## SATURDAY, AUGUST 25TH,

with their usual Up-to-date Line of Books, Stationery, Fancy Goods and China.

Everything New and Fresh.

Main St., opposite Carlisle Hotel,  
WOODSTOCK, N. B.

### Boyden-Peters.

The residence of Allen Peters, Roxbury, Mass., was the scene of a pretty wedding on Thursday evening, August 29th, when his sister Grace, daughter of Mr. and Mrs. William Peters, of Florenceville, was united in marriage to Mr. Sanford Boyden. The ceremony was performed by the Rev. Mr. Holbrook. The bride was given away by her brother. Only the immediate relatives of the contracting parties were present, among them being the bride's mother who went to Roxbury last week to be present at the ceremony. The rooms were tastefully decorated with flowers.

After the ceremony luncheon was served, after which Mr. and Mrs. Boyden left for Mattapan where they visited Mr. Boyden's brother. On their return to Roxbury they will keep house in a residence that has been fitted up for them. The bride was the recipient of many beautiful and useful presents.

### Death of a Jacksonville Boy.

Norris Neales Brodrick, youngest son of the late A. M. and Margret C. Brodrick, of Jacksonville, N. B., died at the home of his sister, Mrs. L. W. Chase, West Newton, Mass., August 23rd, after a long illness of consumption. On account of ill health Norris gave up his position in the B. & A. R. R. where he had been employed for ten years. His foreman expressed great regret at his leaving and offered him a better position, but it was no use as he had worked two years after his health began to fail, unwilling to give up. He was a young man of sterling worth and unblemished character, with a sunny cheerful disposition, which made for him hosts of friends who, during his illness kept his room bright with fresh flowers and other tokens of their love and esteem. For ten months he was confined to his bed, yet during those months of great suffering he never complained, but waited with Christian patience for the Father to say, "It is enough; come up higher." Funeral services were held at his sister's home last Saturday, his 35th birthday, and were conducted by his father's friend, the Rev. Jesse Wagner, Methodist. The floral tributes were many and beautiful including the emblem of the L. O. A. on a floral standard 12 1/2 feet high by two feet wide inscribed "at rest." There were also three lavender streamers marked "Faith," "Hope" and "Charity," from Mr. and Mrs. Robert J. Flewelling and a large wreath from the B. & A. employes. Others sending flowers were: Mr and Mrs John Perry, Mr and Mrs N B Plummer, Miss Linda Emery, Mr and Mrs Duncan Rideout, Mrs McManus, Mr and Mrs Frank Priest, The Misses Gallagher, Mr and Mrs Harey Bruce, Mrs Crook, Mr and W H Leeser, Mrs J Henry Stone, Mr and Mrs J A Latter, Mrs McLean, Mr and Mrs L W Chase, Mrs Ida Bullock, Mr and Mrs H H Brodrick, Mrs Nelson and family, George B. Knight, Mrs Roberts and family, Miss S J Irving, Mrs Connolly and family, Miss Maud Brodrick, Mrs Danforth and family, Mrs Fred Brown, Misses Sadie and Minnie Wheeler.—Com.

### On the Links.

A ladies' and gentlemen's approaching and putting contest was held on the links on Saturday last for a prize given by Mrs. E. W. Mair. Miss Neales and Mr. J. S. Creighton were the winners. Following is the score:

Miss Neales,.....	3	4	4	11
J. S. Creighton.....	3	3	3	9—20
Mrs. E. W. Mair.....	5	5	4	14
Rev. G. D. Ireland.....	3	4	3	10—24
Mrs. J. S. Creighton.....	5	4	3	12
W. P. Jones.....	5	3	3	11—23
Mrs. W. B. Belyea.....	5	3	4	12
George Mitchell.....	4	4	3	11—23
Miss B. K. Dibblee.....	4	3	4	12
D. W. Newcombe.....	4	4	3	11—23
Miss Jessie Denison.....	5	3	3	11
A. C. Calder.....	3	4	3	10—21
Mrs. A. D. Holyoke.....	3	3	4	10
Geo. E. Balmain.....	4	3	4	11—21

### A Supper for Mr. Loggie.

H. Burton Loggie, of Chatham, left on Thursday morning for Fredericton, en route to McGill, where he will take up his studies in medicine. On the eve of his departure a number of his friends tendered him a supper at the Albert House. On Sept. 13th Mr. Loggie will return to Chatham for a short visit, and on that evening a farewell concert will be given in his honor, a committee of citizens having taken the matter up. Mr. Loggie has many friends in Newcastle, having assisted in concerts here.—North Shore Leader.

Mr. Loggie arrived in town Saturday evening from Skiff Lake, and is spending a few days in town, the guest of Mr. and Mrs. Wm. Dibblee.

### The Town Council.

The town council met on Friday evening last for the purpose of considering any tenders received for pumping the water supply for the town and running the electric lights. Two tenders were received as follows:

#### WOODSTOCK ELECTRIC LIGHT COMPANY.

The Woodstock Electric Light Company, Limited, hereby agree to furnish to the Town of Woodstock sufficient power whenever required, to pump one hundred and twenty-five million imperial gallons of water per year; and also sufficient power to operate 40 1200 C. P. arc lamps, on what is called the moonlight schedule, from one hour after sunset until one o'clock in the forenoon, and carbon and keep lamps in repair, for the sum of \$3989.00, payable monthly, and in excess of forty lamps up to fifty lamps, \$50 per lamp, or for moonlight schedule from one hour after sunset to one hour before sunrise, carbon and keep lamps in repair, \$300.00 extra over and above the above amount. Per lamp, all night, moonlight schedule, over 40 lamps up to 50 lamps, \$60.00 each per year. And will accept two and one half cents (2 1/2) per each 1000 imperial gallons in excess of one hundred and twenty-five million gallons of water pumped. The contract to be for five years.

Dated this thirtieth day of August, A. D., 1906.

The Woodstock Electric Light Co., Ltd,  
per H. A. Connell, President and Mgr.

#### WOODSTOCK ELECTRIC RAILWAY LIGHT AND POWER COMPANY.

To His Worship the Mayor, and Councillors of the Town of Woodstock:

In accordance with the notice sent to us by J. C. Hartley, Esquire, Town Clerk, dated the thirteenth August, instant, asking us to tender for furnishing electrical power for pumping the water and lighting the streets of the town, pursuant to a resolution passed by the Town Council on the 10th August, instant, we hereby submit the following offer:

1. We agree to furnish sufficient power, whenever required, to pump 125 million gallons of water per year, and also sufficient power to operate 40 1200 C. P. enclosed arc lamps, on what is called the moonlight schedule, from one hour after sunset until one o'clock in the morning of every necessary night during the year, and carbon and keep in repair the same, for the sum of \$2975 00 per year.
2. We hereby agree to furnish power, whenever required, to pump 125 million gallons of water per year and also sufficient power to operate 40 1200 C. P. enclosed arc lamps on what is called the moonlight schedule from one hour after sunset until one hour before sunrise every necessary night in the year, and carbon and keep the same in repair, for \$3500.00 per year.
3. In case the town required additional lamps of the same capacity up to 50, we will furnish power therefor at the rate of \$35 per lamp per year in addition to the offer heretofore made, and in case they require more than the 125 million gallons of water per year, we agree to furnish any additional amount required at the rate of two cents per 1000 gallons.

We will agree to use the present electric light wire of the town and keep the same in repair, during the period of the contract, wherever the same now exists and, should should any lamps not be properly wired, or should any lamps be added, then the town shall furnish all wire necessary, in no case exceeding No. 6 gauge.

This tender is for a contract for five years from the date of acceptance and we would expect payment to be made monthly.

The current which we will supply is alternating with an initial voltage of 2200.

Enclosed herewith you will find a certified check on the Bank of Montreal for \$500.00.

Dated this 31st day of August, A. D. 1906.

The Woodstock Electric Railway Light and Power Co.  
J. A. Hayden, President.

The tender of the Woodstock Electric Light Co. was so much higher than that of the Electric Railway, Light & Power Co., that it was not considered.

With regard to the tender of the Railway Light & Power Co., Mayor Munro said there were some things in it not altogether clear. He thought the tender should be submitted to the ratepayers. He did not like the idea of the town going into partnership with a company. He desired that the matter should be settled so that the very best interests of the town should be served.

Councillors Dunbar and Fields held views very similar to those expressed by the Mayor. They thought the matter should be given to the ratepayers to settle. Coun. Dunbar had no doubt the town could run its own plant

by steam cheaper than they could get it done by electricity.

Couns. Leighton, Henderson and Fields, while they did not object to having the matter placed before the ratepayers, thought such a thing unnecessary as they were in a better position to settle the matter at the council board and there would be a big saving of time by doing so.

### Mount Pleasant Wins Again.

The beautiful silver trophy, recently purchased through Carr & Gibson for monthly competition among the rifle clubs of the county, is no more, that is as far as further competition is concerned.

Under the rules of the contest the cup was to become the property of the club winning it three consecutive times and when it was on exhibition here last week it had already been won twice by the Mount Pleasant team. The final match was shot on Labor Day on the Mount Pleasant range, Woodstock and Avondale each entering a team but neither was able to down their heavy opponent. The Mount Pleasant team has been doing phenomenal shooting all through the season, their average in the match on Monday being 86, and it is an accepted fact that they cannot be beaten on their own range, if indeed on any other at the present time. During the first of the season the Woodstock team won matches from them but since the trophy was purchased the Mount Pleasant team has won each match.

This however was not the only cup won by Mount Pleasant on Monday. There is another team cup that has been shot for annually for a number of years and it is also their prize. The conditions of this match are ten shots at five hundred yards and although the Avondale team pushed them pretty hard they came out ahead, one of their men S. J. Burlock making the remarkable score of ten consecutive bulls-eyes as well as one for his sighting shot.

We are not able in this issue to give the scores in detail and perhaps for various reasons it is not advisable to do so.

### Rum in Chatham.

(Chatham World.)

The chief apparent result of the increase in wages, and the urgent demand for men in every department of industry, is street drunkenness. Men stagger out of the saloons, and reel through the streets, day and night. Is it because there is more drinking here than elsewhere, is it that a larger percentage of workmen in Chatham than in other towns are brazen enough to get drunk, or is it lack of police restrictions, that our streets are notorious throughout the country for exhibitions of drunkenness? Rum is everywhere, and drunkenness is everywhere, but one may make the round of every town in Canada without seeing as many drunken men and boys in the streets of any one of them as in Chatham. The editor of the World, who recently spent a week in Sydney and Amherst didn't see as many staggerers during the week as he meets every day in Chatham in the business centre of the town. Poor unfortunates will continue to spend their earnings for whiskey, and get drunk, but the police should see to it that they are promptly locked up and not allowed to exhibit themselves to the public.

The police! These officials are evidently not looking for work. They rarely see or hear anything they can avoid. They don't see the bottle men, half drunk, who, occupy the benches in the park, day and night, especially on Sundays, and make the place repulsive to decent citizens. They don't see or hear gangs of shouting and howling youngsters around the wharves. They don't see the drunken men staggering out of saloons. They see nothing, in fact, that they can help, and the Hooligans have no fear of them.

Amherst, about three times as large as Chatham, has a town marshal, who collects the taxes, and two policemen. Its toughs and drunkards are not in sight in the streets. Chatham should wake up and go in for reform.

MR. N. FOSTER THORNE, editor of the Carleton Sentinel, is receiving congratulations on the arrival of a daughter at his home.

## FOR SALE.

At Public Auction, on Thursday Afternoon, at 3.00 p.m., in front of the property, the KEARNEY HOUSE, so called, on Elm Street, belonging to the Estate of the late Jarvis Dibblee.

For a Good Pickling Vinegar and Spices go to H. G. NOBLE'S.
