## IT IS TAILOR MADE.

You can tell it by the hang of it.

Clothes made in a factory do not reach the perfection and style that tailor-made clothes do, as any man who has tried both knows.

## DOUBLE WEAR COLLARS.

## THEY ARE REVERSIBLE.

When one side is slightly worn, just use the other side. Simple, isn't it?

But what a boon to collar wearers. Both sides are made and stamped identically the same, so that it doesn't matter one jot which the laundryman irons.

Double wear collars come in the newest and most fashionable shapes, and what is most important of all will give twice the service and wear of an ordinary collar. They cost not a penny more. We have the sole control of these collars for this town.
