## The Bloom of Health.

Little children always need careful attention—but they do not need strong drugs. When any ailment comes they should not be drugged into insensibility with the so-called "soothing" medicines, nor should they be given strong nauseous, griping purgatives. The very best medicine in the world for such trouble as colic, sour stomach, indigestion, constipation, diarrhoea, worms, colds, simple fevers and teething troubles is Baby's Own Tablets. If your little ones suffer from any of these troubles give them the Tablets and see how quickly they will bring back the bloom of health. Give the little ones an occasional dose of the Tablets and you will keep them well. Mrs. Robt. Hanna, Elgin, Ont., has proved the truth of these statements and says:—"I find Baby's Own Tablets the best remedy for indigestion and teething troubles." The Tablets cost 25 cents a box, and may be had from druggists or by mail from Dr. Williams Medicine Co., Brockville, Ont.

## Shall the Tariff be Revised.

The Toronto News has sent out inquiries over Canada inquiring as to the feeling with regard to any changes in the present tariff. In their issue of Saturday, January 30th two interviews from Woodstock men are published.

F. B. Carvell, just nominated as the Liberal candidate for this county (Carleton) at the next elections, said: "Possibly in a few instances greater protection should be granted. I am of the opinion that the tariff should be revised by increasing the British preference to 50 per cent. No general increase can be necessary when nearly every factory in Canada is running overtime, and every laborer who is willing to work has employment at good wages."

H. P. Baird, president of the Board of Trade, a liberal, says: "Replying to your question, if I think the tariff should be revised, I would think a general advance not advisable. I think the general principles of the present tariff well adapted to the present conditions of supply and demand. An extreme protective tariff, I would say, is not the best for Canada with its present population."

## The New Council at Work.

(Continued from 1st page.)

His Worship said that Mr. Kelly was appointed under the license act and could only be removed for cause or on a two thirds vote of the council.

A committee of ladies from the W. C. T. U. arrived in the council room about this time, and Coun. Stevens moved that they be heard.

Mrs. Jordan said: We are here tonight in the interest of the Scott Act. We feel that the law has not been properly enforced during the past year, and would suggest the appointment of a special officer to do the work of inspector. We would like to see Mr. Colpitts appointed, but would not object to any other good man, provided the law was properly enforced. We especially deplore the fact that liquor is being sold to the boys of our town.

His Worship said the council was pleased to hear the ladies, and intimated that if they had been here and heard the opening remarks of the councillors, they would have been satisfied that the law of the town would be strictly enforced during the coming year. As far as he was concerned he would do his utmost to protect the boys and stamp out the traffic in this respect and thought the council would back him up.

Rev. Geo. A. Ross spokesman for a committee of ministers, made a few remarks in regard to the enforcement of the Scott Act.

Coun. Jones' motion that Mr. Kelly be removed as Scott Act Inspector was carried after a lengthy debate. Yeas—Fisher, Burt, Jones and Stevens. Nays—Dibblee and Gallagher.

Coun. Jones seconded by Coun. Stevens, moved that B. M. Colpitts be appointed inspector.

Coun. Fisher seconded by Coun. Burt, moved in amendment that the matter be held over till next meeting.

His Worship thought that the council should take the bull by the horns now and settle the matter tonight.

The amendment was put and lost. The original motion for the appointment of Mr. Colpitts was lost by the following vote:—Yeas—Jones and Stevens. Nays—Dibblee, Burt, Fisher and Gallagher.

Coun. Dibblee seconded by Coun. Jones, moved that Mr. J. C. Hartley be appointed town clerk for the coming year with the same salary as last year. Carried.

Coun. Gallagher seconded by Coun. Burt, moved that H. W. Bourne be appointed town treasurer at the same salary as last year. Carried.

Coun. Dibblee seconded by Coun. Burt, moved that Thos. McCarron be appointed night watch, and that the salary be \$1.50 per night. Carried.

Coun. Dibblee moved, seconded by Coun. Gallagher, that Mr. Munro be appointed superintendent of water works and care taker of the fire engine at the same salary as last year.

Coun. Jones thought Mr. Munro was getting too large a salary for the work he did. He received \$50.00 per year for looking after the fire engine, which was never taken out, and for his other services he thought \$200.00 or \$250.00 was quite sufficient.

Coun. Dibblee said that Mr. Munro had served the town long and faithfully and had given general satisfaction. He had more work to do now than ever before, in regard to the fire engine. If anything occurred that its services were required the ratepayers know that it is always ready for use and in good working order.

Mr. Dibblee's motion was carried.

Coun. Stevens seconded by Coun. Fisher, moved that Charles Comben be appointed principal assessor. Carried.

Coun. Dibblee seconded by Coun. Burt, moved that John Donnelly be a member of the board of assessors. Carried.

Coun. Fishers seconded by Coun. Gallagher, moved that A. G. Fields be assessor. Carried.
