

WOODSTOCK, N. B., JAN. 25, 1905.

What the Saleswoman Said:

"Yes, we like to sell Stanfield's Truro-Knit Ladies' Underwear, as we know our customers will be delighted with it. We feel so safe with Stanfield's, too. We guarantee it not to shrink. If it does, we return the money, and the makers reimburse us."

Stanfield's Truro-Knit Underwear

is made of the finest non-irritating yarns. All the wool is of uniform length. So carefully is this underwear made that even every thread is tested before being woven. That is why Stanfield's "Truro-Knit" is so soft, light, warm and durable.

We have Stanfield's "Truro-Knit" in such a range of sizes that we can perfectly fit every figure. And it wears so well that while a little more expensive to start with, it is really the cheapest in the end."

**COUNTY COUNCIL.**

Continued from page three

Wm. Elliott, \$7.00.

Committee rose and reported that all bills were found correct excepting those which are explained in the foregoing.

Scott Act Inspector Colpitts submitted his report as follows:—I have placed the accounts of the Inspector for 1904 in the hands of the county auditor. This was a successful year in the operation of the Act. During the year several persons who have carried on the liquor business, have gone out of the business, others who have been in the habit of peddling have discontinued. There were 73 cases during the year, 58 convictions made, and 15 cases dismissed. The financial result is that with all bills paid there is a surplus of \$308.68. On motion the following were appointed a committee to take up the Inspector's report and report on it to council to-morrow morning:—Couns Bailey, Carvell, Phillips (Peel).

A bill of Dr. Brown for \$120, for attending Millie Gee and performing an operation was read with affidavit annexed. The affidavit set forth that the doctor received a telephone message on the 18th of March from some person requesting him to come and see Millie Gee that she had received a bullet wound. In accordance with that he came to her home, or where she was, found Drs. Cummins and Ross and after examination of the patient and a consultation with them, it was decided by the three doctors that an operation was necessary. Amos F. Giberson one of the overseers of the poor for the parish was spoken to by Dr. Cummins and asked if the overseers of the poor would be responsible. He said he was willing if Lawrence Gallagher the other overseer was, in the presence of the said Giberson, the doctor telephoned said Lawrence Gallagher and explained the case to him, and asked him if the overseers would be responsible for the payment of this operation, the doctor told him that Giberson was willing if he Gallagher was, said Lawrence Gallagher said "go ahead." In accordance with that understanding arrived at with the two overseers of the poor, Drs. Ross Cummins and himself performed the operation on the said Millie Gee. His charge was sworn to as usual customary and fair. He enclosed the account to the overseers by mail. Not receiving payment by September he called on said Giberson and asked for payment, he answered he wished to consult Lawrence Gallagher. A short time later at said Giberson's house the three doctors made the two overseers met, when said Lawrence Gallagher informed him that he was advised that the account for the operation and attendance should be submitted to the municipal council for adjustment. His said account had not been paid nor any part of it.

Coun Fewer moved that the matter be taken up after dinner to-morrow.

Seconded and carried.

Dr. Brown was heard. He said at the time I went there the people were very poor and evidently not in a position to pay any bills. We went to see Amos Giberson one of the overseers and he was willing if Lawrence Gallagher was? Dr. Cummins called him over the telephone. Mr. Gallagher was told that Mr. Giberson was willing and he replied alright for us to go ahead. Lawrence Gallagher said this will cost two or three hundred dollars. Having sent my bill and received no reply took the course outlined in my affidavit. Mr. Gallagher said he was advised that the matter should come before the council. The overseers were notified by me by registered letter that I would appear before the council with the bill, but I had no reply from them.

Mr. Hartley said according to law Dr. Brown has a right to bring this bill before the council, who take it under consideration and decide what is to be done.

Coun Gallagher (to Dr. Brown) who notified you by telephone.

Dr. Brown—I cannot tell you, I was called by telephone, I don't know, I think it was one of the Gees.

Did you refuse to perform the operation unless your pay was guaranteed?

Dr. Brown—I deny that I refused to do so

until the pay was guaranteed. We fully explained everything before hand, and the overseers agreed to it before hand.

Coun Raymond—I would move that the warden appoint a committee to include the councillors from the parish of Kent to wait on Dr. Brown consult with him and report back when the bill comes up again.

Motion put and tried and the following committee appointed: Couns Bradley, Giberson (Wicklow) Raymond.

Coun adjourned till tomorrow morning.

Wednesday Jan 11th.

Council met at 10 o'clock.

The warden invited the councillors and officials to dinner at the Trecartin House to-day.

On motion of Coun. Bull the kind invitation of the Warden was accepted.

Mr Henderson was heard with reference to his bill. He said I was away from home at the time the Gee casket was got. My man fitted up one in accordance with the instructions of the coroner. The man simply did as the coroner said. There was a mistake in the charge, it should have been \$30 for the casket and \$10 for attendance. We got \$5 for the ordinary case of laying out a dead person, if I had been present myself I would have charged from \$10 to \$15 for attendance, for it was a very unpleasant job as you may imagine. \$30 was the exact price of the casket. As far as taxation on this bill of mine, I probably pay as much towards it as any member at this council. If I had been home I would probably have put in a cheaper casket. As a matter of fact my bill for attendance is \$5 and I actually paid out \$7.50.

Coun Brown—How did it come that Gee had a \$35 casket and the poor man who died in the hospital only a \$12 one. We want to prevent a repetition of these things.

Coun Fewer—Mr Henderson had nothing to do with it. He was away.

Mr Henderson—It was done by order of the Coroner. In the hospital case I was applied to for a job; I used my own discretion and put in on the line of a pauper's coffin.

Bill ordered paid.

Coun Connolly—I would like to make a motion that for the future nothing like this should occur. A casket for such a case should not cost over \$12 or \$15. I do not believe the man who would deliberately take a rifle or pistol and take the life of his fellow man, has any more right to be buried in pomp and splendour than the man who is unfortunate enough to become an invalid and dies in the hospital. I believe it is a shame and disgrace on this county the way that Gee matter has been handled.

Coun Bell (Richmond) agreed with the sentiments.

Coun Raymond—I would like to see included in these directions all the matter of clothing, etc., as well as the coffin.

Coun Connolly—I would move that the same rule would apply to the fittings as well as the casket.

James W Woolverton was heard in support of his bill (laid over) amounting to \$74.95.

Coun Williams—Arresting this man without a warrant. How did you come to do it.

Mr Woolverton—Upon the advice of the police magistrate. I went in search of him. I saw a man there before that corresponded with the description of the man who had committed the theft. I went to the place but could not get him. I could not give the man's name because we did not know. Often we have to arrest a man without knowing the name.

In the Cammack matter there is a charge of \$2 a day. Has that been the usual charge? Mr Woolverton—That does not include mileage. I was three days and a night, (\$8).

Coun Jameson—Where did you arrest Shannon?

Mr Woolverton—He lives back of Bath, Moose mountain.

Coun Williams—Have you not put in any bill for mileage in connection with this bill?

A.—Not in that \$8. I put in a bill for \$5.50 for going up and arresting him. That includes mileage.

Coun Gallagher—It looks to me as if there was just three days attendance.

Coun Tompkins—It looks as if you charged for taking care of the old man at the same time you were bringing Walter down to jail.

Coun Fewer—I understand he charges his nights as days.

Coun McDonald moved, seconded by Coun Brown that the bill be paid.

Coun Williams—The objection I made to the bill. I know it has been customary to pay the constable \$1 a day and mileage. I think Mr. Woolverton has charged \$2 and \$2.50 and his mileage as well. I am willing to pay the legal bill.

Coun McDonald—I do not think he has charged anything out of the way. It is no soft duty looking after a murderer, and I know Mr. Woolverton is not afraid to take his life into his hands.

Bill ordered paid.

The Auditor's report was taken up (It has already been published at the first of this report) Mr. Vince in answer to some inquiries said the total bonded indebtedness was \$17,000.

Coun Williams—I am well pleased at the showing of the audit this year. The last few years the council has looked after the collectors and there has not been such a large defaulter's list as a result. We have \$2000 less on the defaulter's list than last year. By a good effort I think we can wipe it out altogether.

On motion ordered that the auditor make a supplementary report in June. Coun Williams—I move that a committee be appointed to settle what bills be paid without reference to the council.

Coun Raymond moved that the finance committee deal with any special cases.

The sec-treas pointed out that this would occasion much inconvenience.

Coun McDonald—There is the question of furnishing wood for the gaol or coal. It is pretty hard to get a person to deliver wood or coal and wait 6 months for his pay.

On motion of Coun Tompkins the finance committee was appointed to meet with the sec-treas at the dinner hour and decide on what bills shall be paid without resolution of the council and report to the council.

Mr. Rankin Brown was heard as to the proposition of Brown and Holyoke to lease the county lot. They proposed to use the place

for band nights, and so forth when they proposed to sell ice-cream and other refreshments. We never considered the question of the merry-go-round.

Coun Gallagher—I would object to the merry-go-round.

Coun Brown moved the leases be executed to Holyoke and Brown at \$35.00 per year, subject to the Building Committee.

Motion seconded.

Coun Connolly—I have thought of this matter since it came up yesterday, and it is my opinion that for the sum of \$35.00 it would not be wise for this county to lease the ground. It is right opposite the gaol a place of confinement and imprisonment. In my opinion the prisoners should be put in a quiet place, a place of solitude where they can reflect on their past life.

Coun Brown—I do not agree with the councillor, do not believe it would do any harm, and I think it is a good thing to have the band playing now and then, I know I go to town to hear that often. Some councillors are very economical, don't seem to be willing to make a dollar for the county when we could do it.

Coun Raymond—We have always allowed the band to play there and have a stand there. I do not see anything objectionable. I would not think a merry-go-round would be desirable. I move this matter be left to the Building Committee. Coun Jameson seconded the motion.

Coun Connolly—I do not see why this council should not decide this now. I think a majority of this board should say whether they want it rented or not.

Coun Bull—I am one of the Building Committee and I would think the council should settle this here. Last year I think the sheriff gave the merry-go-round permission to go in there himself.

Coun Giberson (Wicklow)—I think it should be settled by the council as a whole.

(CONTINUED ON FOURTH PAGE.)

Calculation.

The man or woman who has anyone dependent on them, and who fails to calculate the amount of ready cash that will be required in the event of their support being cut off, is preparing to leave a legacy of trouble and distress. To make such a calculation is everyone's duty, and it need not be looked upon as such a terrible task, for now a days, as soon as the calculation is made, the life assurance office in the business centre of the town will show you the simplest and safest way to meet the contingency your calculation has caused you to prudently think about.

Piles

To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. See testimonials in the daily press and ask your neighbors what they think of it. You can use it and get your money back if not cured. Get a box, at all dealers or EDMANSON, BATES & CO., Toronto.

We Offer \$1,000

For a Disease Germ That Liquozone Can't Kill.

On every bottle of Liquozone we offer \$1,000 for a disease germ that it cannot kill. We do this to assure you that Liquozone does kill germs.

And it is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact which gives Liquozone its worth to humanity; a worth so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights. And we have spent over one million dollars, in one year, to buy the first bottle and give it free to each sick one who would try it.

Acts Like Oxygen.

Liquozone is not made by compounding drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is an absolutely certain germicide. The reason is that germs are vegetables;

and Liquozone—like an excess of oxygen—is deadly to vegetable matter.

Liquozone goes into the stomach, into the bowels and into the blood, to go wherever the blood goes. No germ can escape it and none can resist it. The results are inevitable, for a germ disease must end when the germs are killed. Then Liquozone, acting as a wonderful tonic, quickly restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Liquozone, and it cures diseases which medicine never cures. Half the people you meet—wherever you are—can tell you of cures that were made by it.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma **Hay Fever—Influenza**
Abcess—Anemia **Kidney Diseases**
Brucella **La Grippe**
Blood Poison **Leucorrhea**
Bright's Disease **Liver Troubles**
Bowel Troubles **Malaria—Neuralgia**
Coughs—Colds **Many Heart Troubles**
Consumption **Piles—Pneumonia**
Colic—Cramp **Pleurisy—Quinsy**
Constipation **Rheumatism**
Cancer—Cancer **Scurvy—Scurvy**
Dysentery—Diarrhea **Skin Diseases**
Dandruff—Dropsy **Stomach Troubles**
Dysuria **Throat Troubles**

Eczema—Erysipelas **Tuberculosis**
Fever—Gall Stones **Tumors—Ulcers**
Gout—Gout **Varicose Veins**
Gonorrhea—Gleet **Women's Diseases**
All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood. In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and \$1.

CUT OUT THIS COUPON

for this offer may not appear again. Fill out the blanks and mail it to the Liquid Ozone Co., 458-464 Wabash Ave., Chicago.

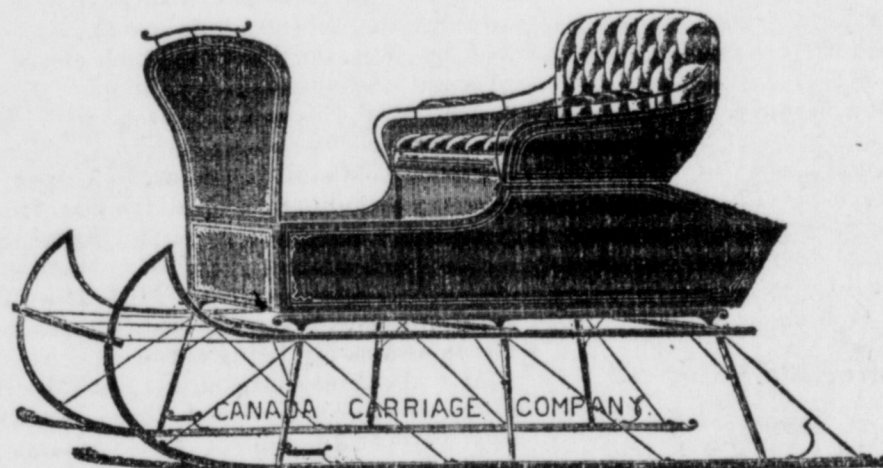

My disease is.....
I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.
