### Hastie-Sinclair.

A quiet, but very pretty home wedding takes place at the residence of Arthur E. Henderson, 80 Orange Street, at five o'clock Wednesday evening, when Miss Edith Sinclair, youngest daughter of Mrs. William Sinclair, and sister of Mrs. Henderson, will be married to John Hastie, a native of Gordon, Berwickshire, Scotland, and inspector for the Canadian Casualty and Boiler Insurance Co., of Toronto.

The ceremony, which will be witnessed only by relatives and intimate friends of the contracting parties, will be performed by Rev. Donald Macrae, D. D. The only attendants will be the bride's niece little Miss Elsie Henderson, who will act as flower girl, and Master Harold Fowler.

The bride's costume is of cream voile over accordion-pleated silk chiffon and trimmings of green velvet.

A dainty luncheon will be served after the ceremony and the newly wedded couple will leave by the seven o'clock train for a trip through Nova Scotia and Prince Edward Island. In about four weeks they will return to St. John and take up their residence at 100 Mecklenburg street.

The bride has been the recipient of numerous costly and beautiful gifts, many having come from "Bonnie Scotland," Toronto, Montreal, Halifax, New York, Boston, and a goodly number from St. John.—St. John Times.

### The Centreville Delegates at St. Andrews.

The delegates from "Court Carleton" Centreville to the High Court of Foresters held at St. Andrews found a large attendance of brothers from all parts of the Province, and it is quite observable how the numbers of these of French extraction are increasing in the Order. Our aged Mohawk Chief holds his age well and were his body as sound as his intellect we should ere long have a centenarian as Supreme Chief Ranger.

We were agreeably surprised to find one of our former Centreville boys, Charles S. DeLong, (Sam) owner and host of the "Exchange Hotel" of which an admirer in the "Calais Advertiser" says "one of the finest furnished houses in the Dominion of Canada. The Travelling man's home, The Tourist's home, The Rich man's home, The Poor man's home." We certainly found it the friendly home, for Sam was so pleased to see his old friends that he hitched up his team on the double buckboard and showed us the many beauties of the quaint old grassy town. Fort Tipperary which so successfully repulsed the ten thousand Fenians who held splendid strategic positions from Eastport to the Pacific coast, their front firing line extending fully 3000 miles on U. S. territory and as we should always be just to the memory and bravery of our gallant enemy it is only fair to say they successfully held it during the whole campaign. Another unique sight is the old fort on the Bayside with its old fashioned muzzle loaders, part of them pointing to the bay, doubtless as protectors, and the others pointing to the town, probably as advisers. This old garrison ground is now possessed by Sir Thomas Shaughnessy whose bungalow gives us an odd and quite interesting structure. The extensive property of Senator McKay (or McKi as they call it) is being beautified. They natural topograph of this estate is so broken with hill and dale, springs and ponds that it is capable of being made one of the most delightful of summer homes, its extensive front on the bay not being its least attraction. Sir Wm. Van Horne's farm and the improvements on his island in the bay were pointed out to us with many other objects of interest. Our ride with Sam will be remembered by us for some time. After three days of Court duties and seeing the town and enjoying the cool sea breezes we pulled out of St. Andrews, having first decided that the High Court of Foresters should meet next year in St. John. H. T. SCHOLEY, Centreville.

### Card of Thanks.

The undersigned begs leave to express his heartfelt gratitude to John F. Dickinson and employees for their generous contribution during his present affliction and painful illness. May the God of all grace plentifully reward each and every donor.

### The County Team Match.

The first team match for the inter-county cup was held on the Woodstock range on Monday last. The weather was unfavorable for good shooting particularly in the afternoon which decidedly lessened the attendance and the pleasure. The next match for the cup will be held on the Avondale range. Following is the score:—

### A Pleasant Evening.

On Monday evening in the vestry of the Methodist church the members of the congregation held a reception in honour of their new pastor the Rev. Mr. Fulton. F. B. Carvell, M. P., was appointed chairman of the meeting and made a brief but very practical address in introducing Mr. Fulton and his esteemed wife to those present. Mr. Fulton replied in a happy manner and made an excellent impression on all who heard him. After a short musical program ice cream and cake were served by the ladies of the congregation and all voted the evening to be a very enjoyable one. There was such an abundance of refreshments that after all were served a number of tempting cakes were left over. These were auctioned off by Warden A. G. Bailey under some very spirited bidding; one cake alone bringing the goodly sum of one dollar.

### A Dead Engineer at the Throttle.

Since railroading began people have, says the Springfield Republican, imagined the case of the engineer who should suddenly die at the throttle and leave the train, filled with passengers, to the mercy of chance for the remainder of the run. Engineers, like other men, may have heart disease or apoplexy, and, if they have attacks while on duty, there you are. This long imagined case actually was realized—and perhaps it has been many times before—on a fast express train running from Trenton to Philadelphia on Thursday week. The engineer died at his post, nobody knows just when, but the dead hand remained on the throttle and the sightless eye continued for miles and miles to glare along the roadbed in front of the rushing train. The fireman observed nothing unusual; the track was clear; every switch was properly turned; and the flyer sped on within scheduled time. Not until the train approached Philadelphia and a place was reached where the speed is usually slackened did the fireman feel a thrill of alarm. They were entering the city like the whirlwind, and then, examining the engineer, he found him dead. Suppose a wreck had occurred before the fireman's discovery. The engineer would have been found "killed," and his "negligence" would have been held responsible for the disaster.

### Officers Installed.

At the last regular meeting of Carleton Lodge No. 41, I. O. O. F., the following officers were installed:—  
N. G.—Thomas Baker.  
Y. G.—Phillip Saunders.  
Warden—I. W. Fisher.

O. G.—R. L. Allingham.  
J. G.—A. VanWart.  
R. S. S.—B. VanWart.  
L. S. S.—N. D. Lister.  
Chaplain—W. B. Nicholson.  
R. S. N. G.—O. A. Townsend.  
R. S. V. G.—W. V. Dalling.  
S. V. G.—W. A. Kennedy.  
Treasurer—H. E. Burt.  
Secretary—Charles Comben.  
Junior Past Grand—Dr. G. B. Manzer.

### The Races.

A fair crowd gathered at the park last Thursday to see the last part of the races. The event was interest and deserved a better patronage. The officials were:—

Starter, E. R. Teed, of Woodstock; Judges, C. A. Trafton, of Ashland; W. B. Belyea, of Woodstock; R. J. Walsh, of Presque Isle; Timers, J. A. DeWit, of Presque Isle; F. L. Thompson, Woodstock; Clerk, J. P. Malaney, of Woodstock.

The matched race between Utatlan, 2.22½, owned by J. E. Burnham, and Queen Inez, 2.25½, owned by W. E. McBurnie, was a pretty contest. A silver dollar was tossed in the air, McBurnie said head, it came down tail, and Utatlan got the poll. The stallion was driven by Bud Rideout, and John Willard was behind the Queen, when the first heat of the race for \$500 a side and \$100 from Gallagher Bros. commenced Utatlan lead till near the quarter, when he broke badly. Inez was afterwards never headed, although at the three-quarter pole the stallion was on her wheel when he again broke, lost some, and still was but a length behind at the finish. Time, by quarters, 34: 1.10½, 1.45, 2.21.

In the second heat Inez had the poll. Utatlan broke at first quarter but lost little ground, and broke again at three quarters pole, and finished about a length behind. Time by quarters, 34, 1.10, 1.45 and 2.22½.

During the third heat Utatlan commenced breaking at first quarter, continued so doing during the heat and was easily beaten. Time by quarters 36, 1.12½, 1.46½, 2.22 flat.

### "Meet Me At The Pike" At The St. John Exhibition.

The institution of a first-class Amusement Row on the grounds of the St. John Exhibition which opens Sept. 1st is only one indication that the management is alive to the necessity of making the Big Fair this year different from any preceding Exhibition. The amusement features are only one of the departments where something new is to be offered, but in this department the St. John Exhibition will not suffer by comparison with any other show of its kind in Canada.

The recent announcement of a Hippodrome, embracing the very largest and best metropolitan features, created quite a sensation.

Another departure from the beaten track will be the establishment for the first time of a "Pike" or "Amusement Row". All that portion of the ground at the rear of the main building, usually occupied by what is called "Fakers' Row", will be utilized for the erection of a "Pike". A uniform structure 15 ft in height will be erected inclosing all this ground on both sides, with a street 30 ft in width running through the centre to the main entrance. This uniform erection will be handsomely painted and decorated, and brilliantly illuminated at night by electricity. Arches will admit Exhibition visitors to the different amusement attractions, which will be of the most desirable character, as it has been decided that all games of chance will be eliminated this year. The general effect is sure to be most pleasing to the eye, and as there will be a great number of very desirable and pleasing amusements, it is expected that the grounds of the Exhibition this year will be as attractive as the main buildings. The management also plans to beautify the grounds in front of the main building, by the erection of arches brilliantly illuminated with electric lights, so that every visitor, from the moment he enters the turnstile, will be favorably impressed with the fair.

"The Pike" is in charge of Mr. F. G. Spencer, the well-known amusement promoter, and he has undertaken to make it the equal of similar amusement grounds at the large Expositions. "The Pike" will doubtless be the popular rendezvous from Sept. 1st to 8th, while the St. John Exhibition is in full swing.
