

## A Good Proposition.

William Sweet a native of Carleton County, born in the Parish of Richmond, who has been in the Western States for over 20 years, and for the past year in Cuba, is visiting his old home here.

Mr. Sweet has been a promotor of a number of successful joint stock enterprises in the West and he is now promoting an enterprise in Cuba that should appeal to his old friends here. In the last two years citizens of the United States and Canada have bought up about 40% of the land of the island. Mr. Sweet has secured an option of a lease of 66,000 acres of good land on the highest and healthiest part of the island, for a term of 20 years. The land lies about two miles from the line of the Cuban railroad, built by the Van Horne Syndicate and the syndicate is ready to build a line to the property when, ever it is desired.

Mr. Sweet proposes to form a joint stock company with a capital stock of \$250,000 to take up the lease and manage the lands. Some 50,000 acres of the land is covered with a heavy growth of mahogany, cedar, lignum vitae and other woods. It is proposed to cut off this wood gradually, shipping it in the log to the United States. As the land becomes cleared it will be planted with tobacco, oranges, bananas, cotton, garden truck, etc., all of which products pay handsome profits per acre. It is estimated that the lumber alone will pay the company a handsome profit above the price of the lease.

Mr. Sweet has a complete prospectus showing profits that have already been made in the cultivation of the soil in Cuba. The soil is the best in the world, labour is cheap and the best markets in the world are open to them.

Mr. Sweet will be at the Carlisle Hotel Saturdays, Sundays and Mondays, where he may be consulted regarding this enterprise and will take applications for stock.

## The Colts and the Tartars.

The Fredericton Gleaner of Saturday has the following:—"We had contemplated devoting a good deal of space to an account of the series of baseball games between the mis-named Woodstock Colts and Tartars, but owing to the worse than miserable showing of the "Carleton County Truck Horses" as they ought to be called the games are worth no space at all.

Frank Dickinson, who drew \$11 per week for pitching for the Tartars some years ago, pitched for the visitors on Thursday afternoon. He did well for a few minutes, but then the Tartars got after him and they hit him so hard it must have hurt his feelings. Ernest Boone, a St. Mary's find, pitched wonderfully well for the Tartars. The final score was 19-4.

On Thursday evening Dick Malloy didn't allow the "old nags" a hit, while the Tartars were just finding Long when rain stopped the game. The score was 6-0.

Yesterday morning the Woodstock "skates" had some changes in their line up. They tried all their pitchers. In the 5th inning the score was somewhere near 25-1 and they couldn't get the necessary three men retired in the Tartars turn with the bat.

The Colts got \$35 for playing the three games. As an attraction they were not worth 35 cents."

The sporting editor of the Gleaner apparently knows as little about courtesy as he does about the use of a revolver.

For the benefit of the fair-minded people throughout this section it might be well to speak of matters as they were. On Thursday last the Woodstock Colts went to Fredericton to play the Fredericton Tartars 2 games of base ball for \$40.00. When the Colts who are an amateur team went on the field they found themselves up against Howe and Finnamore, two high-class professional ball players well known to the ball cranks in this province if not Eastern Canada, who have played professional ball with the Roses of St. John, who were plenty fast enough for the New England League, and Howe made good as a third baseman on the Montreal team in the Eastern League. This is the way the Tartars played the Colts amateur base ball, by securing these two players lately returned from the Farnham team in Quebec.

It would be only fair now to explain how the Colts in return treated the Fredericton players. As mentioned above the Colts were to play 2 games for \$40.00. These games were to come off one on Thursday afternoon the 31st, the other on Friday morning the 1st. The captain of the Tartars came to our boys after the first game and begged them to play the second game that evening as it meant more money for the Tartars. Ever obliging the Colts consented to play the second game that evening, after having ridden all that morning in the train to make connections and arrive on time to play. More than that, that same evening, after the second game when our boys had gone to their hotel, the manager and Captain of the Tartars came to them and said that the Colts would have to play a third game in order that the Tartars could make up the \$40.00, (a nice way to use an outside team.) As it was the Colts had to play the third game or get no

## LIKE A MIRACLE.

THE WONDERFUL RECOVERY OF A NIPIS-SING MAN.

Stricken With Partial Paralysis He Was Unable to Use Either Right Arm or Right Leg.

Mr. John Craig, a well known farmer living near Kells, Nipissing district Ont., is another of the many paralytics, who owes his present good health and ability to go about—if not life itself—to the use of Dr. Williams' Pink Pills. Mr. Craig gives his experience as follows:—"But for the blessing of God and the use of Dr. Williams' Pink Pills I do not believe that I would be alive today. I was stricken with that terrible affliction, partial, paralysis, I had absolutely no power in my right arm or leg. I was not able to sit up—in fact if I tried to do so I would fall over. I had to be lifted like a child and my family and friends believed death was very near. The doctor told me that he could do nothing for me, and that I was liable at any moment to have a second stroke which would carry me off. I was in this deplorable condition when I was advised to use Dr. Williams' Pink Pills. I sent for three boxes and before they were all used I could move the fingers on my hand, which had hitherto been absolutely numb and powerless. You can scarcely imagine my joy at this convincing proof that the pills were helping me. From this on I kept getting stronger and the control of my paralyzed limbs gradually came back until I was again able to walk about and eventually to work. To my neighbors my cure seems like a miracle, as not one of them ever expected to see me out of bed again. I gladly give permission to publish the story of my cure with the wish that it may bring life and hope and activity to some other sufferer."

The cure of Mr. Craig gives additional evidence that Dr. Williams' Pink Pills are not an ordinary medicine, and that their power to cure in all troubles of the blood or nerves places them beyond all other medicines. You can get these pills from any medicine dealer or direct by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams Medicine Co., Brockville, Ont. See that the full name "Dr. Williams' Pink Pills for Pale People" is printed on the wrapper around every box.

money and there was only one alternative, and that was play. For the Fredericton Gleaner to allow such trash to come through their paper as did appear in the edition of Saturday and which is copied above is a matter of the greatest foolishness not to say unfairness.

The Tartars have asked for a chance to play here during the Summer Carnival. If the Colts cannot find a more gentlemanly team to play ball with they had better not play at all as they would disgrace their good name by stooping so low as to associate with them on the ball field. To sum the whole matter up it is as natural for the Tartars to play honest and gentlemanly base ball as it is for water to run up hill.—Com.

## Carleton County Sunday School Funds.

BATH, CARLETON CO., June 20th, 1904.  
Miss Addie S. Calder, Cor. Sec. Treas.,  
Carleton County S. S. Association.

I enclose you herein the sum of \$14.05 to be applied to the payment of Rev. D. Fisk's salary as a Sabbath School worker doing mission work now in this County. The same is the receipts of an Ice Cream Social held on the evening of the 15th inst., by Bath Sunday School to raise funds for that purpose. This Sunday School realizing the great need of such a worker to visit the remote sections of this County (Carleton) requests all the different Sunday Schools throughout the County to join with them and endeavor to see what they can do towards raising funds for this noble purpose, and forward all amounts to Miss Calder. In behalf of Bath Union Sunday School. Yours,

## Impressed Him.

A countryman from a village near Shaftesbury was on his first visit to London, and, though he was shown all the objects of interest, he gave each but a passing glance and not a word of comment.

When he came in sight of the Nelson monument, however, a new light shot into his eye. At last it was obvious that some-
