The Modern Mother.

Children shudder at castor oil, and with good reason. Castor oil is a relic of old-time barbarism. Not only is it repulsive to the taste, but it gripes and tortures delicate children. Modern mothers use Baby's Own Tablets, a gentle laxative which does not gripe; a comforting medicine which may be given to a new born babe without fear of harm. These Tablets cure all the minor ills of little ones, and promote natural sleep and repose. Mrs. R. H. James, Fenaghvale, Ont., says:—"I find great satisfaction in the use of Baby's Own Tablets, and do not know how I could get along without them. They make children well and keep them well." And you have a guarantee that there is not one particle of opiate or harmful drug in this medicine. Sold by medicine dealers or by mail at 25 cents a box by writing the Dr. Williams Medicine Co., Brockville, Ont.
