A LETTER TO MOTHERS.

Mrs. Jas. E. Hartley, Morthington, Ont., gives permission to publish the following letter for the benefit of other mother who have young children in their homes. She says:—"I have many reasons to be grateful to Baby's Own Tablets and to recommend them to other mothers. Our little girl is now about fourteen months old, and she has taken the Tablets at intervals since she was two months old, and I cannot speak to highly of them. Since I came here about a year ago, every mother who has small children has asked me what I gave our baby to keep her in such even health, and I have replied 'absolutely nothing but Baby's Own Tablets.' Now nearly every child here gets the Tablets when a medicine is needed, and the old-fashioned crude medicines, such as castor oil and soothing preparations, which mothers formerly gave their little ones, are discarded. Our family doctor also strongly praises the Tablets, and says they are a wonderful medicine for children. Accept my thanks for all the good your Tablets have done my little one, and I hope other mothers will profit by my experience."

Baby's Own Tablets can be given with absolute safety to the youngest, frailest child and they are guaranteed to cure all the minor ailments of little ones. Sold by all medicine dealers or mailed at 25 cents a box by writing the Dr. Williams Medicine Co., Brockville, Ont.

Town Council.

At the special meeting of the council on Monday evening the contract for constructing the sewer at Mr. Albert J. Hayden's place was awarded to Mr. I. C. Churchill at \$336.50.

Coun. Garden said the taxes were being collected fairly well. Already in eight months this council had collected within \$164.00 of the amount collected by the last council in twelve months. There is yet due on this year's assessment about \$8000.00 and every effort is being made to gather this in at once. The finance committee had sternly adhered to the rule not to make a change in any man's taxes but forcing any who had grievances to go to the assessors with an affidavit. He said that before the term of this council expired he would make recommendation for some new legislation to be obtained by the town to facilitate the collection of taxes.

The town clerk and solicitor, Mr. Hartley, reported that of the list of taxes given him for collection he had collected about \$800.00 and he thought he could get \$400.00 or \$500.00 more out of it before the end of the year. This list was made up of back taxes from 1899 down to last year.

CARD TO THE PUBLIC.

Some time ago I saw an advertisement which said, "We advertise our business, mind our business, and pay the printer," or words to that effect. Now, what I propose to do is to advertise my business and attend to it. The first thing in my line of business is to let you know that this is a good time to bring in your Sleighs and Pungs to be painted. The next thing is to paint them well for the lowest possible price. This being up to you, you pay the Painter and he will pay the printer. This is business. Now is the time, gentlemen, to look your Pungs over, and should they want painting give me a call and I will please you. Thanking the public for their liberal patronage during the summer, in my new quarters I ask a continuance for the winter.

P. X.—When you are coming in with your Pung to McKenzie, and some one runs out and asks you where you are going, just say, "Watch my smoke!" or in other words mind your own business. Yours respectfully,

JOHN MCKENZIE,

At Hull & Glidden's, King St., Next Woollen Mill.
