A THOUGHTFUL PRIEST.

Points Out to Mothers the Way to Keep Their Children Well and Happy.

Rev. J. L. Francoeur, Casselman, Ont., is a kind hearted priest who has done much to alleviate suffering among the little ones in the homes of his parishioners. Writing under a recent date he says: "I must say that Dr. Williams' Baby's Own Tablets are deserving of the high praise they have had as a cure for the ailments of children. For the past eight months I have been introducing them in many families, and always, the mothers tell me, with perfect results. Their action is always effective, without any sickly reaction, and they are especially valuable in allaying pains in the head, fever in teething, nervousness, sleeplessness, spasms, cramps in the stomach and bowels, colic and other troubles. Their regulating action gives almost instant relief, and gives speedy cure. This is the comforting experience that has come to my knowledge out of their judicious use. I am glad to give you my sincere testimony, and I will recommend the Tablets to all mothers and nurses of sick children as I have done heretofore."

These Tablets are sold by all medicine dealers, or mothers can obtain them by mail at 25 cents a box by writing to The Dr. Williams' Medicine Co., Brockville, Ont.

Conservative Convention and Public Meeting.

The Conservatives of Carleton County, about 400 strong, met in convention at the opera house, Woodstock, on Monday afternoon, to choose a candidate for the House of Commons in the election that is now on.

Mr. J. N. W. Winslow was elected permanent chairman, and Mr. George E. Balmmain secretary.

It was decided to make the nomination in open convention.

On motion of J. K. Femming, M. P. P., seconded by J. T. Allen Dibblee ex-M. P. P., it was decided to offer the nomination to the present member, Fred H. Hale, M. P. The resolution was carried unanimously, with three cheers and a tiger. Mr. Hale accepted in a short and pointed speech.

J. D. Hazen, M. P. P., gave an outline of the prospects of the Conservative party in the different provinces after which the convention set to work to appoint parish committees.

A public meeting was held in the evening in the opera house which was well filled with an appreciative and enthusiastic audience. Mr. H. T. Scholey, of Centreville, was chairman. The speakers were:—Mr. F. H. Hale, B. F. Smith, J. K. Flemming and J. Douglass Hazen. The last named gentleman was the principal speaker of the evening. He dealt chiefly with the policy of the present government in relation to the Grand Trunk Pacific.

Coming to the Opera House.

Speaking of "A Cracker Honymoon" the attraction at the Academy of Music, Friday Oct. 7th the Halifax Chronicle had this to say:—

A Cracker Honymoon, which was presented at the Academy of Music last evening, is a remarkably funny farce comedy which caused almost continuous laughter, and with the specialties introduced forms a most pleasing entertainment. The Company is evenly balanced, and they present the play with a swing and a dash, which greatly contributes to its success. Philip Yale Drew, who plays the leading role, is decidedly as clever as Jack Cracker, investing his part with much life, and proved himself a clever actor. Charlotte Huntington also gives a fine performance as Mr. Cracker, and Katherine Stanton is not only attractive as Estelle Clayton but gives an artistic portrayal of the role.

Harry Brooks, who has an excellent voice, sang a number of excellent songs and was so often recalled that at last he sang Blue Bell. Frederick Smith sang Teasing and a number of other attractive songs, and Murray Simmonds who played the negro servant met favor with his songs.

Miss Lillian May Colman also scored heavily in the character of a German cook.

Friday October 14th. Tickets 25, 35, 50. Seats now on sale.

Centreville Exhibition

The Centreville exhibition last Wednesday was a big success. Over 2500 people were present, the largest number in the history of the exhibition. The day was lovely and the occasion was taken advantage of by many politicians to get their work in with the independent electors.

The new building of the society is about 40x60ft, 2 stories high with a good stone wall under it. This contained the exhibits of roots, vegetables, grain fancy work, iron work and harness work, almost everything, in fact, but live stock.

The Pope and His Watch.

The story of the watch which Pope Pius carries is well worth telling. One of the cardinals was at the Vatican recently, and while talking with the Pope, Pius took his watch from his pocket to see what time it was. The cardinal noticed that the timepiece was a cheap nickel affair with an old shoestring attached to it in place of a chain. The cardinal drew his own costly chronometer from his pocket and asked the Pope to take it as a gift, and give him the nickel one. Then the Pope's face lit up with one of those smiles which, if one has been fortunate enough to see, can never be forgotten and said that the old watch was quite good enough for him. He added that it was given to him when a lad by his mother, who saved her hard earned coppers until she could buy it but there was no money left for a chain. One of his sisters gave him the shoestring for that, and he was so pleased with his gift that he promised his mother he would carry it as long as it kept time. The Pope has never had another watch, and says that he never will.

THE PERRIN RIDING PLOW.

This is the only satisfactory Sulky Plow that has ever been introduced on the St. John River.

It does better work and hauls quite as easy as any handle plow. Works equally well on rough or stony land.

The proof that it is a satisfactory plow lies in the fact that we sold upwards of a hundred of them last season and the demand is steadily increasing.

We will nearly double these figures next year.

We supply them in both single and double.

Sold only by us and our agents. Beware of Imitations.
