THE WOODSTOCK DISPATCH.

CHARLES APPELEY, Editor and Proprietor.

WOODSTOCK, N. B., APRIL 26, 1905.

EDUCATING THE FARMERS.

Special Trains Carrying Agricultural Teachers to Western Farmers.

Farmers of Nebraska are paying great attention to the "agriculture special" trains which the Nebraska railroads are sending through the State for the purpose of educating the land owners in the way of getting the highest and best returns for their work. Corn specials, alfalfa specials, soil culture specials, and, in fact, specials on everything almost, of direct interest to the farmers, are being run over Nebraska by the Union Pacific, Burlington and Northwestern Railroad. Recently the Union Pacific's "corn educational special" was sent over the entire line of that road in the State. Accompanying were six agriculturist experts from the Nebraska University, who gave lectures to assemblies of farmers at the different stops. The eagerness of the farmers to hear the lectures was evidenced at Elba, at which no stop had been scheduled, but at which nearly five hundred farmers had gathered in hopes that the special could be induced to give them a few minutes' talk. The men in charge of the train was signalled to proceed as soon as the despatcher's order was received. One energetic farmer thereupon jumped onto the rear platform of the train, and, pulling the signal cord, stopped the train. The air brakes were thrown on, and the farmers refused to permit the train to leave the station until a lecture was made. Permission was asked and received from the despatcher to sidetrack the special, and two of the university professors lectured for half an hour. Afterward the train went on its way.—New York Tribune.

The "Holy Rollers."

A community which is expected to rival and finally surpass that of Dowie is established at Benton Harbor, Mich., says the Philadelphia Public Ledger. The name it has adopted is the Community of Modern Israelites, but it is popularly called the Holy Rollers. The order throughout the country is said to number 144,000, and all are expected to be gathered at Benton Harbor in August of 1916, when the world will end. The head of the order are Benjamin and Mary, formerly Kentuckians, who recently returned from Australia with eighty converts. All are vegetarians, and they ascribe to this fact that not one is baldheaded and all are robust. The community is prosperous working 300 acres of fertile land. Everything is held in common, including children, who come in with their parents. Marriage is not allowed, and husband and wife separate on joining.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Take Hall's Family Pills for constipation.

Henry M. Flagler, at a dinner party at Palm Beach, said, apropos of Lent: "A clergyman told me one day in Lent how, the Sunday before, he had preached from the text, 'All flesh is grass.' The next day he met a parishioner of his, a lowly laboring man to whom fasting was anything but congenial. This man said to the clergyman with a smile: 'I much enjoyed, sir, yesterday, yer sermon about all flesh bein' grass, and I wish to know whether, in this Lenten season, I couldn't be after havin' a small piece of pork by way of a salad?'"

FACTS WORTH KNOWING.

The Railway Passengers Assurance Company of London, England,
Was established 1849.
Is the oldest Accident Insurance Company in the world.
Has paid out in Claims the enormous sum of over \$23,000,000.

A SPRING TONIC.

DR. WILLIAMS' PINK PILLS MAKES STRENGTH FOR SUMMER.

Every man and woman in Canada needs a tonic medicine at this season of the year. They must have new, rich blood to build them up to bear the trying heat of summer. Dr. Williams' Pink Pills are the greatest spring tonic in the whole world. Every dose makes new, rich blood—new vigorous life. They transform weak, weary anemic girls into healthy, graceful, well-developed women. They make debilitated men strong, lusty and energetic. They give worn, despondent women new health and comfort. Do this every time—they cannot fail. After a course of Dr. Williams' Pink Pills, every man and woman can withstand the summer's heat free from backache and headaches, weakness and despondency. Mrs. M. A. White, Seal Cove, Que., says: "I cannot praise Dr. Williams' Pink Pills too highly. They have not only made a new person of myself, but have been of inestimable value in my family. I always keep the pills in my home and the result is I have no doctor's bills; nor have I any delicate boys or girls, as the pills keep them strong and healthy. I constantly recommend the pills to my friends and I always hear good words from those who use them."

Dr. Williams' Pink Pills do not act upon the bowels; they do not bother with the mere symptoms of disease; they simply make new rich, red blood, and thus cure all the common ailments of life. But you must get the genuine with the full name Dr. Williams' Pink Pills for Pale People, on the wrapper around each box. Sold by all dealers everywhere or by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Needs Two Editors.

From The Galveston News.

Visitor (in newspaper office): "I suppose you have two editors for the 'questions and answers' department."

Editor: "No; only one. Why did you suppose two were necessary?"

"I thought you'd have to have a woman to ask the questions and a man to answer them."
