In your conversation you discuss the difference and accuracy between the different druggists in filling them. We admit there is a great difference. Some are very careful, others very careless. We have the careful reputation which we deserve.

For men's use, we have combs with either all coarse or all fine teeth or in combination. Some small ones in neat cases to fit the pocket. Cut

Here "more is meant than meets the eye." Clothes are not necessarily clean-cut simply because they cling snugly to your figure. They should be so tailored as to bring out your strong points reduce your weak ones—in other words, every Suit must be ADAPTED TO THE MAN for whom it is made. We know the art of Correct Tailoring, and we invite you to inspect our Fall and Winter Goods.
