The weather proved very unfavourable for Carvell Bros. auction and in consequence the entire stock was not disposed of, the business will however be settled in a few days.

The funeral services of Mrs. Havelock Wilson took place at Lakeville on Tuesday afternoon. All the brothers and sisters of the deceased lady came from Chatham. The brothers acted as pall bearers. Howard Irving and Miss Gertrude Irving will remain in the village a few days.

Something for Their Money.

Some years ago a railway was being made in the neighborhood of Galashiels, and it was arranged that each of the numerous navvies employed should pay one penny per week to a medical practitioner, so that they might have his services in the event of accident or medicine in the case of illness.

During the summer and autumn neither illness nor accident occurred.

But when a severe winter followed, all at once the 'navigators' began to call on the doctor for castor oil.

Each brought his bottle, into which an ounce was poured, until the oil was exhausted, and the doctor was forced to send to Edinburgh for a further supply.

When that, too, was getting done, the doctor one day asked a decent-looking fellow what was wrong with the men that they required so much castor oil.

"Nothing wrong at all, doctor," he replied, "but we grease our boots with it."—Tit-Bits.

CORRESPONDING SECRETARY'S REPORT.

Mrs. C. H. Martell, Great Village, N. S., presented a lengthy report. She first spoke of the Home Department. Executive board and Home Mission committees as being in good condition. The Field Work showed marked indications of progress. The United Course of Mission Study was progressing favorably, many societies having taken up the work. The Foreign Department review for the year showed an advanced and encouraging report. The summary is: seven

stations; eight churches; Sunday schools, evangelical schools, day schools and boarding schools; one hospital, one reading room, six lady missionaries and 41 baptisms. In India, the Bimlipitam mission fields showed progress in schools and Bible classes. The Bobbili field, under Miss Bessie Churchill, head mistress, is prosperous; this church supplies two other schools; at least 3500 people heard the gospel, during the mission tours made, than would otherwise have been the fact. The Chicacole field shows a great transformation among the native children; there were 27 evangelistic schools established in different places; five Bible women were doing good work, receiving a warm welcome from the Brahmins; an hospital has been established; Mrs. Archibald conducts the work; a lady apothecary and a lady doctor are needed. The Vizianagram field shows that Mrs. Blackadar has been very ill, but she is now partially restored to health; the other missionary, Mrs. Sanford, had died, which was a great loss to the mission; the Sunday school had done fairly good work, and the whole school was committing the lesson verses to memory. The Parlakimedi mission, Miss Harrison in charge, had last five good women workers, among them the principal Bible woman; a tour of 100 days was successfully carried out; the work in this town has been in progress one year, and the children are singing the hymns and learning Bible verses. The Tekkali mission, in charge of Mrs. Higgins, of Wolfville, N. S., reports 10 persons from a low class baptized; the station school has increased its attendance during the year from 9 to 30 scholars. Four Savara boys, who are bright and promising, it is hoped will soon be in a position to preach to their own people; the head master is a Hindoo, assisted by Christian women who teach singing, sewing and kindergarten; the Bible lessons are taught by Miss Clark.

After the reading of the secretary's report, Mrs. Fash, on behalf of the Woodstock Baptist church extended a cordial welcome to the union.

Addresses of welcome were also made by Mrs. Francis Rankin, for the Presbyterian church; Mrs. W. B. Wiggins, for the Reformed Baptist church; Mrs. McKinney, for the Free Baptist church, and Mrs. Corbett, for the Methodist church.

The president and others of the visiting delegates responded to the welcome, and expressed their pleasure at being in Woodstock.

The meetings were all well attended and were intensely interesting.

CARD TO THE PUBLIC.

Some time ago I saw an advertisement which said, "We advertise our business, mind our business, and pay the printer," or words to that effect. Now, what I propose to do is to advertise my business and attend to it. The first thing in my line of business is to let you know that this is a good time to bring in your Sleighs and Pungs to be painted. The next thing is to paint them well for the lowest possible price. This being up to you, you pay the Painter and he will pay the printer. This is business. Now is the time, gentlemen, to look your Pungs over, and should they want painting give me a call and I will please you. Thanking the public for their liberal patronage during the summer, in my new quarters I ask a continuance for the winter.

P. X.—When you are coming in with your Pung to McKenzie, and some one runs out and asks you where you are going, just say, "Watch my smoke!" or in other words mind your own business. Yours respectfully,

JOHN MCKENZIE,

At Hull & Glidden's, King St., Next Woollen Mill.
