

THE WOODSTOCK DISPATCH.

CHARLES APPELEY, Editor and Proprietor.

WOODSTOCK, N. B., JUNE 28, 1905.

COUNTY COUNCIL.

(Continued from page three.)

Dr. M. E. Cummins, \$22.00

Coun Smith wanted to know why Dr. Cummins was sent for to attend the execution of Cammack when there are lots of doctors in Woodstock and the mileage could have been saved, anyway.

Coun Connolly—It appears to me that there were doctors enough in Woodstock without bringing a man thirty miles and paying his mileage. There is something a little wrong.

Coun Raymond—It seems to me \$15.00 for attending the execution is an exorbitant charge. The mileage is all right.

Coun Smith—I would like to ask Mr. Foster who is present why Dr. Cummins attended the execution.

Mr. Foster (deputy-sheriff)—I do not know as I could give you any information any more than that Mr. Cammack was very anxious that Dr. Cummins should be there. I am informed that two doctors must attend an execution and Dr. Cummins was brought there.

Coun Smith—Who was the other?

Mr. Foster—Dr. Rankin, the gaol physician.

Coun Gallagher—I have a little recollection about that bill. Dr. Cummins was notified to attend.

Coun Raymond moved seconded by Coun Williams that the bill be paid less \$5.00.

Coun Lamont moved that it be paid less \$8.00.

Coun Gallagher—He will not take that.

Coun Wiley—What was Dr. Rankin's bill for his attendance.

The Chairman—There is no bill here from Dr. Rankin.

Coun Gallagher—It is the charge that was paid at the time the Gee bills were paid.

The amendment to the amendment was put and lost and the amendment carried.

James W. Woolverton, \$54.10

Coun Smith—In this bill I notice for the arrest of two men named Wright, who lived in the same house, there is a higher charge for one than for the other.

Mr. Woolverton—One of them was away from home, four miles.

To Coun Raymond—That \$2.50 charge was for going to asylum with a lunatic, there is no mileage charge.

Edward E. Kearney, \$5.40 (paid if not paid before)

Mrs. John Hall, (when attested, paid if not paid before), \$5.60

A. R. Foster, 296.35

Coun Connolly—I notice something about summoning a jury for the Gee inquest. I thought we had Gee's matter paid up.

Mr. Foster—It was my neglect in overlooking it.

Coun Williams—I notice a charge of taking one prisoner to Dorchester \$18.00 while taking a patient to Fairville is \$16.00. Only two dollars difference while the distance in one case is much greater.

Mr. Foster—In one case I had to take an assistant with me. Going to Dorchester there was only the two of us. I had to remain in the one case over Sunday, because it was insisted that I take the patient away on Saturday.

Bill ordered paid.

On motion of Coun Shaw bill of James Woolverton was reconsidered, Mr. Woolverton having discovered that a charge of \$1.50 which was in his bill was paid in Mr. Kimball's bill, and it should not be in both. Bill so amended.

On motion of Coun Ambert Gibson the bill of Michael Cullens was reconsidered. Mr. Gibson moved that the bill be paid and charged to the Parish of Kent.

Coun Gallagher—I know we paid the commissions and the jury for laying out the road. What Mr. Cullens was there for I don't know. I move it be not paid because we have not the proper information about it.

Coun A. Gibson—We all know that they have to have a surveyor for a road, so that if the marks are taken away, it will be known where the road was to be.

Coun Gallagher—There is no road there nor ever will be.

Bill ordered paid and charged to Kent.

Coun Bailey moved the following resolution:

WHEREAS, some doubt has arisen as to the time when the grants to the hospital shall be paid;—Be it, therefore resolved, that the payments of the grants to the hospital be in semi-annual payments on the 1st days of June and December and that the secretary-treasurer be instructed to close up the accounts with the hospital and pay all monies now due the hospital in accordance with the several grants made to said hospital and in future the payments be made on the times above mentioned.

Motion seconded and passed.

On motion of Coun Smith the district of Upper Woodstock was assessed \$100.00 for road purposes. It was explained that this motion was omitted last session.

In the matter of the James Miller petition the committee reported as follows:—We, your committee appointed in the case of James Miller re his assessment in the Parish of Aberdeen beg leave to make the following report, that we have taken all the information re the case which was available and would recommend that Mr. Miller and the assessors of Aberdeen select, each a legal adviser and agree to abide by the decision arrived at by their counsel. Adopted.

Coun Bailey asked if the committee who had the diamond drill in hand had anything to report.

Coun Gallagher—Nothing was done.

On motion of Coun Lamont resolved that the overseers of the poor for Aberdeen receive the same remuneration for their service as last year.

On motion of Coun Bull Parish of Woodstock ordered assessed \$42.24 to be paid Ansel Franklin for his services as road commissioner last year.

Mr. Hartley explained that he had com-

plied the consolidated by-laws and would like a motion of the council that such when printed be the by-laws of the county.

On motion of Coun Williams resolved that the by-laws when so printed as compiled by the secretary-treasurer be the by-laws of the county.

On motion of Coun Smith A R Foster was ordered paid \$2.00 for his attendance at council.

Coun Smith said he had two petitions from residents in the Parish of Woodstock in the vicinity of Benton, one was that this council allow them to have the cattle graze on the common in that district and the other was against it. For his part he did not know what action to take. There was about the same number of signatures to both petitions.

Coun Bailey said there were two gentlemen present from the district representing the different views and it would be well to hear from them.

Robert Sharp was heard. He was opposed to allowing the cattle to run. Cattle were prohibited from running in York County. He lived close to the line and cattle from York County were turned over into Carleton County. Sixteen head were driven over every evening.

Mr. McKinney gave the other side of the story. He lived a mile and a half from Benton, they had been allowed to use this common and some people had no where else to pasture their cattle.

Coun Carvell asked if there was not a law preventing the running of cattle at large.

Mr. Hartley—This is the present law.

A Councillor—Is there any exception in Benton?

Mr. Hartley—Not that I am aware of.

Coun Connolly—I think in that district the by-law has been changed and the cattle allowed to run. I think there was a motion to that effect. I know I opposed it.

Coun Carvell—Since that time there has been passed the general by-law.

Coun Smith—I think what Mr. Connolly says is correct.

After further discussion it was resolved that the petitions be not received.

On motion of Coun Bell seconded by Coun Hay resolved that one half per cent, on what he expends be paid Edward Currie, in the Parish of Richmond, when the order is signed by the councillors.

On motion of Coun Connolly resolved that \$5 be paid Frank J. Shaw, Highgate, for land damages by a road going through his land.

The following motions by Coun Connolly were passed:—That \$5.73 be paid Richard Morgan due him on returns and \$2 for laying

The Sharples Separator Company Wins.

The following is an "exact" copy of the formal judgement granted to Mr. P. M. Sharples in his suit against the National Manufacturing Company Limited, of Pembroke, Ontario, who manufactured a separator called the "Unedea." The case is creating considerable interest and the Sharples people are well pleased with their success in demonstrating the justice of their claims against the National Manufacturing Company, who have been manufacturing an imitation of the famous Tubular Cream Separator. The judgement plainly indicates that the National Manufacturing Company are restrained from further infringement of the Sharples' Patents, also that the Sharples people are entitled to damages and the National Manufacturing Company are compelled to pay all costs. The Sharples people are taking legal action against a large number of the users of the Unedea Separator. Here is the judgement:—

WHAT WOMEN SUFFER.

At All Ages They Need Rich, Pure Blood to Secure Health and Happiness.

A woman needs medicine more than a man. Her organism is more complex, her system being more delicate. Her health is disturbed regularly in the course of nature. If anything happens to interfere with that natural course, she goes through unspeakable suffering. In fact the health of every function and the happiness of every moment of a woman's life depends upon the richness and the regularity of her blood supply. That is the simple scientific reason why Dr. Williams' Pink Pills are worth more than their weight in gold to women of all ages from fifteen to fifty. These pills actually make the rich, red blood that brings health and happiness and freedom from pain to every woman. Mrs. Neil Ferguson, Ashland, N. S., says: In justice to you, and in the hope that what I say may benefit other suffering women I take pleasure in stating that I have found wonderful benefit from the use of Dr. Williams' Pink Pills. When I began using the pills I was so badly run down that I could scarcely go about; at times I suffered very much and felt that life was a burden. Thanks to Dr. Williams' Pink Pills, I can now say I am enjoying better health than I ever expected to have again, and I can most heartily recommend these pills to other suffering women.

Dr. Williams' Pink Pills cured Mrs. Ferguson because they filled her veins with rich, pure blood so necessary to the health and happiness of every human being. It is for this reason that these pills always cure such troubles as anaemia, neuralgia, heart trouble, indigestion, rheumatism, sciatica, St. Vitus dance, paralysis, kidney and liver troubles, and the special ailments of growing girls and women of middle age. You can get these pills from any dealer in medicine, but you should be careful to see that the full name, "Dr. Williams' Pink Pills for Pale People," is on the wrapper around each box. If you wish you can get the pills by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.
