RHEUMATIC SUFFERERS.

Will find a Certain Cure in the Use of Dr. Williams' Pink Pills.

Rheumatism is a disease of the blood. Every doctor now admits to be the fact. Doctors used to think that rheumatism was brought on by colds in the joints and muscles. Now they know that cold never started the disease—cold only sets the pains going. Rheumatism can only be cured by curing the bad blood which causes it. Dr. Williams' Pink Pills always cures rheumatism, because they actually make new, rich red blood, which drives out the poisonous acids, loosens the stiffened aching joints and muscles and restores the rheumatic sufferer to health and happiness. Dr. Williams' Pink Pills have cured thousands and thousands of rheumatic sufferers, some of them when they were almost hopeless cripples. Mr. T. H. Smith, Caledonia, Ont., says:—"For a number of years I was badly troubled with rheumatism, and was so crippled I could scarcely do any work. I tried quite a number of medicines, but they did not help me. Then I saw Dr. Williams' Pink Pills advertised as a cure for this trouble, and got a supply. After I had taken a few boxes I saw they were helping me, and I continued taking the pills throughout the winter, an am now completely cured. I have since worked out of doors in cold weather without a coat, and did not feel even a twinge of the trouble."

If you are suffering from any disease due to bad blood or disordered nerves, Dr. Williams' Pink Pills will cure you, because they make new rich blood, which goes right to the root of the disease and drives it from the system. That is why Dr. Williams' Pink Pills cure such troubles as anaemia, indigestion, palpitation of the heart, neuralgia, headaches and backaches, kidney and liver troubles, St. Vitus Dance, paralysis, and the special secret ailments of girlhood and womanhood. But only the genuine pills can do this and these always have the full name "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by Medicine dealers everywhere, or sent by mail at 50 cents a box or six boxes for 2.50, by writing the Dr. Williams' Medicine Co., Brockville, Ont.

Sister Mary Christina.

The death took place at St. Vincent's Convent Thursday morning of Sister Mary Christina, one of the oldest members of the community of the Sisters of Charity in the maritime provinces. Before entering the community the deceased's name was Miss Mary Ann Collins. She was born in Londonderry, Ireland, 80 years ago and had been a member of the community for a great many years. Prior to entering the community the deceased resided with her parents at Woodstock. After teaching for some time in several missions of the community, Sister Mary Christina came to St. John, where she spent the last fifteen years of her life. Though she had been in failing health for some time it was not until Wednesday that she was confined to her bed.
