WOODSTOCK, N. B., OCTOBER 4, 1905.

NEWS FROM THE COUNTY.

Jacksonville.

Once more the shortening of the days, the fall of the leaves, the cold, piercing winds and the heavy frosts, which apparently is killing all vegetable growth, all unite to remind us that we are on the verge of another winter. The farmers are busy storing their estates for winter, most of them have invested in potato diggers which tends to make that laborious task of potato digging almost an impatiently waited for pleasure.

Mr. J. Clark left Saturday afternoon for Fredericton where he intends taking a course at the Business College. He will be greatly missed by the young folk during the winter gaities, and all wish him success.

Mr. Walter London, of Boston, was the guest of his uncle, Mr. C. Wheeler for a few days.

Among those who attended the exhibition last week were: Mr. and Mrs. James Good, Mr. McCutcheon, Mr. A. Good and master Byron Slipp. All report a large attendance and good exhibits.

Centreville.

Dr. Inche according to announcements spoke in Sherwood's Opera House last Friday evening to a well filled house. His subject was "The consolidation of school." Dr. Inche dealt with the subject in such a manner that nearly everyone present where convinced that the system advocated by the speaker would give very much better results in favorable localities throu the present system.

Inspector Meagher followed in a well worded and convincing speech and was applauded a number of times. G. W. White made a somewhat lengthy speech in opposition to the views of the gentleman who preceded him giving a brief sketch of his early life in the log school house with its rude equipments and the Three R's as the principal branches taught in those days. He concluded by telling the audience that it would be very wise to wait until others had tried the experiment and proved its successor failure.

Dr Inche replied to Mr White in a way that left no room for doubt as to who had the right side of the question. Mr Scholey in rising to move a vote of thanks to the speakers of the evening made a short speech yet convincing in its nature and much appreciated by the audience. The meeting then closed by singing. God Save the King.

Rev Mr Simonson and his party secured a very handsome moose last week.

Great expectations for Wednesday at the exhibition.

The seasons crop is nearly all gathered in and is a good one.

IT'S IN THE BLOOD.

Dr. Williams' Pink Pills Drive Out Rheumatic Poison.

Rheumatism is rooted in the blood—any doctor will tell you that. Nothing can cure it that does not reach the blood. It is a foolish waste of time and money to try to cure rheumatism with liniments, poultices or anything else that only goes skin deep. Rubbing lotions into the skin only helps the painful poison to circulate more freely. The one cure, and the only cure for rheumatism is to drive the uric acid out of your blood with Dr. Williams' Pink Pills. They actually make new blood, and the new blood sweeps out the poisonous acids, loosens the stiffened, aching joints, cures the rheumatism and makes the sufferer feel better in many other ways. Mrs. Jos. Perron, Les Eboulements, Que., says: "I suffered from rheumatism in a chronic form for nearly twenty-five years. I spent much money in liniments and medicines, but without avail, until I began the use of Dr. Williams' Pink Pills. Some times I was so stiff I could hardly move. The trouble seemed to be growing worse, and finally seemed to effect my heart, as I used to have pains in the region of the heart, and some times a smothering sensation. I grew so weak, and suffered so much that I began to consider my case hopeless and then one day a little pamphlet, telling of Dr. Williams' Pink Pills, fell into my hands, and I learned that they would cure rheumatism. I sent for a supply, and in about three weeks found they were helping me. The trouble which affected my heart soon disappeared, and gradually the pains left me and I could go about with more freedom than I had done for years. I still take the pills occasionally, as I now know it is wise to keep my blood in good condition."

It is because Dr. Williams' Pink Pills actually make new blood that they cure such troubles, backaches, headaches and sideaches, neuralgia, erysipelas, and the special ailments that burden the lives of so many women and growing girls. But only the genuine pills can do this, and these always have the full name Dr. Williams' Pink Pills for Pale People on the wrapper around every box. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

A progressive whist party was given by Mrs. C. F. K. Dibblee in honor of Miss Sanderson at her residence, Connell street, on Friday evening last. The first part of the evening was passed pleasantly in playing whist and after supper the young people spent a couple of hours dancing. The prizes were as follows:—Miss Ebel Bourne, 1st prize; Mrs. Chas. Beardsley, consolation; Mr. Raymond Gabel, 1st, and Mr. B. M. Macleod, consolation. The invited guests were:—The Misses Bourne, Mrs. Chas. Beardsley, Miss Gussie Connell, Mr. and Mrs. E. W. Mair, Mr. and Mrs. R. N. Loane, Miss Hunt, Halifax, Miss Norah Dibblee, Miss Lou Smith, Miss A. D-nison, Miss A. Marion Rankin, Miss Bessie Neales, Miss Katherine Brown, Miss Nan Dibblee, Miss Tibbetts, Andover, Messrs. B. M. Macleod, Alexander, S. L. Carr, R. M. Gabel, J. Dibblee, E. K. Connell, Alexander, A. C. Calder, Woodrow, H. M. Dibblee, A. Brown.

HORSES FOR SALE.

Two Pure Bred Clydesdale Brood Mares, registered stock, also one three-year-old colt. A. W. HAY, Woodstock, N. B. July 26, tf.

Fine Finish

The farmer manufactures beef, pork, milk, etc., and he must properly handle his live stock machinery to get the greatest and best finished production.

Just as he is careful to put oil on his harvester bearings, so should he be as careful to keep his live stock machinery in good working condition.

An animal whose digestive machinery is heavily loaded needs more oil than one that isn't.

Clydesdale Stock Food

is the oil to ease the load on your animal's digestive machinery, because it increases the digestive fluids owing to the food being made "tasty."

It also makes the feeder bristle with activity and vitality, making the blood circulate better, thereby distributing the flesh more evenly over the body instead of into the paunch for tallow at 4c. per pound.

It makes the hide and coat soft and glossy, giving that "fine finish" that fetches from 25c. to 50c. per hundred more than from ordinary feeding.

Contains nothing injurious, and can stop feeding it without harmful effects.

Your money cheerfully refunded by the dealer if you are not satisfied after feeding it. Same for all Clydesdale Preparations.

Clydesdale Carboline Antiseptic will keep your stable clean
