KEEP LITTLE ONES WELL.

There ought not to be any sickly, fretful, sleepless children—there would not be any if mothers gave their little ones an occasional dose of Baby's Own Tablets. The little ones are sickly and fretful and sleepless usually because of some stomach, bowel or teething trouble. These and the other minor ills of little ones are speedily relieved and promptly cured by Baby's Own Tablets, and the little one thrives and grows plump, sleeps well at night and lets the mother get her much needed rest as well. Mrs. R. M. LaRue, Mountain, Ont., says:—"I can recommend Baby's Own Tablets to all mothers who have cross or delicate children. I do not know how I could get along without them. Mother, isn't it worth your while to give this medicine just one trial? If your medicine dealer does not keep the Tablets send 25 cents to the Dr. Williams' Medicine Co., Brockville, Ont., and the Tablets will be sent by mail post paid."

Miss Harrison, of Toronto, was well received in violin and vocal selections and was also deservedly encored."
