Lynch for the driving on the South West Miramichi upper corporation has been completed and that the drive on the lower corporation is now being carried on by the Miramichi Lumber Co., the new owners of the Richards property. THE St. John Telegraph of last Thursday said:—"Prostrate" beneath an infuriated bulldog, bleeding from more than a score of savage bites, and with the brute's fangs tearing at his neck, young Roy Campbell, of Carleton, had an experience yesterday afternoon that will leave its marks upon him for the rest of his life. But for the providential appearance of two men, it is probable that the lad would have been so badly mangled and wounded by the brute that he would have died from the effects. As it is he may be a patient for a considerable part of the summer, and in the event of blood poisoning developing, even the worst may be feared. With difficulty was the animal dragged away from the boy.
