B. B. MANZER has now completed the improvements he has been making in his stores, and now he has one of the best appointed dry goods stores in the province. The handsome steel ceilings and side walls and the new hardwood stairs were put in by Stephen Green. The office, of paneled birch, was built by Benjamin Clarke. The whole store 100 feet long and opening on two streets is brilliantly lighted by four incandescent arc lights of 160 candle power each. The Lamson cash carrier with six stations renders the making of change a much simpler matter than it was under the old system. The second story of the building is used for storing surplus stock, and this has been very much improved by increased lighting. The painting throughout was done by James and John Sanderson. Mr. Manzer is to be congratulated on the magnificent appearance of his stores.
