Dinner and Presentation.

The Cafe Royal was the scene of a pleasant gathering on Friday evening when the members of Hose Company No. 1 gave a farewell dinner to Mr. James H. Wilbur who had for some years been a valuable member of the company and its secretary.

Chief Tattersall presided, with the guest of the evening on his right and Councillor Sheasgreen, chairman of the fire committee on his left. Other gentlemen who sat around the board were Donald Munro, superintendent of water works, T. C. L. Ketchum, J. J. Troy, G. W. Gibson, James Gibson, Owen Kelly, John Lindow, Ollie Townsend, Eldon B. Fisher, Charles Appleby, Henry Derrah, Walter Cogger, Dr. Manzer, Albert G. Fields, Sandy VanWart, R. L. Douglass, Robert Welch, Charles McKinney, John Brown, Harry Nevers, Wm. Boulger, Maurice Ryan, John Bagley, James Hamilton, A. W. Fields, E. B. Manzer, A. G. Gilman, Helen Stephenson and T. V. Monahan proprietor of the Cafe.

The firemen in uniform added to the appearance of the scene.

After the matter of the menu had been carefully attended to and the King's health had been drunk Chief Tattersall presented Mr. Wilbur with the following address and a handsome jewel of the Knight Templar's degree. The jewel was of gold, the design in rich enamel and set with rubies.

JAMES H. WILBUR, Esq.:-

DEAR SIR,—Having learned with feelings of deep regret of your intended departure in the near future for the golden West and having accepted even with greater regret if possible your resignation as secretary of Hose Company No. 1. which position you have so long and satisfactorily filled, we the members of the Woodstock Fire Department felt that we could not possibly let you go out from among us without showing to you some appreciation of valued services rendered and of friendship enjoyed. This is why we have gathered here this evening with you in our midst and that we may all spend one more evening socially together; and now Jim (for we cannot say Mr. Wilbur) allow me to present to you on behalf of Hose Company No. 1. with this Templar's charm and we trust that as this emblem signifies hope and faith, may the memories which gather about it, as you journey in the far West ever bring to your recollection happy days spent in Woodstock. We shall watch with interest your efforts in the great country to which you are going and shall hail with pleasure the success that we feel confident is yours. Long may the light of prosperity and contentment shine over you and when in the not too distant future you shall again turn your face toward the East you will find here in your own town friends who in your absence have not forgotten you and who will greet you with joy. Again we wish you a great and abiding success.

Mr. Wilbur was too deeply affected to reply at any length, but hesitatingly and somewhat humorously said he would talk the matter over with the members privately.

Other toasts honoured were:—

Chairman of Fire Committee—Councillor Sheasgreen.

Town Officials—D. Munro, Superintendent of Water Works.

The Press—T. C. L. Ketchum and Charles Appleby.

Veterans of the North West Rebellion—J. J. Troy.

Visiting Firemen—A. G. Fields, Sandy VanWart and G. W. Gibson.

Old Friends—Helen Stephenson and R. L. Douglass.

The Ladies—Ollie Townsend.

A Good Sale of Cheese.

Last week Mr. J. F. Tilley Dairy Superintendent, being convinced that there would be an immediate drop in cheese, visited every factory in his district and persuaded them to sell at once. As a result he gathered a car load, between 800 and 900 boxes, about 63,000 pounds, and sold on Thursday at 10½ cts. per lb. On Friday the market dropped to 9½. By his foresight and promptness Mr. Tilley saved the factories the sum of \$472.50. Mr. Tilley loaded 412 boxes at Grand Falls all but 74 being from the New Denmark Factory and representing one month's make. At Woodstock he loaded 155 boxes, from the Jacksonville, Wakefield Corner and Southampton factories. The balance he put in at Debec and Canterbury. Mr. Tilley loaded the cars with his own hands, a work he is not called upon to do, but which his zeal for the dairy interests of the province induced him to undertake.

Death of John Wakem.

Mr. John Wakem, of Greenfield, Carleton Co., died on Monday, Aug. 17th. The announcement of his death will come with sadness to his many friends in the county. Mr. Wakem has lived the most of his life at Greenfield. He has been in ill-health for a year or two. His wife died about a year and a half ago. He leaves a large family of sorrowing children. To them, and the other members of the family circle the sympathy of the community is extended.

Rev. Father Chapman Promoted.

The Rev. W. F. Chapman, of Woodstock, has been appointed by Bishop Casey to the pastorate of St. John the Baptist, in St. John City.

Father Chapman, was born in St. Stephen fifty-six years ago. When sixteen years of age he went to St. Dunstan's College, Charlottetown. He made his theological course at the Grand Seminary in Montreal in 1868, and after teaching for nine months at St. Joseph's, Memramcook, was in 1871, ordained to the priesthood, at the cathedral, St. John, by the late Bishop Sweeny. After spending five years at the Cathedral, St. John, he was sent to Johnville, in this county, in 1876, where he worked diligently and faithfully till 1891 when he exchanged places with the late Rev. Father Murray who was then at Woodstock.

In its last issue the New Freeman of St. John, speaking of the Rev. Father Chapman's appointment to St. John says:—"His promotion, for it is nothing else, is well deserved. His spurs have been won by hard, indefatigable unceasing toil in the Master's vineyard, and we are convinced that this is Bishop Casey's recognition of his successful administration and fruitful ministry.

His new parishioners will receive him with joyful hospitality, and we wish him long years of active, energetic and gratifying pastorate at St. John the Baptist."

We are sorry to lose a citizen whose intellectual attainments, whose moral worth and generous nature have made him one of the most highly respected and esteemed citizens of Woodstock.

Camp Sussex.

On September 15th, the big Militia Camp for the Province of New Brunswick opens at Sussex, Kings County. The camp as is expected, will be under the direct supervision of Lord Dundonald and this fact alone will insure stern discipline and a good deal of sound practical work. Lieut. Col. George Rolt White the D. O. C. will be in command of the camp and Capt. Marshall of Hamilton will be present in his capacity as Staff Adjutant. The following corps will compose the camp:—No. 4 Company, Royal Canadian Regt., the 8th "Princess Louise Hussars," The Brighton Engineers, the "67th Carleton Light Infantry," the "71st York" the "73rd Northumberland" and the "74th Westmoreland" Regts. No. 8 Bearer Company of St. John will also be present. The only corps not included are the 10th and 12th Batteries they having drilled at local head quarters. In all probably 375 men will go from this county and Andover. The prospect for men is fairly good as it is hoped that the harvest will be pretty well indoors by that time. In town Capt. Bull has already commenced recruiting and any young men desirous of attending this big camp had better make immediate application. The fine band of the 67th under the efficient leadership of Prof. Dixon, expects to accompany the Regiment.

The Schools Opened.

The town schools opened this morning, with twelve of the old staff of teachers in their places and two new ones, Messrs. Aaron Perry occupying Mr. Good's place as the principal of the Broadway school and H. B. Loggie taking Mr. Thorne's place in the 7th and 8th grades in the college building.

The P. Gillin store on King street has been taken for the Sloyd work, and is now being repaired and put in condition. The work in this department will begin as soon as the tools arrive, which are now on the way. The benches are being made by the Woodstock Manufacturing Company.

Crops Inconveniently Large.

'Naw,' drawled the native of Kansas, it don't pay to be too prosperous.'

'Where's your argument?' asked his friend.

'Why, Hank Birdly had so much corn he had to pack some in his cyclone cellar. When the cyclone came Hank had no place to go, and it lifted him into the next State.'—Philadelphia 'Record.'

Natural Wonders.

'Why is a river the greatest freak of nature?'

'Didn't know it was. Why is it?'

'A river has a head but no feet. It's mouth is where its feet ought to be.'

'Pretty good. A mountain is somewhat freakish, also. We have all seen the foot of a mountain, but we never heard of a mountain head.'

'That's so. Still, it must have a head, for it has ears.'

'Has ears? How's that?'

'Certainly. Did you never see a mountaineer?'—Kansas City 'Journal.'

Butter Paper, printed and unprinted in one and two pound wrappers, at this office

Board of Trade.

A special meeting of the Board of Trade was called for Monday evening for the purpose of making an effort to have the delegates of the Boards of Trade of the Empire who are visiting Canada at this time, pay a visit to the Upper Saint John river counties.

Addresses were made by the President H. P. Baird and Messrs. J. T. Garden and George E. Balmain, who had been delegates from the Woodstock Board of Trade to the Congress of the Boards of Trade from all the Empire which met in Montreal.

A vote of thanks was extended to the Montreal Board of Trade for their courteous treatment of our delegates.

Mr. J. F. Tilley and the Secretary Mr. T. C. L. Ketchum were appointed a delegation to meet the British delegates at St. John and inform them of the great farming and dairying advantages of the upper St. John and if possible induce one or two of them to come up this way.

Mr. Tilley made a most interesting address on our great progress in farming and dairying and thought it should be made known to great Britain. The butter and cheese made in Carleton County was as good as any made in Canada but when it got to Montreal the makers marks were removed and it was re-branded as if made in Ontario and we did not get credit for our excellent product. By this foul means it had so far been impossible for Carleton County to become known to the British produce dealers.

On motion it was decided to have a circular printed, giving information about the upper St. John, for circulation among the British delegates.

On motion a committee was appointed to call a public meeting of citizens of Carleton, Victoria and Madawaska counties, at Woodstock, for the purpose of passing a resolution urging the government to build the new railroad down the St. John Valley. It is thought that the meeting will be held during Exhibition week.

Presentation to Mrs. A. Wiltmoy Hay.

At the annual picnic of the Lower Woodstock Sunday school last Thursday afternoon on the grounds of Mr. A. W. Hay of that place the following address was read by Mr. Robert Ferguson who on behalf of the school presented Mrs. Hay with a handsome silver water pitcher.

DEAR MRS. HAY:—

With as little formality as possible I wish to take advantage of the present occasion to address to you a few words on behalf of the members of our little community, especially on behalf of those who have been associated with you in the worship and service of our church and Sabbath school. Being reminded that you will soon be leaving us to take up your residence in the neighboring town, your friends and neighbors were anxious ere you took your departure to say how much they have appreciated you and how much they will miss you. On their behalf therefore I beg to say that we feel that in your removal we are losing one to whom we have ever looked as a leader in all our social and religious activities, one upon whose initiative and good judgment we have ever greatly depended. Personally you have endeared yourself to us all by your unflinching courtesy, and by the warm interest you have always shown in anything which was of concern to us. Your self-sacrificing and efficient ministrations in the homes into which sickness and sorrow have come, have endeared you especially to those whose burdens you have lightened in the day of trouble. Your place in the church and Sabbath school we do not expect to be able to fill. We submit to your departure as to the inevitable, taking what comfort we can from the thought that you are but passing naturally into the wider fields and more influential circles you are so well fitted to occupy. We express the hope that to you and to us may come the wisdom and strength necessary to the proper fulfilment of our allotted tasks, that though here our paths diverge, they will meet at the final goal—the door of the Father's house.

It affords me much pleasure to present to you this token of our regard. We trust it may serve to remind you constantly of your friends at Lower Woodstock and of the sentiments to which they have today given sincere expression.

Death of DeLancy Tompkins.

At his home at East Florenceville on Tuesday August the 18th inst, there passed away Delancy Tompkins, in the 85th year of his age. He was born on September 10th, 1818, on the farm at present owned by Mr. Charles Bell, near Bristol. About 35 years ago he was a prominent lumberman and well known merchant in Carleton County. After the Parish of Peel was set apart from Brighton he was one of the first representatives of Peel in the Carleton County Council.

In October 1840 he married Miss Jane Lovely, and they moved to what was then a new farm, three miles south of East Florenceville, where they have resided since their marriage.

Mr. Tompkins leaves two sons, Major John R. Tompkins, B. A. and Nehemiah Tompkins, and two daughters, Mrs. John Jameson and Mrs. Long, all of East Florenceville.

Can the sardine box?

No; but the tomato can.

The one lost sheep may greatly interest the shepherd, but the ninety and nine are worth more when marketed.
