CIGAR FACTS.

We have the constant patronage of a large share of the critical smokers of the city. Sometimes they drift away for a little while, but they're back shortly and seem glad to come.

We have no corner on good cigars, and believe that the secret of our hold on smokers is that we pay more for our cigars than most dealers think necessary. Once convinced that a brand is exceptionally fine, we stock it no matter if the margin is slender. While we pay liberally for our cigars, we see to it that we get full value for our money, which means unusual quality for our customers.
