

NEWS FROM THE COUNTY.

Lansdowne.

This community was shocked on Saturday morning, 10th, to hear of the death of Albert Parlee, a respected resident of this place. He had complained of not feeling well but had retired the same as usual on Friday night. As he did not get up at the usual time, on going to his room, he was found dead. He was 74 years old. He leaves a widow, four sons, Arthur of Caribou, Chester of Bath, Albert of Washington, Frank of Winnipeg, and two daughters, Mrs. McMonagle of Greenfield, and Mrs. McLaughlin of Fort Fairfield. The funeral services were held in the Union church here and were conducted by Rev. Mr. Marr of Hartland.

Centreville.

The mercury stood at 22 below Monday morning. Quite a contrast between this and last spring.

In the Baptist church Sunday morning the Rev. Mr. Freeman gave notice of his resignation to take effect in June. The reason that Mr. Freeman gave was that he wanted to better prepare himself for the work before him by attending some college for that purpose. In his pastorate here he has many warm and lasting friends who regret to hear of his decision to leave.

In the Methodist church in the afternoon the Rev. Mr. Turner gave a very interesting discourse from the words "What do ye care more than other, a selection from 'the sermon on the mount'."

The funeral of Mrs. Douglas Tracy took place at Tracy Mills church last Friday. Mrs. Tracy was a daughter of Thomas Reed formerly of this place. Mr. Tracy has the sympathy of the whole community in his sad bereavement.

Mr. and Mrs. S. W. Niles are visiting friends in Stanley, York County.

The many friends of F. G. Burt will be pleased to learn that he is still improving.

L. L. Clark is making preparations to build a dwelling house on the south side of the stream.

The play given by the Woodstock Glee Club was not as successful as expected owing to the very bad state of the roads but the play will be repeated and it is to be hoped when it is every one can get there.

Mr. Jos. Hawker, druggist, has been quite ill but is much better.

Mrs. E. Hoyt is also recovering from her recent illness.

Mrs. F. D. Tweedie and Mrs. Morris Burt are in Montreal with their children where they have gone to place them in the General Hospital for treatment.

Very little hay is being shipped at present owing to the extremely low price and the farmers in this section are beginning to turn their attention in other directions.

Burton Clark has returned from visiting his brother, Dr. Eugene Clark, of Western Maine.

Dibblee & Son is putting in large stocks of brick, lime etc., while it can be hauled from the station on snow.

Robert Reed has returned from visiting his brother in Hartland.

It is thought by many that the maple sugar season will be a very profitable one and preparation are already being made to take advantage of it.

Florenceville.

Miss Jen Jewett left last Thursday for St. John to attend the millinery opening. From there she goes to Campbellton.

How it Happened.

From The Chicago News.

"Where's the little girl?"  
 "Playing out in the street. Didn't you just see her dodge an automobile?"  
 "Where's the little boy?"  
 "Out on the back lot throwing stones at the neighbors' cats."  
 "Where's the baby?"  
 "Down in the basement playing with a box of matches."  
 "Great Scott! Where is the mother?"  
 "Over to Mrs. A's helping her to write an article for a mothers' magazine entitled: 'How to Raise Children.'"

A SPRING TONIC.

Dr. Williams' Pink Pills Make Rich, Red Health-giving Blood.

Cold winter months, enforcing close confinement in over heated, badly ventilated rooms—in the home, in the shop, and in the school—sap the vitality of even the strongest. The blood becomes clogged with impurities, the liver sluggish, the kidneys weakened, sleep is not restful—you awake just as tired as when you went to bed; you are low spirited, perhaps have headache and blotchy skin—that is the condition of thousands of people every spring. It comes to all unless the blood is fortified by a good tonic—by Dr. Williams' Pink Pills. These pills not only banish this feeling but they guard against the more serious ailments which usually follow—rheumatism, nervous debility, anaemia, indigestion and kidney trouble. Dr. Williams' Pink Pills are an ideal spring medicine. Every dose makes new, rich, red blood. Every drop of new blood helps to strengthen the overworked nerves. Overcomes weakness and drives the germs of disease from the body. A thorough treatment gives you vim and energy to resist the torrid heat of the coming summer. Mr. Mack A. Meuse, Slocie Point, N. S., says: "I was so completely run down that I could hardly work. I decided to try Dr. Williams' Pink Pills, as I had heard them highly spoken of, and a few boxes worked a great change in my condition. I am again feeling as well and strong as ever I did and can recommend the pills to all weak people."

It is a mistake to take purgatives in the spring. Nature calls for a medicine to build up the wasted force—purgatives only weaken. It is a medicine to act on the blood, not one to act on the bowels, which is necessary. Dr. Williams' Pink Pills are a blood medicine—they make pure rich, red blood, and strengthen every organ of the body. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

A Word About the Construction of

CREAM SEPARATORS

It has never been our practice in advertising to try and elevate the reputations of our goods by any attempt to discredit the goods of our competitors. We never claimed to have the ONLY CREAM SEPARATOR. However we have not been treated in a similar manner but fast and furious have rained down upon us a tirade of bombastic advertising where-in we have been accused of having the one Cream Separator you should NOT buy.

Now Ladies and Gentlemen we are not mad on the contrary we owe our competitors quite a good deal for advertising our goods, but we ain't going to pay the debt. Let us examine the criticisms a moment.

1st.—Look out for that worm gear. But what are the facts, 1st.—Nearly all Cream Separators made are worm geared machines. What does that teach? Either nearly every manufacturer is in a lot of trouble or else it is a good style of gear.

2nd.—Worm gear has been used in hand separators for a generation, at least twenty years, yet our Expert Critic was the first to find out that they were of no use. What does that mean? That the pill won't go down with the buyer. Our rival separator has been with us two years.

3rd.—There are several Cream Separators in CARLETON COUNTY about ten years old that are still running. Some of the owners are W. Kirkbride, Avondale; Chas. Gray, Waterville; Barry Emery, Jacksontown, and others. All Sharples.

What about the worm gear? Never heard tell of it before. Some would have to look before they would know that they had a worm gear. They have worn out spindles and bearings the same as all other separators will wear out spindles and bearings, but never the gear, its absurd for the gear is not where the greatest friction is.

We said that spindles and bearings wore out and that is true. We have NOT a machine that NO PART will ever wear out. The life of a spindle in a Cream Separator is from four to six years, and then what, well you will have to buy a new one. Ours will cost you a trifle because it is NOT PART OF THE BOWL.

Look at our competitors machines and you will see that their spindle is PART OF THE BOWL. Then what, well you must buy a new BOWL, SPINDLE and all, and the cost is such that you will just buy a new separator and you will look out next time that the spindle is NOT PART OF THE BOWL, but rather a separate piece.
