The beautiful afternoon of September 26th was very much enjoyed by the friends and relatives of Mr. and Mrs. William Post, Wicklow, N. B., who were guests of this worthy couple upon the celebration of the twenty-fifth anniversary of their marriage. When looking upon the pleasant and youthful countenances of Mr. and Mrs. Post one could scarcely realize they had spent a quarter of a century of happy married life together. The guests present numbered about one hundred and fifty; many of whom were relatives. About 4.30 p. m. a most sumptuous repast was served, which was partaken of by all present. This being the "Silver Wedding" many of the gifts presented were in "currency of the realm" to the amount of forty-one dollars. Regina, N. W. T.

DEAR DISPATCH.—Thought perhaps some of your readers might not object hearing a few items from this part of the dominion.

My sister and I have been attending Normal school here for a month. A number of our Carleton County people came out with us namely, Mr. and Mrs. Doucette, Knowlesville, Mrs. Burnham and Miss Staten, Foreston, and a number of young men from various parts of the county. We left Woodstock on September 21st and came straight through to Winnipeg with the exception of a few minutes stop at Ottawa and a longer one at McAdam. We enjoyed some grand mountain scenery and water-scapes. We were all one forenoon in sight of Lake Superior and nearly another one in sight of Moosehead Lake. We stopped three days at Winnipeg and think it quite the busiest place we saw. After leaving Winnipeg we journeyed through the great prairies for about 360 miles till we reached Regina.

We find about 100 students attending Normal school here from all parts of the country from the Atlantic to the Pacific. There is only one student besides ourselves from New Brunswick, a Miss Shanklin, from St. John. There are several from Nova Scotia and Prince Edward Island but by far the greater number from Ontario.

Regina is rather larger than Woodstock and is growing very rapidly; nearly half of its buildings have been constructed in the last few months. It is the capital of the North West territories, the residence of the lieutenant governor and the headquarters of the North-West mounted police. We meet many foreigners on the streets every day. Germans, Dutch, Doukhobors, Chinese, and last but not least, the typical Western Red-skin.

Now before closing must speak of the contrast in the surface level of the countries. We see no hills and very few trees. We have a good view of the prairie from our window and can watch the boys mounted on their bronchos bringing the cattle home in the evening.

Wishing Mr. Editor you and your work prosperity, I am, yours respectfully,

CARLETON COUNTY GIRL.

September 30th, 1903.

Fit-Reform

READY TAILORED CLOTHES

Shoulder Facts.

The shoulders make or mar the suit. Let ever so slight a fault be there, and the suit is a failure.

If there is one thing above another that we pride ourselves on, it's the absolute perfection of "FIT-REFORM" Shoulders. The long, concave slope to lend breadth and grace—the snug fitting collar—the accurate inset of the sleeves—give "Fit-Reform" Coats a style and elegance all their own.

What you see is only half the secret. It's the hidden work—the patient moulding—the intricate stitching—the thoroughly shrunken imported canvas we use—the hand stays—the skill of a score or more of expert tailors, each a specialist on some individual part of the shoulder work—that makes "FIT-REFORM" shoulders without a flaw.

That is why "FIT-REFORM" Coats hold their perfect shape as long as you care to wear them.

Suits and Overcoats, \$12 to \$30.
Trousers, \$3, \$4, \$5 and \$6.
