We sell the Best Rubber Bags we can obtain,

Guaranteeing Satisfaction or your money refunded.

Remember—A Written Guarantee for One Year, with every one.

Just a Few Words About Your PRESCRIPTION BUSINESS.

We wish to impress you with the fact that the Compounding of Prescriptions is the most important part of our work as Druggists. We were trained specially for this kind of professional work. We dispense NONE BUT THE BEST DRUGS, and keep such a stock that we can fill practically any prescription without delay. Our prices are always reasonable considering quality of materials and character of work done. Remember that the medicine your doctor prescribes for you is the best medicine to take, if it is prepared as he specifies on his prescription. Bring his prescription to us, and there will be no question about accurate preparation.

EDGAR W. MAIR, The Prescription Druggist,
Cor. Main and King Sts. WOODSTOCK, N. B.

Women's Missionary Society.

At the regular monthly meeting of the Women's Missionary Society of the Methodist church on Friday afternoon, February 5th, a memorial service was held in memory of the late Mrs. James Smith. The following programme was carried out:—

Opening Hymn No. 197.
Responsive Bible Reading.
Ladies' Quartette, "One by One."
Report of Memorial Fund offering amounting to \$12.30 was read by Mrs. Carvell also account of Dr. Killam's Hospital work in Chentu, China, for which fund is to be forwarded.
Reading "Recompence", by Miss Ella Smith.
Ladies' Quartette, "Hark there comes a whisper."

The following paper was read by Mrs. Ross, written by Mrs. R. B. Jones, in memory of Mrs. Smith.

DEAR SISTERS.—We as an Auxiliary have been called upon to deeply mourn a loss which is irreparable, the sudden removal of one so dear, so faithful, so true.

Our dear departed sister Mrs. James T. Smith in the year 1886 was the original promoter of the branch of the W. M. Society preparatory to organization in Woodstock and for nine consecutive years filled so acceptably so worthily the position of President. Even though of such a retiring and humble nature, yet so zealous, so eager to follow in her Saviour's footsteps, and for the extension of His Kingdom, that all of self sank out of sight and was hidden behind the cross of Christ. Her delight was in doing good to all people, feeding the hungry, clothing the naked, irrespective of creed, or nationality and bearing the messages of her Father to the hungry in spirit.

Truly she bore the "marks" of the Lord Jesus and we believe in the missionary work it can be said of her "She hath done what she could." Our deceased sister cared not for the applause or favor of the world, but with an eye single to the glory of God she labored on with the one end in view to please her Saviour and to hear "His well done." "Come up higher" at the close of her life. During the last hours of her short illness she kept repeating the words "I know whom I have believed" I know, I know, and I am safe under His wing. Blessed testimony of a devoted consecrated life, who when coming to the river's edge never faltered "fearing no evil" for the Father in whose precious promises she firmly trusted with her and underneath were the everlasting arms. "He leadeth me" was ever her motto and faithful to her Saviour in all manner of conversation. Her life so unselfish, so pure, so holy, may it ever dear sisters of this society be a voice speaking to each one of us to follow on always in the work of the Lord.

Our ranks are broken and for the time being carrying on the work without her looks dark, but our Father has never left himself without witnesses and is abundantly able to raise up and provide laborers for his kingdom, and it remains for us who are left to look up in childlike confidence and trust to Him who hath said "Lo I am with you always." Let us pray for more of the spirit of

the Master, assuring ourselves that the same grace and measure of His spirit that so bountifully filled and inspired the life of our dear departed one may be richly manifested in the lives and experience of each member of our auxiliary. And as she at the close of life has gone on to receive her crown may we so triumph when all our warfare is past and "dying find our latest foe under our feet at last."

Woodstock is in a Circuit.

H. E. Gallagher was in St. John last week attending a gathering of horsemen from the Maritime Provinces and Eastern Maine. They formed what is known as the Provincial and Eastern Maine Circuit, for the conduct of a series of races on twelve tracks in the Provinces and Eastern Maine.

The dates were not definitely fixed, but the racing will begin at Presque Isle on July 4th and 5th. Woodstock will have them during the week of July 15th. St. Stephen will have the honor on the 21st and 22nd of that month, and Calais will follow suit on the 28th and 29th. The first week in August will be given to Colonel Morrell's track at Pittsfield, Me., and the Eastern Breeders' Association will take the following week at Waterville, Me., beginning on August 9th. Then there will be two weeks remaining which New Glasgow and Moncton can use. Fredericton dates are Aug. 30 and 31. The St. John races will be held during the exhibition which opens on Sept. 14th and continues till the 21st.

The following classes were arranged:—
No. 1—2.28 pace and 2.25 trot, purse \$300.

No. 2—2.25 pace and 2.22 trot, purse \$300.

No. 3—2.20 pace and trot, purse \$300.

No. 4—Free-for-all, pace and trot, purse \$500.

Then there will be reserved by each track \$600 for special races.

This is the first time the Woodstock track has been in a circuit, and the advantages arising from this new organization will be very great. It will insure a larger field of better horses than we have had heretofore, and the purse of \$2000, will be the largest yet offered here.

The races in Woodstock will probably be held on Wednesday and Thursday, July 13th and 14th.

It might be worth while for the Carnival committee to get together and have the annual carnival held during the same week. It is sufficiently earlier than the date of the Carleton County Exhibition, not to conflict with that event, and this must be considered.

The Carnival committee can't begin to get its work in too early. We have always put off our preparations till the last minute, and we must not do so this year.

DISTRESS AFTER EATING.

Can Only be Cured by Removing the Cause of the Trouble.

There is only one way to cure indigestion; the medicine must act upon the digestive organs—not upon their contents. Medicine should not do the stomach's work, but should make the stomach do the work nature intended it should do. Dr. Williams' Pink Pills do this as no other medicine can. They tone up the stomach, restore the weakened digestive organs and promote natural digestion. There is no doubt about this—it has been proved in thousands of cases that Dr. Williams' Pink Pills cure indigestion when all other medicines fail. Mr. Elcear Robidoux, St. Jerome, Que., offers his testimony to substantiate this. He says:—"For some years I was a great sufferer from indigestion. My appetite became irregular, and everything I ate felt like a weight on my stomach. I suffered much from pains in the stomach and was frequently seized with dizziness and severe headaches. Nothing I tried did me a particle of good until I began the use of Dr. Williams' Pink Pills, and these, after taking them for about two months, completely cured me. It is nearly two years since I discontinued the use of the pills, and I have not since had the slightest return of the trouble."

Dr. Williams' Pink Pills cure not only indigestion, but every trouble due to poor blood and shattered nerves. They will not fail if the treatment is given a fair trial. Don't take any pink colored substitute—don't take anything but Dr. Williams' Pink Pills for Pale People. You will find the full name printed on the wrapper around every box. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams Medicine Co., Brockville, Ont.

Should the Tariff be Revised.

The Toronto News publishes the following interviews with Woodstock men on the question, "Should the tariff be revised?"

Mr. Wendell P. Jones, M. P. P., a liberal, says: "I think that in view of the fact that Canada is now enjoying the greatest degree of prosperity in its history, which is apparently on the increase, it would be very inadvisable at the present time to disturb the business of the country by tariff revision. Some slight changes ought to be made, so as to correct admitted inconsistencies in the tariff if they exist, but in my opinion this should not be done this year."

Mr. J. T. Allen Dibblee, ex-M. P. P., a former Mayor of the town, and a Town Councillor at present, in politics a conservative, says: "I think the tariff should be revised, and the manufacturers have all the protection that can be given them. I think we need higher protection than we have now. Certainly, the present tariff does not in some lines, at all events, give adequate protection."

Higher protection would mean more manufacturing concerns in the country, and the whole people would benefit thereby."

Mayor John A. Lindsay, "I am of the opinion that the tariff should be even with the Americans. The farmer, laborer and manufacturer should have more protection, which would give employment to our people, and the labor would therefore be kept at home, and not go to build up the factories of the United States."

Ex-Mayor W. B. Belyea says: I believe the tariff should be revised and increased all along the line, and protect our industries with a preferential clause in favor of the Mother Country. I believe the principle of protection as formulated by the conservative Government, has built up Canada and made her a great country."

Provincial Liberal Convention.

A large number of liberals will leave this evening to attend the convention of New Brunswick Liberals to be held in St. John tomorrow. Executive sessions will be held in Berryman's Hall tomorrow morning and afternoon and a public meeting will be held in the St. John opera house in the evening.

The Hon. R. R. Emmerson, Minister of Railways and Canals, and other prominent men will be present and will address the public meeting.

The C. P. R'y. will issue tickets at one fare from the 10th to the 12th instant for the benefit of those desiring to attend the meetings.

There is indeed one element in human nature that blindness itself cannot controvert. Whatever else we are intended to do we are not intended to succeed. Failure is the fate allotted. Our business is to fail in good spirits.—R. L. Stevenson.
