Jacksonville.

The potato planter, which has been purchased by several farmers, is doing excellent work and in a few more years we can easily see the majority of our farmers standing side by side with their Woodstock workers, not only in the quantity and quality of produce but in market prices.

The union service in the Methodist church on Sunday last was largely attended. Brief but interesting addresses were delivered by Rev. J. C. Berrie and Rev. J. A. Cahill, reminding the people of what a deep interest they should take in Sunday observances, not only in our near villages and towns but in the larger cities where unnecessary work is planned during the six days to be commenced or completed on Sunday.

On Friday last, Arbor Day, the pupils of the day school, under the care of their teachers, Principal Cronkite and Miss Kinney, were given a rural outing to the summit of Moody Hill. After refreshing themselves with carefully prepared lunches on a pleasant noon hour chat, the party visited the iron-ore pits all that remain as a remembrance of the busy scenes they once presented. A rising of ground just back of them afforded an excellent view of the St. John River and the beautiful scenery, not only in the valley where is situated the thriving village of Jacksonville, but the green hills just back of Woodstock, everything reminding us that nature has begun her work in earnest. May flowers were plentiful and gathered by the pupils not only for instruction in botany

lessons but for the sick some of whom are deprived of even the scenery surrounding their own homes. All unite in saying it was a day well spent and enjoyed by all.

Mrs. Carr, our postmistress is taking a weeks vacation visiting relatives in Houlton and suburbs.

Mr. T. Kinney, who is still unable to do heavy farm work, has employed Mr. George Hall to superintend the farm for the summer.

Upwards of one hundred pounds of maple candy was served to those who attended the party in Tilley's Hall. As the committee did not count on so large an attendance many were unable to gain admittance owing to the scarcity of candy.

Mr. and Mrs. James Watson have returned from their driving trip to Bairdsville.

The young folk have been enjoying themselves by hanging May baskets. We trust they do not disturb the peaceful slumber of the older ones if so, we humbly ask forgiveness but remember you were young once and many no doubt wished for a return of their childhood days and enjoyments. Let us not be too hard on the young folk for in a few short years they may be leaving us, leaving our family cities broken and our village in quietness.

Union Corner.

Inez Green, daughter of Mr. and Mrs. Milton Green was taken to Woodstock hospital, April 21st, and was operated on Monday, April 24th. Centreville.

Scarcely more than a week ago many hearts were saddened by the painful intelligence that a neighbour and friend had so suddenly gone to join the great silent majority. Again the news has reached us that the gloom of death has settled upon another home. This time however it was not the young in the prime and vigor of life, but an aged citizen of Williamstown, Mr. James Page, one upon whom the burdens of life had weighed heavily for the past few years. He had stood beside the death-bed of three of his loved ones. Mr. Page's health had been declining for some time but until within a short time not even his own family had anticipated his early demise. Mr. Page was a consistent member of the Methodist church in Centreville where he will be much missed. He was buried in the family plot in the cemetery adjoining the church. He leaves a wife, two sons and two daughters to mourn the loss of a kind husband and an indulgent father. The deceased is also survived by one sister and three brothers.

Mrs. John Barter, of Avondale, has been visiting her parents, Mr. and Mrs. H. T. Scholey, for the past few days.

The assessors posted notices in March calling upon the ratepayers to hand in statements of their property, but up to this time, nearly two months, no statements have been handed in. The inference is that every one in the Parish of Wilmot is taxed about right.

J. C. Hartley was in the village last week attending a J. P.'s court wherein Cyrus Simmons, of Bloomfield, was plaintiff and Isaac Graham of the same place was defendant. The relative positions of the parties to the suit were about as follows:—An agreement was made between them last fall to buy some cattle for profits. The plaintiff to put his experience and time against the money and time of the defendant and share alike in profits, but as the defendant sold all the cattle (14 in all) and got all the proceeds this suit was brought for the recovery of one-half the profits. The jury gave as their verdict no cause of action. The suit of Adam Hunter vs. Thomas Stewart was settled out of court. In this case the plaintiff claimed \$37.75. The set off was upwards of \$60.00 and the case was settled by defendant paying six dollars and costs.

The many friends of Dr. Peppers will be glad to hear that he has decided to remain in the village.

The Centreville Base Ball Club celebrated Arbor day by a contract with the Mar's Hill club on their own grounds with a successful record for the Centreville club.

The silver wedding of Mr. and Mrs. S. W. Burt was a very successful affair. There was a large number present and the gifts were numerous and expensive.

Mr. Burt lost one of his fine team horses a few days ago. The loss is somewhat serious for Mr. Burt not only on account of the money value but the difficulty in obtaining another to match.

Miss Maggie McLeod and Mrs. David Alexander, of Jacksonstown, were visiting relatives and friends in the village on Saturday.
