The Last Act in a Booze Drama.

It will be remembered that last summer Mr. Colpitts, Scott Act Inspector, seized a large quantity of liquor, about \$2000 worth, from the Thompson store at the boundary line. On June 28th, before Mr. Dibblee, Mr. Thompson was found guilty of "keeping for sale" and an order was made for the destruction of the liquor by Mr. Colpitts. The Chief Justice granted an order to bring the proceedings before the Supreme Court for the purpose of having them quashed. The matter was heard in Fredericton last week, the Hon. W. P. Jones appearing for Mr. Colpitts and J. C. Hartley for Mr. Thompson. The order was discharged and now Mr. Colpitts is at liberty to go ahead and destroy the good elegant booze.

Thompson-Sharkey.

A wedding of much local interest was solemnized Wednesday morning in the Cathedral at 6 o'clock, when Miss Mary Josephine Sharkey, eldest daughter of Mr. Peter C. Sharkey, of the C. P. R., was married to Dr. Robert G. Thompson, of Woodstock. Rev. A. W. Meahan, an old school friend and college companion of the groom, tied the nuptial knot in the presence of friends and relations. The bride was becomingly gowned in a brown travelling suit with white picture hat, and was given away by her father. The couple were unattended. Immediately after the ceremony the wedding party returned to the residence of the bride's father, Union street, where all sat down to breakfast, after which Dr. and Mrs. Thompson left by train on a trip through the province before taking up their residence in Woodstock. The couple are well known and popular and received an unusually large number of wedding gifts. Dr. Thompson is one of Carleton county's best known professional men and is a graduate of the Philadelphia Dental College. The bride has a wide circle of friends in St. John. The groom's present to the bride was a handsome set of mink furs.—St. John Monitor.

McPherson-Hillman.

The home of Mr. and Mrs. Eddie Hillman, Canterbury station, was the scene of a very pretty wedding Nov. 8th when their eldest daughter, Miss Sadie, was united in marriage to Mr. Adam McPherson, by the Rev. The bride and groom will reside at Canterbury where he is the possessor of a very fine farm. The wedding presents given by the guests to the bride were as follows:—

About forty of the immediate friends of the contracting parties were present. A Tri-Weekly Mail.

A Middle Southampton correspondent of the Fredericton Gleaner says:—There is some talk of a tri-weekly mail from Woodstock. It is badly needed, as we only have two mails a week and sometimes not that. What the people want in this place is the mails from Fredericton to come to Lower Southampton only, then all the mail above that to come to Millville, and a daily mail from Millville to serve through Waterville, Hartfield, Campbell Settlement and the several post offices along the river road to Lower Southampton, then out through Roseville, Temperance Vale, back to Millville again with a daily mail to connect at Middle Southampton Post office. This is what the people want. Here is the second plan if we fail in the first, and that is a mail three times a week from Fredericton to Middle Southampton, then a daily mail from Middle Southampton to Woodstock.

A LITTLE TYRANT.

There is no tyrant like a teething baby. The temper isn't due to original sin; the little one suffers worse than the rest of the family. He doesn't know what is the matter—they do. But baby need not suffer longer than it takes to make him well, if the mother will give him Baby's Own Tablets. They ease the tender gums and bring the teeth through painlessly and without tears. Mrs. C. Connolly, St. Laurent, Man., says: "Some months ago my little girl's health became so bad that we felt very anxious. She was teething and suffered so much that we did not know what to do for her. I was advised to try Baby's Own Tablets, and from almost the first dose she began to improve, and there was no further trouble. She is now in the best of health, thanks to the Tablets." The Tablets cure all the minor ailments of children, and are a blessing to both mother and child. They always do good—they cannot possibly do harm. Try them and you will use no other medicine for your little one. Sold by all druggists or sent by mail at 25 cents a box by writing the Dr. Williams' Medicine Co., Brockville, Ont.

THE HOSPITAL SUPPER

A Record Braker—Clears \$550.00.

Notwithstanding the weather was about as bad as it could be last Thursday, about 600 people came between 5 and 7 o'clock in the evening to the opera house and were served with a grand supper by the ladies of the Auxiliary Society of the Carleton County Hospital. This big annual undertaking, although involving so much hard work, is profitable and popular at least with its patrons.

From a careful observation it was apparent the supper was under experienced management. The fact that so many were served tastefully, and promptly without any confusion is significant of a great deal of hard work and careful planning. The lady helpers served without cessation, fetching and carrying, looking to the wants of everybody with the cheerfulness and patience of angels. It was a perfect organization that worked without fussing and seemingly without weariness. The greatest possible credit is also due those women who went about the country and town gathering food and money from the four corners of the county in rain and shine and often under very discouraging circumstances. The Ladies Auxiliary Society may well be proud of so great a success; and their president Mrs. Sprague is deserving of most cordial congratulations. Upon her rested the burden of it all; and it is due largely to her enterprise and management that so much money may be turned over to the Hospital.

The Abolition of Justices Courts.

At the meeting of the Barristers' Society in Fredericton last week the attorney general said he had been requested by the government to obtain the opinion of the society as to the desirability of introducing a judicature act. He said the administration of justice's court was not satisfactory and it had been suggested that improvement might be made by putting jurisdiction with county court judges. It was held that the procedure would add no expense to the litigant as it would be an easy matter for a county court judge to visit each parish in his jurisdiction at least once a month and try any cases that might be pending. It might be necessary to have a few additional judges appointed. The members seemed to be favorably impressed with the proposed changes, and it is understood they will be considered at a meeting to be held in St. John in the near future.

Death From Lockjaw.

Isaac Tompkins of Peel died on Friday after a few days illness of lockjaw. About ten days before he had stepped on a nail and a few days after fearful pain and swelling set in. Dr. Curtis was summoned and was at once able to perceive the seriousness of the case. The suffering was intense and death came to him as a relief.

Mr. Tompkins was 52 years of age and leaves a wife one daughter and six sons. One son is in British Columbia and two are at Cabano.

The funeral was held at 2 p. m. on Sunday at Mount Pleasant where the deceased formerly lived. Rev. G. A. Giberson preached the sermon.

Suicide Near Benton.

The body of Henry Allen Teed was discovered Thursday morning lying on the upstairs floor of an unoccupied log house on the Teed farm, situated about three miles from Benton, Carleton County, with a revolver clamped in his hand. The bullet had entered his left eye and passed through his head. He had acted strangely of late and threatened shooting himself as well as some members of the family. He was a son of the late Amos Teed and leaves a mother, brothers and sisters. He was thirty-three years old. He had probably killed himself because of his infatuation over the wife of his brother. He was found by Alexander Rogers. A jury was empanelled and brought in a verdict of suicide while temporarily insane.
