A YOUNG fellow named Goodine, from Bath, was brought to Woodstock a short time ago with a piece of nutshell lodged in his larynx. He had been taken to Presque Isle and Fort Fairfield, but nothing could be done for him at these places, and as a last resort he was brought to Woodstock where Dr. Rankin succeeded in removing the obstruction at the Carleton County Hospital. The young man was discharged on Saturday last and proceeded to his home as well as ever.

Fretful Children.

If children are cross, or fretful, or sleepless, in ninety-nine times out of a hundred the reason can be traced to some little trouble of the stomach or bowels. Remove the cause and the little one will be bright, good-natured, and will sleep soundly and naturally. There is just one always absolutely safe medicine for little ones—Baby's Own Tablets. In homes where this medicine is used there are no sickly, cross, crying children. The Tablets will cure all the minor ills of little ones, and will do it safely and speedily—there is no doubt about this. Give the Tablets a single trial and you will be as enthusiastic about them as other mothers are. As for instance, Mrs. David Duffield, Ponsonby, Ont., says: "Baby's Own Tablets saved my baby's life. They are a wonderful medicine for children and I gladly recommend them to other mothers."

Your children will take this medicine as readily as candy, and it is guaranteed free from harmful drugs. Sold by all druggists or mailed at 25 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.
