

FOR BOTH

One disease of thinness in children is scrofula; in adults, consumption. Both have poor blood; both need more fat. These diseases thrive on leanness. Fat is the best means of overcoming them; cod liver oil makes the best and healthiest fat and

SCOTT'S EMULSION

is the easiest and most effective form of cod liver oil. Here's a natural order of things that shows why Scott's Emulsion is of so much value in all cases of scrofula and consumption. More fat, more weight, more nourishment, that's why.

It was a surprise to the summer boarder to learn that one of the group of graduates from the seminary, to the "farewell exercises" of which she had listened the year before, was married and settled in a home of her own.
"I remember her," said the summer boarder, when the name was mentioned, "but she did not strike me as being as attractive as most of the other girls."
"Um-m!" said her informant. "Well, I guess 'twas her graduating essay that kerried her off so quick, maybe. Her subject was "How to keep house on six dollars a week," and it fetched most every young fellow in town, they tell me. By what I hear, all she had to do was to sit at home and pick and choose."

A Compliment to Canadian Banking.

It is no new thing for American financial people and bankers to pronounce admiration of the Canadian banking system, but not one among them has dared hitherto to attempt organizing a bank on the Canadian plan to do business in the United States. J. B. Forgan, however, president of the First National Bank of Chicago, who is a Canadian, declares that he will erect upon the ruins of the Milwaukee Avenue Bank an institution that will be modelled upon the Canadian plan. Legal forms are all that now delay the scheme. Mr. Forgan is to be the ruling power of the new bank, and has secured control of the stock, \$300,000 of which has been sold at a premium of 20 per cent., giving the institution a surplus of \$60,000. "I sold the stock practically in a moment," said Mr. Forgan, "and I could have disposed of five times that amount, but I preferred to place it only with such men as I approved, who will feel a personal interest in it."
Mr. Forgan, who is recognized as one of the foremost bankers in the United States, was the first manager of the Bank of Nova Scotia in Woodstock. His brother, who was at one time manager of the Bank of Nova Scotia in Fredericton, is now also a prominent banker in Chicago.
