There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. NOTICE.

We hereby notify the public that Mr. McCain who has been travelling through Carleton and Victoria Counties soliciting orders for grave stones, is not our agent. So many of our friends have complained to us of mistakes being made that we feel called upon to give this notice for their protection. If you want work in this line come or write to the firm of "Oldham Bros," Southampton, and we will give you the latest designs and first-class work at lower prices than any other firm. We will give you a few of the reasons why we can put out our work at so much lower figures than other firms. In the first place we are situated in the country and escape the heavy taxes imposed on a business of this kind in a city. We are not paying rent on our shops which are our own. We have been asked if we did not find it an expense to keep our truck teams. Our reply to this is we have a large farm where our teams do work enough when they are not on the road to keep themselves and a good margin over; also we are an old firm with 25 years of experience in the business and in a position to pay cash for our stock. You will see that we are at a very trifling expense to run our business and when you buy from us you are not helping to pay interest to some other man for the money to buy our stock. Thanking our friends for their patronage in the past and soliciting a continuance of the same for the future, we are,
Most respectfully yours,
