

News of Hartland and Vicinity

FRED. H. STEVENS, Reporter, and Manager Hartland Branch Office.

NOTICE:—The Dispatch has opened a branch office at Hartland, with Fred H. Stevens, former Editor of the Advertiser, in charge. He will conduct this department in such manner as to satisfy all the people demand in a local paper. At the Hartland branch subscriptions, orders for advertising and for printing will have the same attention as at the office of publication.

WOODSTOCK, N. B., OCTOBER 11, 1905.

"As It Looks From the Road."

The little paragraph in last week's DISPATCH which was intended to commend W. F. Thornton for the manner in which he has graded up the grounds surrounding his home was not quite as emphatic enough. Through the work recently completed he will have beyond doubt, the most attractive premises in town when another summer's green shall have come forth. Attention is again drawn to this not so much through a desire to pat Mr. Thornton on the back as to point a moral. There is a good sermon in work like that. The man who keeps his place trim and neat—although it is his own private property—is a public benefactor. It is like an inspiration to view a town of well-kept houses and grounds; but, alas, strangers do not become enthusiastic over Hartland in this regard at least. If more paint was applied to the houses, a little more money and quite a lot more work put upon the grounds, the barrel-hoops, paper rubbish, packing refuse, and the general conglomeration of filth kept out of the streets, alleys and back-yards, and the sidewalks and platforms kept safe to walk upon, Hartland would be rid of that careless, run-down-at-the-heel appearance it bears today. Surely, if this were accomplished we all would feel better—as though our existence was of more account. Perhaps we all would have more respect for our own appearance and manners; and one of the results might be a tendency to lessen the reputed "rowdyism," for the worst individual is prompted to assume as respectable an appearance as he can when he enters the best company.

While particular mention is made of Mr. Thornton's improvements outsiders must not think that he alone is the only one who takes pride in his premises—"there are others." But so few and scattering are they the general appearance of the town is—might be better.

The New Time Table.

Of all the heinous impositions the C. P. R. has yet perpetrated upon the public the new time table is the worst. The conveniences of the travelling public is absolutely ignored. By the present arrangement or dis-arrangement of trains there is practically only one train a day in each direction. The first train up gets to Hartland at 10.43, if it is on time, and gets along so slowly as to be of no use to us for the conveyance of passengers. The express is supposed to arrive at 12.46 and instead of going to Edmundston branches off and runs to Presque Isle. The first train down is at 4.10. The express follows closely behind and gets here at 4.38. That is the services. The "hobo," or Tobique train, the most convenient the public has been favored with, is taken off. Passengers cannot go to Woodstock and back the same day, or scarcely anywhere else where they want to go.

When the G. T. P. is running down the other side of the river perhaps a better attempt at a passenger service will be made.

Produce Prices.

There is now quite a rush at the station in the produce line. The principle shippers are DeWitt Bros. and B. F. Smith. The former firm shipped four cars of potatoes last week and are still at it. Prices range as follows:—

- Hay, loose, \$6.00.
- Oats, 30 cents.
- Buckwheat, 40 cents.
- Buckwheat Meal, \$2.00.
- Butter, 18 to 20 cents.
- Eggs, 18 cents.
- Beans, \$1.75.
- Chickens, 8 to 10 cents.
- Potatoes, 70 cents.

LOCALS.

There was some balk in filing the nomination papers of two of the intending candidates for parish honors. C. J. Connolly, Allen Bradley and Joseph L. Thornton were to run, but the two latter made some mistake and were temporarily out of the contest. Secretary-Treasurer Hartley was appealed to and the tangle at this writing is not straightened out, but the reporter learns, merely on rumor, that Mr. Thornton intends withdrawing altogether and that Mr. Bradley will likely retain his seat at the board.

The fall rush of freight is on and the railway people have much to do to handle it all. Half a dozen extra trains pass over the line each day. Lumber and farm produce make up a large part of the business, but the principal cause of the unusual run is the large shipments of potatoes from New Brunswick stations as well as from Aroostook County. The Yankee farmers are getting \$1.25 to \$1.50 per barrel for their potatoes now.

Do not forget the band concert in the Forester's Hall tonight. It promises to be the best entertainment of the season and all the village people should show their appreciation of the boys' effort to establish a good village band by attending the affair. Supper will be served from five to seven o'clock and the concert will begin at 8.30.

The Sentinel, following THE DISPATCH'S initiative, has begun a department similar to this in its weekly issue. J. Crandall Everett is the local representative. He has for years corresponded for the Sentinel, and as he keeps himself well posted in the affairs of the village, no doubt the "Hartland Letter" will be breezy and entertaining.

The Free Baptist missionary supper was held at the home of Mrs. James Day on Friday evening. These "suppers" are held the first Friday in each month and the trivial fee of ten cents is asked for the very good meal which is always provided. The next will be held at the home of Mrs. John Barnett on November 3rd.

WHOEVER is supposed to look after the bridge road on the western side of the river should make immediate repairs to the culvert half way up the hill. The planking is broken through making a most dangerous trap for horses.

Since this department was started in THE DISPATCH many people in the vicinity have acquired the habit of borrowing their neighbour's paper. That isn't nice—don't do it. Better subscribe now and be independent.

Those who wish to get acquainted with THE DISPATCH may obtain sample copies free from the Reporter at James Montgomery's store. Current copies are for sale on Wednesday afternoons at two cents each.

Sayre's mill was shut down all day on Saturday because the railway could not provide cars for loading the long lumber. Flemming's mill has been in operation for some days.

A number of the young people met with the Misses Phillips on Friday, concocted and consumed a chicken stew, and passed a very pleasant evening.

Rev. Mr. Steeves is soon to move into George R. Burt's residence. Mr. Burt, will, however, retain rooms there for himself.

The millinery display of the Misses Thornton is a creditable one, and their windows attract a good deal of attention. See advt.

Next Sunday morning Church of England service will be held in Burt's Hall at 10.30, conducted by Rev. H. Goring Alder.

Methodist services next Sunday are at Argyle 10.30, at East Glassville 3 p. m., at Kaowiesville at 7 p. m.

IMPROVING HER SKIN.

One Searcher After Beauty Tells of Her Experience.

"I wish the papers would quit publishing these articles that tell you how to be beautiful," says a young matron. "I was fairly content with myself till I began to read them. I had an average good skin, too, but I've steamed it and creamed it and massaged it till it's a wreck. I've been for two weeks trying a new beautifier for it. I've been rubbing my face with slices of onion. It makes your eyes water, and it gives you an unattractive perfume, but the article said it would produce the soft, velvety skin of a child, and I kept it up. Yesterday my husband rose in his wrath.

"What on earth makes you rub your face with onion?" he said. "Wouldn't limburger cheese do for a change? Why wouldn't potatoes or asparagus do as well? Does it have to be onion?"

"It does," I said. "You'll have to show me," said he. "Let me see the article that turned your brain. I don't believe it says onions. I believe it says any vegetable you happen to have in the house."

"This made me furious, and I brought out the article. What do you think it said? It didn't say onions. It said cucumbers. I knew it was something you put vinegar on. That's how I happened to get mixed. After this I'm going to let my face alone, but I shan't hear the last of that onion beautifier till I die."

Baby's Sleep.

One of the first signs that some thing is wrong with an infant is disturbed sleep. Usually the trouble is with the stomach or bowels. If your little one is cross and restless do not give it an opiate or "soothing" medicine of any kind. All these things are deadly poison, and the sleep they give is unhealthy, unnatural and injurious. Your baby will sleep and let you sleep if you treat it properly. In Baby's Own Tablets there is not an atom of poisonous "sleepy stuff," and yet by their beneficent, healthy action they give refreshing sleep. They remove the cause, and the result is healthy, refreshing, life-giving sleep from which the little one awakens bright and well. Mrs. S. T. Douglas, Petitcodiac, N. B., says: "My baby was troubled with constipation, was restless and uneasy and did not sleep well at nights. I gave him Baby's Own Tablets and the change they made was wonderful. They regulated the bowels and he now sleeps well at night." If your dealer does not keep the Tablets send 25 cents to the Dr. Williams' Medicine Co., Brockville, Ont., and a box will be sent you by mail postpaid.
