### THE DISPATCH.

FRED. H. STEVENS, Reporter, and Manager Hartland Branch Office.

### WOODSTOCK, N. B., MAY 9, 1906.

### Weather For May.

According to Hicks, the prophet, there will be four storms during the month of May. He predicted unsettled, threatening weather for the first few days; and we got the goods all right.

A regular storm period will have its centre on the 9ch, when there will be profuse, warm rains, followed by cooler weather, northwest winds and frosts.

The next storm will appear about the 14th; and the following days, 15th and 16th, will, according to Hicks, be the criterion for the next six weeks. If dull and rainy then, that kind of weather will prevail all through the rest of May and through June. But if the weather looks fine and settled the indication is most certainly favorable. Therefore take note of the weather as it will be a week from today.

There will be another storm period central on the 20th, but the severity of the disturb-ance will be governed by the condition existing on the two days mentioned; as will also the last storm period, which accures on the 26th to the 28 h.

For the 21st of June Mr. Hicks predicts severe earthquake and volcanic disturbance and remarkable electric phenomena. Make a note of this.

#### LOCALS.

Louis Stone went to Fredericton last week.

J. W. Astle, Woodstock, was here on Monday.

Fred H. Stevens made a trip to Houlton this week.

George L. Holyoke, of Woodstock, was here on Thursday.

Heber Hatfield, Simonds, has been on a business trip to Houlton.

Miss Mabel Phillips was in Woodstock a couple of days last week.

Percy Masters and F. S. Farris, St. John, were at the Commercial last week.

W. R. Gillin returned on Friday from a trip to the Island and the North Shore.

D. R. Clarke, acting inspector of the Bank of Montreal, was here on official business last

recently.

The amount of phosphate sold here this year is several times more than that of last, or any other year.

store here two or three years ago, and who married Miss Carrie Meredith of this village, died at Fredericton on Sunday. He was a much liked young man.

Alf. Benham who was a clerk in Fickler's

Mrs. W. H. Sipprell, of Somerville, showed THE DISPATCH correspondent a hen's egg that weighed half a pound and measured  $6\frac{1}{2}x8\frac{1}{2}$  inches in circumference. It was the product of an ordinary hen.

The young men of the village are organizing a base ball team. They have secured a lot from Frank Hagerman and are getting all the accourrements for the game. The "lineup" will be published next week.

The paragraph of a couple of weeks ago which stated that Scott Sipprell would occupy the stand where McAdam & Son do business was erroneous. The McAdam's will remain at their present stand until August next. Mr. Sipprell is opening up for business in the other Boyer building below the bridge.

R. A. E. Mitchell, H. A. Perry St. John; T. McGowan, Fredericton; D. R. Clarke, Halifax; J. Rice Watson, Mount Pleasant; J. S. McDonald, Toronto; R. Hackwell, Worcester, Mass., and T. D. Rand, Rock Island, were at the Exchange within the past few days.

Rev. Burton E. Stockford who has been conducting special meetings with good results at Windsor, preached at the Lower Baptist church on Sunday evening, in exchange with the pastor. Rev. C. T. Phillips, who preached at Windsor a sermon intended to appeal to the young people.

It is surprising how the traffic across the bridge has increased since those ancient days when tolls were collected. As a matter of fact many people from the west side who never before trod here have visited the town and signified their intention of coming often. It is thought that three teams cross the bridge where one formerly passed over. Trade in the village is certain to increase appreciably; at any rate the people will have some other use for the \$1,200 that before was paid in tolls.

### A DANGER TO CHILDHOOD.

No mother would give her little one poison if she knew it, and yet all the so-called scothing syrups and many of the liquid medweek. Mrs. D. E. and Miss Mabel Morgan were visiting Mrs. J. Sterling King, Woodstock, guarantee of a government analyst that this medicine does not contain one particle of opiate or narcotic that it cannot possible do harm. This assurance is worth much to the mother who cares for the safety of her little ones. Mrs. Chas. McLaughlin DeBert Station, N. S., says: "I have used Baby's Own Tablets for colic, stomach troubles and other ailments of childhood and find them so valuable that I would not be without them in the house." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## PERSONAL.

We sell. the most Artistic Wall Paper at 10, 14, 15, 16, 18, 20, 25, 30, 35 and 40 cents for the large double roll and give you enough border.

E. C. Morgan was seriously ill last week. Dr. Curtis has succeeded in getting him on his feet, however.

Rev. A. A. Rideout, Fredericton, was visiting his parents, Mr. and Mrs. A. W. Rideout last week.

Squire Albert Orser who has suffered illhealth all winter is, he thicks, likely to "spring out" all right, and to be himself once again.

Sayre's mill starts up this week for the season's cut of long lumber and laths. The drive got in after very little more than a week's work.

two weeks with his daughter at Bath stopped over Monday with friends here while on his way home.

With the "hobo" on the route again, making it possible to go and return the same day, Woodstock may expect to see more of its upriver friends in the future.

The high water damaged the abutments of the railway byidge across the Becaguimac to some extent. On Monday an auxiliary train and crew were at work making repairs.

All the drives upriver are reported as making splendid progress. None of them have beaten Sayres' Guimac drive however, which in barely more than a week completed the job.

Improvements are being made in the Hay-den house on Main street occupied by W. W. Ross and James Montgomery. A veraudah is being built on the back and a balcony on the front.

The people of Somerville have got in working order the school beli that has been in disuse for many years. Its mellow tones may be heard several times daily. It was intended to have the bell ready to send forth a triumphant peal on the day the bridge was made free but failed in some way to make connections.
