

NEWS FROM THE COUNTY.

East Florenceville.

On account of the recent fall of snow, the farmers of this settlement have put away the plough and have given their attention to winter work. Quite a number of them intend spending the winter months in the woods.

The Episcopal Sewing Circle of Centreville met at the home of Mrs. Leonard Margison, Wednesday afternoon, 8th inst.

Mrs. Shepherd of Lowell, Mass. is now visiting her parents Mr. and Mrs. James Buchanan.

We are sorry to report that Mr. Samuel Gallagher lost one of his valuable colts a few days ago.

Mr. Lee Margison was visiting friends in Royalton a short time ago.

A very enjoyable evening was spent by the young people at the home of Mrs. Wm. Lewis, on Oct. 27th. Games of various kinds and music were the chief features of the programme after which an oyster stew was prepared by the hostess, and all returned to their homes in excellent spirits.

Mrs. Wm. Cogswell has returned from Windsor where she has been visiting her sister, Mrs. Smith.

Mr. and Mrs. Lester Lewis were visiting friends in East Florenceville Thursday, 9th inst.

Our dry goods merchant, Mr. Nicholas Ruggles, spent Saturday and Sunday with friends in this settlement.

Bath.

The river closed in at this point last night with ice, the water was never lower than at present time to close. The recent rains did not affect any perceptible rise in the water.

Rev. Mr. Cahill organized a lodge of The Independent Order of Good Templars here on the 17th, with a good membership, the lodge meets weekly in C. J. Green's Hall.

It is rumored around that Jonas K. Crain and others intend erecting a lath mill in the immediate vicinity soon, such an industry ought to succeed well here, as lath-wood can be easily secured in large quantities, near by.

Miss Beulah Shaw, Pembroke, Carleton, Co., who has very successfully conducted the Primary Department of the school here during the past year, has resigned, and the trustees have been able to secure the services of Miss Kate Barker, for the ensuing term. Miss Barker formerly has taught the school and is a resident here.

Miss Alward who has been principal of the school for the past two years has been re-engaged for next term.

Miss Blackie of Upper Brighton who has been spending a few weeks here left for her home on Friday last.

Miss Edith Barker daughter of T. H. Barker also left the place to attend business college in St. John, on Friday last.

The numps have been going the rounds of the village and many of the scholars of the day school have been laid by for a few days.

Amongst the visitors to the village recently was W. H. Horn St. John, James McIsaac, East Florenceville and J. J. Hale of Grafton. The men in the immediate vicinity and in the village have about all gone to the lumber woods, that is all those that follow that occupation, in the winter.

Now that the ice has closed in so there is no ferrying and no doubt the ice will again run out as it did the fall of 1901, crossing over to Wicklow, opposite, is almost impossible with safety until likely sometime in January, this shows to us how badly Bath and Wicklow need a bridge.

The village misses the presence of Merrill Taylor of Hartland. Mr. Taylor always had a pleasant word for every one. We hope he will again return to spend some more days here.

Business at the railway station is no so brisk as last week owing to the condition of the roads.

The rain of Thursday destroyed the skating which the young people had been enjoying for a day or two.

Mr. and Mrs. Chas. Plumer, of Jacksonville are stopping at Mr. Ernest Plumer's, who is but slowly recovering from a hurt received some time ago.

Mr. Harry Palmer who has been Book-keeper for McFail & Company railway contractors for the past nine months spent Saturday and Sunday at his home here.

Mrs. James Gardner who has been confined to her bed for sometime is slowly recovering.

A number from here attended the special services at Hartland conducted by Rev. B. Beatty on Sunday and through the week.

Two steam mills are being erected one by McElroy and Son at the Gerchell Dam and the other by McFarlan and Baird a mile farther down the stream.

Mr. and Mrs. Chas. Gardiner of Charleston and Mr. and Mrs. Harry Gardiner of Hartland spent Sunday at Mr. James Gardiner's.

Inspector Meagher visited our school on Monday last.

Miss Idella McElroy spent part of last

week at Woodstock.

Miss Emma DeWane who has been giving Music lessons at Mount Pleasant has returned to her home to spend the winter.

Central Southampton.

The ice is forming very fast in the river and the water will continue very low. The ferry boats have all been taken out.

A daily mail is being strongly agitated through this section which is much needed as we are only receiving two mails a week.

The surveyors who are surveying the railroad passed through Tangle Saturday.

Miss G. A. Grant has returned home having left her brother much improved in health.

DR. WILLIAMS' PINK PILLS.

Find New Health Through the Use of Dr. Williams' Pink Pills.

When you see a young girl pale and ailing and wasting away, you know that budding womanhood is making new demands upon her blood supply which she cannot meet. Month after month her health, her strength, her very life, is being drained away. No food and no care can do her any good. Common medicine cannot save her from broken health and a hopeless decline. New blood is the one thing that can make her a healthy, cheerful, rosy-cheeked girl. And Dr. Williams' Pink Pills actually make new blood with every dose. That is the whole secret of how they have saved thousands of pale, anaemic girls from an early grave. Miss Alice Chaput, aged 17 years, living at 475 St. Timothee street, Montreal, gives strong proof of Dr. Williams' Pink Pills to cure. "A couple of years ago," says Miss Chaput, "I was an almost continuous sufferer, and became so weak I could hardly go about. I suffered from frequent and prolonged spells of dizziness, I had frightful headaches, and my stomach was completely out of order. The least exertion would leave me worn out and breathless, and I did not appear to have a drop of good blood in my body. I consulted a doctor who told me the trouble was general debility, but his treatment did not help me a particle. To add to the trouble my nerves gave way, and I often passed sleepless nights. At this stage a friend advised me to try Dr. Williams' Pink Pills, and I got a few boxes. The first benefit I noticed from the use of the pills was an improved appetite, and this seemed to bring much relief. I continued taking the pills until I had used six boxes, when I was fully restored to health, and I have not had a day's illness since. I cannot praise Dr. Williams' Pink Pills enough for the great good they have done me."

A pale anaemic person needs only one thing—new blood. Dr. Williams' Pink Pills do one thing only—they make new blood. That is all they do, but they do it well. They don't act on the bowels. They don't bother with mere symptoms. They won't cure any disease that isn't caused originally from bad blood. But when Dr. Williams' Pink Pills replace bad blood with good blood they strike straight at the root and cause of all common diseases like headaches, sideaches, backaches, kidney trouble, liver complaint, biliousness, indigestion, anaemia, neuralgia, sciatica, locomotor ataxia and the special secret troubles that every woman knows but that none of them like to talk about, even to their doctors. But you must have the genuine pills or you can't be cured, and the genuine always have the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around the box. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co. Brockville, Ont.

IN BURNING COAL For HEATING and COOKING purposes

There are TWO GREAT THINGS to remember:

FIRST.—To get good quality of Coal.

SECOND.—To get an Up-to-Date Stove.

WE CAN SUPPLY BOTH.

We have the very best grades of Scotch and American Coal. In HEATING STOVES our leader is the "Hot Blast." It will burn hard or soft coal. When hard coal is used it requires attention only twice a day. It is therefore a great labor and fuel saver.

In COOKING RANGES we have the "Grand Jewel" and "Monarch" Steel Ranges, which have no equals as fuel savers and bakers.

Besides the above mentioned stoves we have a great many different kinds for both Coal and Wood. We carry in stock the best assortment of stoves to be found this side of the city of St. John, and our prices are reasonable considering quality. Every stove we sell we guarantee to give first-class satisfaction.

FEEDING FACTS

In ordinary feeding the steer consumes about 3/4 of its ordinary feed; the balance is undigested or wasted.

This undigested balance can be made to give 1/2 to 1 lb. extra gain per day, and at a profit, by adding the "salt, pepper, and gravy" to its food to make it "tasty."

You like these on your own food; why not the animal.

Like ourselves the animal longs for a "tasty" meal.

It starts the "mouth watering" before eating, and the stomach fills with digestive fluids to thoroughly dissolve the food.

This extra amount of digestive fluid dissolves an extra amount of food. This is where the extra gain comes in.

Clydesdale Stock Food

is the "salt, pepper and gravy" that makes the animal's "mouth water." It is equally good for Horses, Sheep and Hogs.

Nothing injurious in it and can stop feeding it without harmful effects. Human beings can take it with benefit. We take it every day. We know its contents. It is made clean.

If not satisfied your money will be cheerfully refunded by the dealer.
