BABY'S OWN TABLETS.

For Weak Sickly Children During the Hot Weather Months.

Thousands of infants and children die through the hot weather months, because summer complaints and stomach troubles come suddenly, and mothers do not have the means of hand to promptly check and cure them. In homes where Baby's Own Tablets are used these little lives can be saved, and no home in the land where there are children should be without the Tablets. They promptly cure all stomach and bowel troubles and give relief to teething children, and the mother has a guarantee that they contain no opiate or harmful drug. You can crush the Tablets to a powder and give them with perfect safety to a new born babe. Mrs. S. M. Black, St. Peters, N. S., says: "I have used Baby's Own Tablets for most of the troubles from which little ones suffer, and I find them the best medicine I have ever tried." All medicine dealers sell these Tablets or you can get them by mail at 25 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.

ELLA M. WOLHAUTER, Sect.-Treasurer.
The following resolution was passed by the Convention.

WHEREAS, This convention recognizing its deep loss in the death of Mrs. Bearsto wishes to place on record its high appreciation of her beautiful christian character and consecrated life. Every kind of christian work claimed her attention regardless of denominational lines, but pre-eminently did her talents shine in the Sabbath school. There was an inspiration about her christian life that instinctively drew the young towards her, a power she used to draw them toward her Saviour. She has reached her heavenly home and our loss is her eternal gain. The memory of the just is blessed.

THEREFORE RESOLVED, That at this the first opportunity as a token of respect to the deceased and to show the sympathy of co-workers, Wilmot Parish Sunday School Convention passes these resolutions by a standing vote, that they be spread on the minutes of the meeting, a copy presented to the bereaved family and forwarded for publication in two of the Woodstock papers.

Bloomfield, July 6th, 1904.

The Tone of The Voice.

It is not so much what you say
As the manner in which you say it;
It is not so much the language you use
As the tone in which you convey it.

The words may be mild and fair,
And the tones may pierce the heart;
The words may be soft as the summer air
And the tones may pierce the heart.

Whether you know it or not,
Whether you mean or care,
Gentleness, kindness, love and hate,
Envy and anger are there.

Then would you quarrels avoid,
And in peace and love rejoice,
Keep anger not only out of your words,
But keep it out of your voice.
