Moses Hillman an aged and respected resident of this place died at the home of his grandson, Charles Hillman, Sunday, May 29th, of pneumonia. Mr. Hillman spent the past few years in Woodstock and was visiting his grandson when taken sick. The funeral which was held Tuesday was conducted by Rev. J. J. Barnes, of Southampton, assisted by Rev. Joseph Noble, of Woodstock. Interment was made in the Hillman burying ground. Mr. Hillman was eighty-six years of age.

The remains of Mr. Way who died at his nephew Rainsford Way's, of Southampton, Monday, were interred in the Hillman burying ground Tuesday.

Mr. and Mrs. B. M. Colpitt's, of Woodstock, attended the funeral of Mrs. Colpitt's grandfather on Tuesday.

Mrs. A. Gilman, of Woodstock, who has been with her father, Moses Hillman, during his sickness returned home Wednesday.

Richmond.

Richmond corner is a desolate looking place since the fire. Many magnificent old trees were killed which it will take years to replace.

W. H. McIntyre had a purse containing \$50.00 stolen from him the day after the fire. A sneak thief entered his office while he was shoeing a horse and took it from the desk.

Word has been received of the safe arrival in Los Angeles of C. Clifford Campbell. He has taken the position of book-keeper in James M. McIntyre's lumber yard.

N. Parker is very ill. Mrs. Folkes is seriously ill.

Mrs. I. Kilburn who left her several years ago with her daughter and her husband Dr. and Mrs. Dryer for Vancouver, B. C., has returned to spend the summer. She speaks in glowing terms of Vancouver.

Glassville.

The cheese factory owned by John McIntosh of this place and run by William Love, started last week with a good supply of milk from the surrounding districts.

The Methodist District meeting will convene at the church at Lakeville this week.

Miss Myrtle Fowler arrived home this week after several weeks absence and is ready to take pictures of schools before the close of the term. Any teachers wishing a nice picture of their school would do well to make a date with her.

NATURE'S CURE FOR CHILDREN.

Soothing medicines, opiates and strong drugs should never be given to little children, any doctor will tell you this. Baby's Own Tablets should be used because they cannot harm the smallest, weakest infant. These tablets instantly relieve and promptly cure all stomach and bowel troubles, break up colds, prevent croup, destroy worms, and allay the irritation accompanying the cutting of teeth. Thousands of mothers say they are the best medicine in the world; one of these, Mrs. R. Sculland, Calabogie, Ont., writes:—

"I have tried many remedies for children, but Baby's Own Tablets is the best I have ever used. I have been giving them occasionally to my child since he was six months old. They have always kept him well, and he is a big healthy baby." All medicine dealers sell these tablets or you can get them post paid at 25 cents a box by writing to The Dr. Williams Medicine Co., Brockville, Ont.

Military Spirit in Canada.

A writer in the New York Sun says:—

"Here are some of the things I have observed as an American citizen temporarily staying in Montreal, Canada:

"First, I have just witnessed the 'church parade' of the military of the single city of Montreal. For twenty minutes by my watch companies of soldiers in line that reached from curb to curb, in close column, have swept by, from the magnificent and shakoed 'Royal Scots' to tiny little cadets. They were all a finely set up, businesslike looking set. I cannot even except the pocket editions.

Secondly, I am staying near the 'Champ de Mars' of Montreal. On the evening of

every week-day, without exception, I see or hear some one of these military organizations drilling. Sometimes they keep at it until half-past 9 or 10 o'clock. And it is no half-hearted drill. They do things with a snap until they are dismissed.

"Again, the organization of military bodies extends throughout the schools. This is no uncommon thing in the 'States,' but I have never seen it carried quite so far. For instance, last Saturday I had the discomfort of witnessing an 'inspection' drill of one of these cadet bodies. In marching, company, battalion, and regimental movements, they were very good; no better probably than cadet regiments in the 'States,' but they did not stop there. They had a splendid physical set-up drill, with rifles as well as without. And, shades of Moses, they did guard mount and extended order! Moreover, they knew what they were doing. There were no slips or fusses. They did it just as calmly and easily as old Leather Stocking peeled potatoes in the air with the bullets from his rifle—some of them, too, duplicates of Tom Thumb in his younger days. This was one ordinary everyday school. There are others.

"Lastly: I have never seen anything in the 'States' which equals the quiet, matter of fact, continuous military spirit which seems to pervade the people of Montreal.

"Moral: We of the United States might well have more of this spirit, and be, I think, even better citizens. And, O Fourth of July Orator, don't boast too much about the Canadians eventually coming beneath our flag. They have a flag of their own that they seem to like, and, from what I have seen, they also seem to be able to take care of it."

The German surtax seems to be powerful in its effects. For the nine months ending with March 31st, last, the importation of German raw sugar into Canada was 530,000 pounds, whereas during the same period of last year it amounted to 150,000,000 pounds. The total dutiable goods entering Canada from Germany during the same two periods was \$5,076,383 and \$7,776,205 respectively, a falling off of \$3,699,822. In sugar at any rate, what is Germany's loss is evidently the Empire's gain. The quantity brought to Canada from the West Indies and British Guiana having increased from 40,000,000 to 162,000,000 pounds.
