WOODSTOCK, N. B., NOV. 1, 1905.

THE HOSPITAL SUPPER

In the Opera House on the King's Birthday.

The hospital supper which will be given on Thursday, the 9th of November, in the opera house, will be the greatest success ever given in Woodstock. In all probability it will be the last of the kind on such a grand scale. It has been suggested that next year instead of one there should be a half dozen suppers held at different centres throughout this county. At any rate, the immense quantities of all sorts of food stuffs and the large sums of money already received would justify this proposition. Besides great abundance of provisions of every description, the collectors have brought in already over one hundred dollars in cash. Mrs. Charles McKean collected in cash \$40 at the following places:

TORTURING NEURALGIA.

Suffered for Ten Years, Cured by Dr. Williams' Pink Pills.

Neuralgia is the king of torturers. A tingling of the tender skin, a sharp sudden stab from some angry nerve; then piercing paroxysms of pain—that's neuralgia. The cause of the trouble is disordered nerves due to thin watery blood. The cure is Dr. Williams' Pink Pills, which make new, rich red blood, and thus soothe and strengthen the disordered nerves and cure neuralgia. Among the thousands who have proven that Dr. Williams' Pink Pills cure neuralgia is Mrs. R. C. Johnson, of Simpson's Corner, N. S. Mrs. Johnson says: "For upwards of ten years I was a sufferer from the awful pains of neuralgia. Over exertion or the least exposure to a cold wave would set me nearly wild with torture. I doctored with two physicians, but they did not cure me. I then tried several advertised medicines, but found no benefit. The trouble continued at intervals that made life miserable, until six or eight months ago when a relation of mine brought me a box of Dr. Williams' Pink Pills and urged me to try them. I used this box and then got a half dozen more, and by the time I had used them all trace of the trouble had disappeared, and as I have not since had the slightest attack I feel safe in saying that the cure is permanent." Mrs. Johnson is one of the best known ladies in the section in which she resides, and is a prominent worker in the Congregational church. Naturally her family and friends are rejoicing over her cure, and Dr. Williams' Pink Pills have made many warm friends in that section as a result of their good work.

It is because Dr. Williams' Pink Pills make new, pure, warm blood that they have such great power to cure disease. They positively cure rheumatism, sciatica, neuralgia, St. Vitus dance, partial paralysis, kidney and liver trouble, anaemia, and the ailments from which women alone suffer. The purchaser must be careful to see that the full name, "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around each box. Sold by all medicine dealers or sent by mail at 50 cents a box, or six boxes for \$2.50, by writing the Dr. Williams' Medicine Co., Brockville, Ont.

CALVES AND BABY BEEF

Baby beef is the highly finished product that sells for the highest figure because the muscles, tendons and tissues are not hardened by age and use.

It is tender and juicy, like a sappy, young tree. It costs, on the average, about 3c to make 1 lb. of gain at one year, and about 7c. at two years, and so on, because the digestive powers are more energetic in younger than in older stock.

There should be no let up in feeding the 365 days of the year.

Clydesdale Stock Food

can be fed with the greatest benefit to calves, especially with Separator Milk, as it takes the place of the extracted butter fats.

It prevents "scours," therefore, there is no "let up" in growth.

It has the bone and muscle producing ingredients that helps to build a frame on which to put the tender flesh quickly, and, at a profit.

Nothing injurious in it, and can stop feeding it without harmful effects. Human beings can take it with benefit. We take it every day.

Your money cheerfully refunded by the dealer if any Clydesdale Preparations do not give satisfaction.
