## News of Hartland and Vicinity

FRED. H. STEVENS, Reporter, and Manager Hartland Branch Office.

**NOTICE:**—The Dispatch has opened a branch office at Hartland, with Fred H. Stevens, former Editor of the Advertiser, in charge. He will conduct this department in such manner as to satisfy all the people demand in a local paper. At the Hartland branch subscriptions, orders for advertising and for printing will have the same attention as at the office of publication.

### C. P. R. Improvements.

For 25 years the C. P. R. has had almost no end of trouble in keeping in repair that part of its roadbed running from Pokiook Falls, two miles below Hartland, for a distance of a mile and a half further down the track. When the road from Hartland to Newburg was constructed, in 1881, it was cut as far into the face of the bluff as was practicable without interfering with the highway and the wharfing was constructed at great expense. Scores of men were employed on the work all that summer. But the great pressure of the ice each spring made expensive repairs necessary so it is hardly possible that any short piece of railway in the province has had so much money expended on it. To obviate the trouble and expense this piece of road has been the cause of the company considering the advisability of rebuilding the road back further on the hill from Cedar Curve, near Newburg, to Hartland, but the surveyors found that this, too, would be a very expensive piece of road and the idea was abandoned. But the final scheme adopted looks as though the companies troubles at Deep Creek wharfing were forever ended. This work which is just now being completed consisted of laying up the roadbed with great granite boulders. The operation was begun about a year ago and all last fall and since early this spring a large force of men has been employed quarrying out granite at Deer Lake and Sugar Brook and a great train load of the huge boulders has been brought to Deep Creek every day, until tens of thousands of tons have been delivered there. At the present time a large force of men are at work with steam cranes placing the rocks in position and it is expected the work will all be completed in a few weeks.

The cost of this improvement has been great—nearly \$60,000 having been expended for labor, for quarrymen, extra train crews, etc. The result is an excellent piece of roadbed while upward of a hundred men have been given a long summer's work at good wages.

The railway company has been making extensive improvements all along its lines. The Acker Creek bridge has been receiving attention, a new steel girder replacing the old wooden span.

### United in Marriage.

At high noon, in this city, Wednesday, at the home of the bride's parents, Mr. and Mrs. A. E. Wood, was solemnized the marriage of Miss Clara Wood and Mr. George M. Fripp of Grand Forks, B. C.

The wedding while private, was most beautiful. Only the members of the immediate family and a few friends were present to witness the simple but impressive ring ceremony with which the Rev. W. E. Bobbitt solemnly and gracefully united for life and happy couple.

The Wood home was elaborately and artistically decorated for the occasion. Loving hands had added every touch of grace and beauty that floral art affords. The parlor was exquisite in dainty green, with white roses. Above the bay window rose an arch of evergreens from which was suspended an immense bell of bride roses beneath which the bridal couple stood. On either side of the arch were grouped palms and ferns in profusion. The dining room was beautifully done in cut flowers, a parasol design being suspended above the dining table with ribbon streamers draped to each plate. Covers were laid for tea and the daintiest of wedding breakfasts followed the ceremony.

The bride wore an exquisite creation of white silk, with bertha of point lace, a brooch of emeralds and diamonds, the gift of the groom, and carried bride's roses. The groom wore the conventional black.

Many elegant presents bespoke the high esteem in which the bride is held in Payette and the impressive farewell and rice shower at the depot as the couple departed for their new home will long be remembered. As the train moved off the bride threw her bouquet into the crowd of waiting girls and Miss Pansy Yanne was the fortunate one who caught the trophy.

Mr. Fripp, the bridegroom, is a prominent business man in the section of country in which he lives. He is the manager at Grand Forks of the offices of the British American Trust Company, a strong financial institution, doing an extensive business in British Columbia and Alberta. Mr. and Mrs. Fripp stopped in Portland for a few days on their way to Grand Forks.—Payette, Idaho, Independent, Sept. 8.

### More Dog.

The Muniac correspondent of the Victoria County News writes as follows:—

Mrs. Post has a very nice dog but he is liable to get mad at any time and although he is not much of a fighter he might scare the children so keep him in door's Nettie after dark or he will be in danger of getting hurt for we are on the lookout for him. The old saying is. A barking dog never bites, but you had better be sure than sorry.

### The Market.

Inactivity is a feature of the local produce market. Prices are about the same as quoted last week, as follows:—

Hay, \$2.00; oats, 35c; beans, \$2.00; buckwheat meal, \$2.00; buckwheat, 35c.; butter, 18c.; eggs, 18c.; apples, \$1.00; potatoes, 75c.

### LOCALS.

Miss Banks, of Aylesford, N. S., has returned to Hartland to continue the charge of C. Humphrey Taylor's millinery department.

Sayre's mill is running again, and as the lumber is now within easy reach the concern will continue in operation for the remainder of the season.

On Friday D. McNicol, general traffic manager, Montreal, William Downie, general superintendent, D. W. Newcombe, district superintendent and Chief Engineer Barbour passed over this section of the C. P. R. in the official cars "Rosemere" and "Metapedia." They were on a tour of inspection.

### Keep Children Well.

Your little one may be well and happy to-day, but would you know what to do if it awoke to-night with the croup, or went into convulsions or spasms to-morrow? The doctor may come too late. Have you a reliable remedy at hand? Baby's Own Tablets break up colds, prevent croup, reduce fever, check diarrhoea, cure constipation and stomach troubles, help the obstinate little teeth through painlessly, and give sound, healthful sleep. And they contain not one particle of opiate or poisonous "soothing stuff"—this is guaranteed. They are equally good for the new-born infant or the well-grown child. Mrs. Susan E. Mackenzie, Burk's Corners, Que., says:—Before I began using Baby's Own Tablets, my little one was weak and delicate, since then she has had splendid health and is growing nicely. I find nothing so good as the Tablets when any of my children are ill." Sold by all druggists, or by mail at 25 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.
