TRUE INSECT POWDER

The best insect powder is ground from the half opened buds of the Persian chamomile. A powder can be pure and yet lacking in killing power because of lack of care in gathering the crude material. We handle a brand that we know to be wholly reliable. We pay for the best and get it and it will pay you to get it. Costs no more than the unreliable sort.

You can tell it by the hang of it. Clothes made in a factory do not reach the perfection and style that tailor-made clothes do, as any man who has tried both knows.

DOUBLE WEAR COLLARS. THEY ARE REVERSIBLE.

When one side is slightly worn, just use the other side. Simple, isn't it?

But what a boon to collar wearers. Both sides are made and stamped identically the same, so that it doesn't matter one jot which the laundryman irons.

Double wear collars come in the newest and most fashionable shapes, and what is most important of all will give twice the service and wear of an ordinary collar. They cost not a penny more. We have the sole control of these collars for this town.
