

NEWS FROM THE COUNTY.

Northampton.

This winter, like the summer and fall which preceded it, will go down into history as one of the mildest ever seen in this country, an agreeable change from the last two winters.

The farmers in this place are as usual actively engaged in the lumber, wood and bark industry. Gibson Bros. have about 15 men and two teams at work, Nammie Marsten about 6 men while Bamford Bulmer has a large number of men and teams hauling Scott. Bros. bark to town from Campbell Settlement. The soft condition of the roads has proved a serious impediment of late.

Chas. W. Connell has sold 100 acres of wood land for a substantial sum to Greely Shea of Grafton.

Justus Gill has been in Hartland the past two weeks repairing some mill machinery. John Kidney who had the misfortune to break his leg in the early fall is just getting about a little for the first.

Chas. P. Bull is in Fredericton attending the Farmers and Dairymen's Association. Capt. W. R. Marshall, D. S. A., St. John, spent Sunday afternoon with J. J. Bull.

Roy Appleby cut his foot very badly last week necessitating a good many stitches by Dr. Sprague.

Stanley Patterson spent Sunday and Monday among relatives in Southamptton.

Mr. and Mrs. Silas Heughins, Houlton, are spending a few days with Mrs. Ives.

Miss Tiny Glidden, town, spent last week the guest of Mrs. Robert Rolston.

Miss Martha McGee was taken to the Carleton County Hospital last week to undergo a severe operation for an internal trouble.

Fred Olmstead who for a few weeks was engaged in getting lumber with his father Mr. William Olmstead, on the railway land, left for home in Edmundston last Monday.

The trustees of No. 2 school District were unable to secure a teacher for their school at the Bluff this term. Miss Ives is in charge of the school in No. 3 District.

Kirkland.

The weather is very mild at present. Several of the teams and men came from the woods because it was so wet to haul lumber.

Mrs. John Dickinson, (formerly Annie Jackson) is teaching the school in this place. She is much liked by parents and pupils.

Andrew Dickinson who was in Nova Scotia visiting relatives has returned home and gone to the woods.

Herb Jameison from Canterbury was in this place on a business trip.

Laura Kennedy has returned home from the United States.

Rev. J. W. Fowler has received a call to preach in Musquodoboit, Nova Scotia, and will leave in a few days for that place.

Mr. and Mrs. Hartin, Miss Boardman and Mrs. William Graham from Hartin Settlement have been visiting Mrs. John Bunting.

Mabel McNeelin is busy sewing. She is an excellent dress-maker.

William Martin from Union Corner made a flying trip to this place recently.

Bristol.

Dr. Wright left on Tuesday last for North Dakota, where he has a good situation awaiting him.

Chas. Porter was quite seriously injured on Tuesday last, by being thrown upon the ice, and kicked by a young horse he was leading. Dr. Cummins was called and rendered the necessary surgical aid.

Charles Tinker has returned from Montreal being very much improved in health.

Miss Cora McIntosh, and Miss Maud McIntosh of Glassville left on Wednesday for Sackville.

Mr. Judson Estabrooks of Colorado has been visiting his brother S. E. Estabrooks of Bristol.

A branch of the W. C. T. U. will be organized in the Baptist Church on Tuesday afternoon. In the evening a gospel temperance meeting will be addressed by Rev'ds L. A. Fenwick, J. H. A. Anderson and J. B. Young.

Mr. and Mrs. Hugh Tweedie, Upper Wicklow, spent Sunday with friends in the village.

There is excellent skating on the river now.

Miss Harper of Chipman, Queens Co., who is teaching at Wicklow, was in Bristol on Sunday.

A 10 cent supper will be held on Thursday evening at the residence of Mrs. J. Farley, proceeds to go towards the Bell fund of the Baptist church.

Centreville.

Rev. Joseph Cahill has been in the village for the past few days.

Mr. and Mrs. John Barter, of Avondale, were the guests of H. T. Scholey on Sunday.

Alf. Gilland, of Mar's Hill, who was so seriously injured a few days ago is reported to be improving though he is not out of danger yet.

F. G. Burt is still confined to his house through illness and shows very little improvement.

L. B. Clark has not yet returned from Boston.

Samuel Barter organized a Court of Canadian Foresters in H. Clark's Hall on Wednesday evening last with an enrollment of sixteen members, some of whom belong to the independent Order. F. D. Tweedie was elected Chief Ranger; Jas. O. Steeves, Recording Secretary; H. O. Clark, Financial Secretary; Truman Jones, Treasurer; Burt White, Chap.; H. W. Peppers, Vice-chief Ranger, and Court Physician. The place of meeting will be in Clark's Hall on the last Saturday in each month. It is said that a number from Good's Corner are going to join the court here.

Rev. Mr. Freeman was circulating a petition asking the Government to pass a law regulating the observance of the Sabbath and it must have been gratifying to those parents who signed the petition to see their boys take their coasting sleds Sunday and hie them away to the hill side to enjoy the pure air

and exhilaration of a down hill spin over the hardened snow.

The sad news reached here a few days ago that Hewlett White, son of Charles White, died of pneumonia out west.

Central Southamptton.

The heavy rains and warm weather of last week has taken off nearly all the snow. The crossing on the river is good again.

Mr. Chipman Grant took a load of young people to Mr. Woster Cronkrite's camp Friday evening. The genial cook Mr. Abraham Cronkrite had a sumptuous supper prepared for them. A very pleasant evening was spent and the ladies were presented with fans made by the boys.

The Eclectic Club met at Mr. G. A. Grant's Saturday evening.

The young people are enjoying good skating.

Mr. McFarlan, of Nashwaak, spoke in the Reformed Baptist Church Sunday afternoon on the work of the Sunday School.

Mr. and Mrs. McFarlan and Mr. Dunphy and Miss Prue Dunphy were the guests of Mr. and Mrs. F. R. Brooks, Sunday.

Mr. Hamilton assisted by Mr. Chas. Grant held service in the Reformed Baptist church Sunday evening.

The sewing circle will meet at Mrs. Duncan Patterson's Wednesday afternoon.

Mrs. F. R. Brooks went to Fredericton this morning where she will be under the treatment of Dr. Atherton.

East Florenceville.

Everybody skating last week.

There was a great turnout at the social last week in Burnham's Hall. Seventy dollars was raised which goes to the band.

Last Saturday was a busy day on the ice. Some speedy ones were there which made some hot brushes down the track.

Mrs. Dole and her son, Harold, returned from St. John last week.

H. H. McCain shipped three carloads of potatoes last week.

Wm. Armstrong shipped a carload of fat cattle, Friday.

Bath.

This community was surprised on hearing of the death of Mrs. Cornelius Sullivan of Holmesville recently, leaving a small family of five children, the youngest being but two weeks old. Mrs. Sullivan was a young woman in the prime of life. Much sympathy is expressed for her husband and children.

Miss Eliza Moore a very respected lady died at her residence here Monday morning. Miss Moore leaves four half brothers, Robert Squiers of this place, William Squiers of Upper Kent, Nathan Squiers residing in Fredericton and Jabez Squiers now residing in Sydney, C. B.

The recent rains and cold weather have provided excellent skating on lakes and ponds in the near vicinity and on the river, which is being enjoyed by both old and young.

Many of the residents are glad to learn of the prospects of the Company that had undertaken the work of supplying electricity at the Aroostock Falls, that they will extend wires down the Saint John Valley, to supply power and light to the villages along the river.

The young people of the Town are talking of forming a literary society soon.

William DeMerchant an old resident and one of the first settlers was buried on Thursday last.

Rev. L. A. Fenwick conducted the usual services in the Union Baptist church on Sunday at 7 p. m. The Union Sunday school of this place is doing a good work. Mr. Robert Squiers still remains the efficient superintendent.

Andover.

Mr. Smith the popular traveller for Ren & Robertson, is in town.

Mr. and Mrs. T. J. Carter leave today for Fredericton for a week.

Mrs. Wm. Curry is giving a birthday party this evening for her daughter Jennie.

Basket Ball is the topic of conversation here at present. The young ladies have a team also the young gentlemen. They expect to play a matched game in the future.

Howard Porter is going in the woods to regain his health.

Mrs. J. Stewart is on the sick list.

Mr. Thomas Lawson leaves today for Fredericton.

Miss Sarah Watson is on the sick list.

The many Friends of Miss Hale extend their deepest sympathy in her sad bereavement.

Mrs. Welling is on the sick list.

Rev. F. M. Bedell has returned from Woodstock.

A Different Dye.

It used to be: one dye for silk, another for wool, yet another for cotton.

DY-O-LA is a different dye.

The same package colours anything in cloth. Gives exquisite shades that the sun won't dim.

With the exception of green and purple, **Dy-o-la** does not stain the hands or boiler.

For doubling the usefulness of drapes, gowns and things, no dye's so easy, so satisfactory, so economical as **Dy-o-la**.

Mrs. W. Obleman, Ellisboro, Sash., writes—

"**Dy-o-la** colours mixed goods better than any dye I ever tried."

At your druggist's 10c. Send 2 cent stamp to The Johnson-Richardson Co., Limited, Montreal, Can., for color-card—dyed exactly as you'd do it at home.

Newspaper Plant Destroyed.

D. Ross, editor of the Daily News, Amherst, N. S. received word Monday from Springhill Mines stating the office of the Tribune, of which he is owner, was broken into Sunday night. A large quantity of type was taken while the balance was either emptied into the stove or strewn about the street. This will have the effect of putting the Tribune out of business for a few days until new type is procured.

A MOTHER'S DUTY.

She Should Carefully Guard the Health of Her Growing Daughter—Her Future Happiness Depends Upon the Change from Girlhood to Womanhood.

Every mother should watch with the greatest care the health of her growing daughter. She is a girl today—tomorrow a woman. The happy health of womanhood depends upon this vital change from girlhood. When nature makes new demands upon her blood supply, you must build up her blood with Dr. Williams' Pink Pills. Her system is unequal to that strain if her back aches, if she is pale or thin, dull-eyed or languid. Dr. Williams' Pink Pills will give her new, rich, red blood and her tide over the crisis. Dr. Williams' Pink Pills will make development perfect and regular—they will make her a strong, happy, graceful woman. Miss Eeneine Vilandre, St. Germain, Que., says: "While attending school my health began to give way. I suffered from headaches and dizziness, my appetite left me and I grew pale as a corpse. As the doctors did not help me any my father got me a supply of Dr. Williams' Pink Pills. Before I had used two boxes there was an improvement, and when I had taken a half dozen I was again in perfect health. I believe all weak girls will find new health if they take Dr. Williams' Pink Pills."

Thousands of growing girls, and thousands of women owe health and happiness to Dr. Williams' Pink Pills. They keep the blood rich and pure and regular. They banish headaches and sideaches and backaches, and they bring the rosy glow of perfect health to pale and swollen cheeks. But you must get the genuine with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Town Council.

(continued from first page)

Coun. Fields, John Thibbideau was appointed an assistant assessor at \$25.

On motion Coun. Fields said he had been requested by Frank Burpee to present that gentleman's name for chief of police.

On motion Coun. Fields, seconded Coun. Fisher, Owen Kelley was re-appointed chief of police etc., for current year.

On motion Coun. Fields, seconded Coun. McManus, Thomas McCarron was re-appointed night watch for current year.

On motion Coun. Leighton, seconded Coun. Henderson, the finance committee will go over the assessment, ferret out the proper names, and notify the delinquents that a lien will be placed on their property if the taxes are not paid before the second meeting in February.

Motions were made giving the respective committees power to make arrangements with a bank to carry on the town business, to make another contract with the keeper of the poor farm, and to purchase wood for the pumping station.

Column Made The Dam.

(New York Times.)

A strange method of building a dam has been successfully tried on the Canadian side of Niagara Falls, where in order to increase the depth of water in the joint intake of the city of Niagara Falls, Ont., and the Niagara Falls Park and River Railway, Isham Randolph, an engineer of Chicago, decided that a dam was necessary. As the point is close to the brink of the Horseshoe Fall, it was impossible to employ the ordinary forms of construction, while it was also impossible to tell exactly the depths of water where the dam was needed. Careful investigation was made, and Mr. Randolph designed a concrete column that was to be tipped over to form the dam.

This column was fifty feet high and seven feet four inches square. It was built on top of a wooden trestle twenty feet high that stood close to the edge of the river. It was built in wooden frames, which were removed after all the concrete was in place, to give the material a chance to dry hard before it was tipped over. For more than a month it stood in the sun and wind drying out. Every eight feet of its height a wooden wedge was inserted on one side to break the column into six sections when it fell, and up through the centre a heavy chain was run to hold the sections together, so that they would not be caught by the current of the rapids and hurled over the fall.

Announcement was made that the column would be tipped on the afternoon of Thursday, November 9, and an immense crowd gathered. It was a feat of great engineering interest, and in the crowd were many of the engineers engaged on works at Niagara. Three jacks were installed and operated under timbers at the base of the trestle. For more than an hour men worked hard at them, gradually elevating the framework of the trestle. At first no change was observed in the position of the column, but by the time the jacks had raised the timber five or six inches the column began to incline toward the water. When it got away from its perpendicular position everybody was alert, and even while the men were getting more timber to raise the jacks higher it was seen to start and of its own weight it made the plunge into the river. There was a mighty splash, and the roar of the crowd drowned the roar of the falls. When it struck the column broke as expected, into sections, but at the centre they did not settle down to the water level, as the sections appeared to have wedged against each other. It is expected,

NEW SPRING GOODS
Arriving Daily.

The Largest and Best Assortment of Dry Goods, Novelty, Gent's Furnishings, Ready-to-Wear Clothing, Hats, Caps, etc., ever shown in this county.

THE BALANCE OF OUR

\$12.00 Jackets for \$5.00
7.00 and \$8.00 Jackets for \$3.00

LALIES' FUR COATS,
AT LESS THAN COST.

Do not fail to secure 2 or 3 pairs of our P.
D. Corsets at 49c. before they are all sold.

OAK HALL. B. B. MANZER.

BLATCHFORD'S FILL THE BASKET
POULTRY MEATS.

The best poultry tonics and true supplemental nutriment only. Composed of choice beef meal, Sunflower seeds, specially prepared oyster shells, Albuminous Compounds, Iron, Red Pepper, Ginger and Oil, in the correct proportions. Just what poultry require in one unequalled convenient food.

Geo. W. Miller of Green Creek, N. Y. says:—"We raise a few chickens for our own use, about 30. Between Thanksgiving and Christmas was getting an average of two eggs a day. I commenced feeding the FILL THE BASKET POULTRY MEATS on Dec. 5th, but saw no results until about the 15th. Then got three, four, five and eight a day until Christmas and since then until January 4th an even dozen per day. So now I know from personal experience it is a good thing. I feed $\frac{1}{2}$ and $\frac{3}{4}$ cracked corn."

Mrs. K. W. Durfee, Fosterville, N. Y. "I have been using Blatchford's FILL THE BASKET POULTRY MEATS this winter (1905) for the first time and get such good results that I don't like to get along without it. I am the only one in the neighborhood who realizes anything from their hens this winter."

For sale only by **W. F. DIBBLEE & SON.**

Woodstock and Centreville.

The Great Stock Food.
PURE SUGAR AND FLAXSEED.

Composed of three elements necessary for profitable feeding, viz: OIL, SUGAR and ALBUMINOUS COMPOUNDS. Just the elements the ordinary food is lacking in.

The OIL keeps the bowels regular and the coat slick and glossy. The SUGAR obtained from Locust Beans only increases the appetite, aids the digestion and is a great energy producer.

The ALBUMINOUS COMPOUNDS, Gentian, Foenugreek, etc., enrich the blood, cause the animal to put on flesh and fat rapidly and tone up the system.

BLATCHFORD'S PURE SUGAR and FLAXSEED containing pure flaxseed with the oil all in it, contains twice as much oil as the best oil meal. There is no Molasses or Grain Hulls used in BLATCHFORD'S SUGAR and FLAXSEED. It does not ferment, mould or cause diarrhoea and stomach trouble.

"The best food for stock at one fourth the price of Stock Foods" is what progressive stock owners say.

WHAT IT DOES.

1. Puts a bloom and finish on cattle and horses intended for the Fairs, Shows, etc., or for sale, that nothing else does.
2. That it considerably increases the flow of Milk in Dairy Cattle as much as 18 per cent. in some instances.
3. That it is excellent for horses, keeping the bowels regular and the coat always slick and glossy. It is used in the U. S. Army, by many Fire Departments, Breweries, large Teaming Concerns, and amongst Coachmen where it is desirable that the horses should have a fine showy appearance.
4. That it is very healthful food to give to Hogs. It keeps their bowels regular, tones them up and puts new life into them. Little pigs thrive remarkably upon it. NOTE. The LOCUST BEAN is called the Swine Bread of the East.

For Sale Only By,

W. F. DIBBLEE & SON,
WOODSTOCK AND CENTREVILLE.

however, that they will settle gradually. As soon as the column was in the water and the dam thus made, the water backed into the intake, increasing the depth ten and a half inches, all that was expected. This is the first dam ever built in this way, and the work was successful in every particular.

THE New Brunswick legislature will meet next week, Thursday February 8th.
