

THE WOODSTOCK DISPATCH.

CHARLES APPEBY, Editor and Proprietor.
WOODSTOCK, N. B., OCTOBER 18, 1905.

Letters of Condolence.

Woodstock, L. O. L. No. 38, sent the following letter to the widow of the late John Kerrigan who was a member of the Lodge:

To Mrs. JOHN KERRIGAN,
DEAR MADAM.—We, the officers of Woodstock L. O. L. No. 38 on behalf of the Lodge, wish to express our heartfelt sympathy for yourself and family in your recent bereavement. You will miss your beloved husband from the home circle, as we miss a devoted brother from our Lodge circle, where we learned to love, honor and respect him as a true Orangeman and where, for so long, ill health prevented him from mingling with us. May we all bow in meek submission to the will of God, realizing that His way is best. We trust that the gloom which is now cast over your home, may be dispelled by the thought of the glorious union, when we shall all meet again under the protecting care of our Supreme Grand Master above.
Signed on behalf of the Lodge.
W. R. MCCREADY, W. M.
J. A. SHEA, R. S.

A letter was also sent to Mrs. Frank Chase, of Greenville, Carleton County, whose father, the late John Shepherd was a member of Woodstock Lodge.

Mrs. FRANK CHASE,
DEAR MADAM.—We on behalf of Woodstock L. O. L. No. 38, beg to tender you our sincere and heartfelt sympathy, in the sad loss you have sustained in being called on to part with your beloved father. While we mourn with you, regarding it as the loss of a brother we must try to realize that he has but gone a short time ahead of us to the place prepared for us by our Savior, where grief and pain are unknown, and where we all hope to meet our loved ones who have gone before. We earnestly pray that the God of the fatherless will comfort and sustain you in your sad bereavement and help you to realize that He knoweth best.
Signed on behalf of the Lodge.

Dr. Twitchell's Potato Crop.

The Maine Farmer says that Dr. Twitchell is a hummer at raising potatoes. This year he raised 1,350 bushels from five acres, at a total cost, allowing \$500 per acre for use of land, of 23 cents a bushel. This cost would have been materially cut down but for heavy rains which overflowed one acre and caused the loss of the crop on one third of this low piece.

BLOOD DISEASES

Can all be Cured by the Use of Dr. Williams' Pink Pills.

More than half the disease in the world is caused by bad blood—weak blood, blood poisoned by impurities. Bad blood is the one cause of all the headaches and backaches, the lumbago and rheumatism, the neuralgia and sciatica, the debility and biliousness and indigestion, the paleness and pimples and all the disgusting skin diseases like eczema, that show how impure the blood actually is. It is no use trying a different medicine for each disease, because they all spring from the one cause—bad blood. To cure disease you must get right down to the root of the trouble in the blood. That is what Dr. Williams' Pink Pills do. They make new rich, blood. Common medicines only touch the symptoms of disease. Dr. Williams' Pink Pills root out the cause. That is why these pills cure when doctors and common medicines fail. Here is positive proof:—"I suffered agony from indigestion," says Mr. Fred. Fillis, of Grand Desert, N. B. "I had no appetite for my meals and no energy for my work; my stomach caused me constant distress, and everything I ate lay like lead on my chest. At times I felt my life a burden. I was always doctoring, but it did me no good. Then a little book came into my hands, and I read that Dr. Williams' Pink Pills would cure indigestion. I got them and began taking them, and I soon found they were helping me. My appetite began to improve, and my food to digest better. I used the pills for a couple of months and I was well. Now I am always ready for my meals and I can eat anything, and all the credit is due to Dr. Williams' Pink Pills. I keep the pills in the house all the time, and I occasionally take a few as a precaution. I can honestly advise all dyspeptics to use this medicine, as I am sure it will cure them as it did me."

Give Dr. Williams' Pink Pills a fair trial and they will cure you, simply because they make that rich, strong blood that disease cannot resist. See that you get the genuine pills, with the full name "Dr. Williams' Pink Pills for Pale People," on the wrapper around every box. You can get them from your medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams Medicine Co., Brockville, Ont.

A Problem.

Wilson—Here's a problem for you, old man. A donkey was tied to a rope six feet long; eighteen feet away there was a bundle of hay, and the donkey wanted to get to the hay. How did he manage it?

Sharpe—Oh! I've heard that one before. You want me to say "I give it up," and you'll say, "So did the other donkey."

Wilson—Not at all.

Sharpe—Then how did he do it?

Wilson—Just walked up to the hay and ate it.

Sharpe—But you said he was tied to a rope six feet long.

Wilson—So he was. But, you see the rope wasn't tied to anything. Quite simple, isn't it?

How He Figured It

Bobby's father had given him a ten-cent piece and a quarter of a dollar, telling him he might put one or the other on the contribution plate.

"Which did you give, Bobby?" his father asked when the boy came home from church.

"Well, father, I thought at first I ought to put in the quarter," said Bobby, "but then, just in time, I remembered 'The Lord loveth the cheerful giver,' and I knew I could give the ten cents a great deal more cheerful, so I put that in."

"Let's go out in your back yard," said Tommy Tucker, "and play in the woodshed."

"We haven't got any woodshed," said the other boy. "Have you got one in your oack yard?"

"Yep."

"Keep wood in it?"

"Nope."

"What's it used for?"

"None of your business!"—[Chicago Tribune.]

MILK

The interior of a cow's udder contains a marvelous collection of blood veins, milk tubes, etc.

As far as known the milk of a cow is largely dependent on the amount of blood passing through the udder.

If the blood circulation, the digestion and assimilation of food are good she will show a higher milk secretion than otherwise; as in the mare's case can be generated.

Clydesdale Stock Food

will stimulate the organs of circulation and digestion, because it makes the food "tasty," increasing the digestive juices that dissolve the food, and this means more milk and at a profit.

For cows at "calving," there is nothing better as it tones and regulates the system, helping her to "clean" better, and lessening the usual danger.

Can stop feeding it without harmful effects as there is nothing injurious in it. Human beings can take it with benefit. We take it every day.

Your money cheerfully refunded by the dealer if not satisfied.
