ALBAN FORSYTH.

Maple Dale.

The picnic held in the Grove opposite Mr. Jas. Atkinson's, was a decided success. The weather was all that could be desired and a large number of people from the surrounding districts gathered to enjoy themselves. A short programme was given by the pupils, consisting of songs, recitations and dialogues.

It had been decided that a name should be given to this place which is sometimes called Tapley Mill but is at least two miles from that place. A paper was passed around containing the following names: Woodside, Maple Dale, Fern Ledge, Forest Glen. A vote was taken on them and as Maple Dale received the majority of votes, it was decided that, in future, we would always designate it by that name.

The teacher on behalf of the pupils wishes to thank the boys of the district for their kindness in building the platform and seats on the picnic ground.

To new subscribers we shall give The Dispatch from now till Jan 1908 for \$1.00

Prescription

Judgment.

One peculiar and mistaken idea exists in regard to the filling of Prescriptions. Many people think Prescriptions must be taken to the store upon whose blank they are written. This is an error. You have a right to exercise your own judgment as to the druggist to fill it, as you had to choose the physician who wrote it. Any physician in this locality will be glad, we are sure, to have us fill the prescriptions he writes.
