The roller rink opened on Christmas.

Christmas Day was certainly perfect as far as weather was concerned.

Some of the merchants in town made upwards of \$500 in cash sales on Saturday.

H. B. Boyer has re-stocked his store with groceries, etc., and is making a bid for patronage.

There was a Christmas tree and concert at Victoria Corner on Saturday evening and at Peel on Monday.

Christmas trade was not as brisk as had been anticipated, but nevertheless the last few days of last week were very busy ones.

The marriage is announced of Rev. L. A. Fenwick, formerly pastor of the Victoria Corner Free Baptist Church and Miss Catherine Stewart of Lower Perth.

A number of Hartland young people met at the home of H. M. Stevens, Somerville, on Christmas evening and had a jolly time at tidlewinks and other innocent little diversions.

The suburban train that ran last week (only) proved as much a convenience as the people anticipated. The passenger traffic on all trains is very heavy on account of the holiday excursions.

Harry Hayward of Ashland and Donald McCormack of Somerville returned last week from the University of New Brunswick to spend Christmas. Mr. McCormack will leave again this week for Fredericton where he will assist in certain engineering work going on there, thus getting practical experience to aid him in his course at the U. N. B.

Now that the holiday trade is over some movement should be made to effect the earlier closing of the stores. It seems folly to keep the so odd salespeople on duty until ten or eleven o'clock every night when all the trade could be just as easily handled if the stores were closed at eight o'clock. In other villages in the country the merchants had last season a successful arrangement whereby they closed at six o'clock two evenings in the week.

Next Tuesday Arthur Curtis of Hartland and Earl, the youngest son of Dr. D. W. Ross, managing director of Union Telephone Co., expect to leave for Elkhart, Indiana, where the automatic telephone is made. They will take a practical course in the construction, installation and repairing of this marvelous telephone system. At present the Union Co., has to send to Chicago for a man to perform the work which these two young men hope to be able to do when they return.

All the season turkeys had been very scarce until a week before Christmas when they were brought to the village from all quarters. At no other season was the quantity bought here so large, and on the whole the stock was of excellent quality. At first the birds brought 20 cents a pound. One man who brought in a big load asked 25 cents, but he had to content himself with 17 cents to which figure the price had dropped and remained so. Carr, Taylor, Keith & Plummer, and Nixon were the buyers for shipment.

A Respected School Master.

C. T. Hendry died at the home of his sister Mrs. Ferguson McCain, Florenceville, on Sunday the 17th, at the age of sixty one years.

Mr. Hendry was born at Washademoak and was educated for a teacher. After teaching in the Counties of Gloucester and Northumberland he came to Florenceville in this county in 1878 and taught the superior school there for twenty years. Later he taught at Lakeville and Meductic. He leaves two daughters, Mrs. Allen and Miss Florence Hendry and one son, Ernest L. assistant station agent on the I. C. R. at Chatham. Mrs. Ferguson McCain is a sister and there are four brothers, Alexander of Edmundston, James of Doaktown, George of Plaster Rock and John of Gibson, who acted as pall bearers at the funeral, which took place on Tuesday the 19th. The Rev. Joseph A. Cahill conducted the services.

Mr. Hendry was a most excellent citizen and a successful school master. There are a very large number of successful men living who will not forget the benefits they received from him in the school at Florenceville, where for the best twenty years of his life he conducted a school that he made equal to the best of its kind in New Brunswick.

A Houlton Man Wanted in Woodstock.

A couple of young men by the name of Hanson from Nackawick who had been working in the woods on the other side of the line came into Woodstock on Friday. They started to drive from Houlton and when they got as far as the Daly's woods they met a Houlton man named Vinal Annis who proposed that their teamster return and he would bring them the rest of the journey. This was agreed to and Annis drove the two young men into town. Here the two passengers accused Annis of having taken their money away from them and the older one went away to find a constable to have him arrested. In the absence of the older boy Annis jumped on the younger, who is a cripple and beat and kicked him severely until W. F. Gudden who happened along, interfered. Annis then got in his punga and fled for Houlton. A warrant is out for his arrest on charges of assault and battery and taking money from the boys. Annis was in jail here last summer for selling liquor at the line.

The findings and recommendations of the committee are sent forward to the supreme bodies of the three denominations at their conventions which are to be held during the coming summer.
