town bye-law which imposes a penalty on a man for offering a load of wood for sale without a scale bill. This law should be rigorously enforced, for its violation bears very heavily on the poorer men in the community.

The honest men who sell wood will not object to the enforcement of this law. The dishonest; let them kick and be hanged.

A Clean Newspaper.

A year ago, Mr. George Cadbury, a man who, by manufacturing and selling "Cadbury's Cocoa," has built up a great business and acquired large wealth, bought out the London Daily News, one of the greatest city dailies. Mr. Cadbury determined to conduct his newspaper on Christian principles, and announced that no more racing tips or news would be published in The Daily News. He was heartily laughed at, and told by other newspaper managers that he would be ruined. But he was determined, and the paper was published without the racing columns. A year has elapsed, and what is the result? This: The great paper lost \$100,000 in advertisements from the racing and gambling people, but its circulation, already immense, went up at the rate of a thousand a day, and its profits were greatly increased. Christian and moral people gave it their support, and its size was enlarged, its political influence is said to be doubled, and a special morning train is run to carry it to the midland counties. This success has led to another step. Today there is neither an advertisement of liquor nor any betting and race news in the columns of The Daily News. Principle pays in more ways than one, and the good example of the proprietor of that paper will doubtless be followed by others on both sides of the Atlantic.—The Guardian, Toronto.
