When We Discovered

that Ozone (the coupon kind) should always be taken with Celery King to make a cure certain, we decided to give you the Celery King free of cost. This seemed the only fair way, the only way to cure you without you having to spend any more money. We scarcely realized at the time just what expense this would mean to us. We did not know then that we would have to give away over 100,000 25c. packages of Celery King in a few months time, but we are satisfied—more than satisfied—when we realized how many sufferers have been cured through us, sufferers from all kinds of germ troubles such as Rheumatism, Kidney Trouble, Stomach Trouble, Malaria, etc. Be sure and ask your druggist for Ozone (the coupon kind), because this is the only way in which you can obtain a package of Celery King free of cost. THE PUBLIC DRUG CO., BRIDGE-BURG, ONT.

GOOD-BY.

Good-by, proud world I'm going home.  
Thou'rt not my friend, and I'm not thine.  
Long through thy weary crowds I roam  
A river-ark on the ocean brine,  
Long I've been tossed like the driven foam,  
But now proud world, I'm going home.

Good-by to Flattery's frowning face,  
To Grandeur, with his wise grimace,  
To upstart Wealth's averted eye,  
To supple Office low and high,  
To crowded halls, to court, and street,  
To frozen hearts, and hasting feet,  
To those who go, and those who come  
Good-by, proud world, I'm going home.

I'm going to my own hearth-stone  
Bosomed in yon green hills alone  
A secret, nook in a pleasant land  
Whose groves the frolic faries planned,  
Where arches green the livelong day  
Echo the blackbird's roundelay  
And vulgar feet have never trod  
A spot that is sacred to thought and God.

Oh when I am safe in my sylvan home,  
I tread on the pride of Greece and Rome,  
And when I stretched beneath the pines  
Where the evening star so holy shines  
I laugh at the lore and pride of man  
At the sophist schools and the learned clan,  
For what are they all in their high conceit  
When man in the bush with God may meet?

A GUARANTEED CURE FOR PILES

Itching, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

New School Legislation.

Last week in the legislature the Hon. W. P. Jones, Solicitor General, introduced a bill in addition to and in amendment of the school act, which he explained section by section.

Section 1—Provides for including the cost of free text books and other necessary supplies in the district assessment.

Section 2—That five acres of land instead of one acre may be attached to consolidated schools.

Section 3—That vaccination certificates for pupils shall be henceforth looked after by the board of health and by the teachers.

Section 4—That after a Grammar school has existed for ten years the board of education may withdraw the grant there from and transfer it to some other school in the same county.

Section 5—Children of residents of a county may be educated in the grammar school from Grade IX, up. The lower limit now is Grade VIII.

Section 6—To empower the teacher to preserve order and protect the pupils from interference and annoyance by outsiders.

Section 7—To empower the board of education to strike from the list of districts any school district that has neglected for two successive terms to maintain a school in operation or has failed to make provision for the conveyance of the children to the school of a neighboring district as by law provided and annex the property there of to a contiguous district or districts.

WOODSTOCK, N. B., MARCH 21, 1906.

Our Friend Bruin.

(Canadian Baptist.)

Our common black bears usually start on a roaming expedition early in November. They will turn up in the most unlikely places; often wandering into old settled parts of the country. I once met a very large bear near Ferguson's Falls a part of the Lunenburg County that has been settled for more than a century. He was shot a few days ago by a man whose orchard he was robbing. Bears are partial to apples. I have known an old bear to take up her abode in a small swamp near an orchard. The owner did not know what was stripping his trees until one day he discovered the old bear seated at the foot of the tree, up which she had sent her cub to shake down the apples. When the bear finally concludes that it is time to stop his wanderings and to look for winter quarters, he usually selects an up-turned tree, under the roots of which he makes what Kipling would call 'his well-dugged lair.' This he does by paving away the earth, lining the hole with leaves and moss, and excluding the cold by banking around with branches and leaves. When the heavy snow descends it forms a complete mantle of warmth and concealment. There the bear sleeps away the long winter, until the warm sun of March or April wakens him to life again.

Bears go into their dens very fat; and on this fat they live during the winter. The popular story of the bear subsisting by sucking his paw, has no foundation in fact.

The Red Rose Flavor  
and Strength

No Ceylon tea nor Indian tea alone can have the "rich fruity flavor" of Red Rose Tea, because neither variety in itself possesses all the qualities of strength, richness, delicacy, and fragrance. Each has its own peculiar qualities, but each has its weaknesses.

By combining the two in the Red Rose proportions, I produce a tea with the "rich fruity flavor" and strength of Red Rose Tea, a flavor and strength found in no brand of Ceylon alone.
