Playful Children.

What treasure on earth is more to be prized than a bright, active, healthy playful child? Ask any mother who has used the Tablets and she will tell you that this is absolutely true—she will tell you the Tablets always do good, and never do harm. You can give them to a child just born with perfect safety and they are equally as good for well grown children. Mrs. Mary J. Moore, Hopworth, Que. says:—"My baby has never been sick since I began giving her Baby's Own Tablets. They are a real blessing to both mother and child, and I would not be without them." Don't let your child suffer, and don't dose it with strong drugs or medicine containing opiates. Give Baby's Own Tablets which you can get from any druggist or by mail at 25 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.
