The body arrived on Wednesday and the funeral took place on Thursday and was largely attended. Dr. Clark was a mason and was buried by the Order, a large number of Masons being present. The school rendered a very suitable programme for the occasion and a number of speakers were invited but owing to press of business the Local Members of the House of Assembly were unable to be present. CHILDHOOD AILMENTS.

Most of the troubles that afflict little ones may be traced to the stomach or bowels and if these are put right the child will get well and thrive well. Baby's Own Tablets will cure all stomach and bowel ailments, and all the other minor troubles of babyhood and childhood. And the mother has the guarantee of a government analyst that this medicine contains no poisonous opiate or harmful drug. Mrs. Wilbret McKenzie, Chelmsford, Ont., says: "My little girl was troubled with obstinate constipation to such an extent that we did not think she would live. She cried almost constantly and was wasting away. I got a box of Baby's Own Tablets, and in three days found a great improvement. I continued giving her the Tablets for nearly a month, and every trace of the trouble has disappeared, and she has since been a bright, healthy child and has grown nicely." You can get the Tablets from any medicine dealer or by mail at 25 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.
