Fritz Scheff, who is playing the charming "Mile. Modiste" again this season, is found of dogs, and tells the following pretty story, apropos.

An old lady rented a furnished villa for the summer and with the villa a large dog also went.

"In the sitting-room of the villa there was a very comfortable armchair. The old lady liked this chair better than any other in the house. She always made for it the first thing.

"But, alas, she nearly always found the chair occupied by the large dog.

"Being afraid of the dog, she never dared bid it harshly to get out of the chair, as she feared it might bite her; but instead she would go to the window and call "Cats!"

"Then the dog would rush to the window and bark, and the old lady would slip into the vacant chair quietly.

"One day the dog entered the room and found the old lady in possession of the chair. He strolled over to the window, and looking out, appeared very much excited, and set up a tremendous barking.

"The old lady rose and hastened to the window to see what was the matter and the dog quietly climbed into the chair."—November Young's Magazine.

Get Your Bowels to Move.

Now see here a minute, my friend. You ought to know that you cannot cure that pain in the head, or heartburn or shooting pains in the stomach with headache powders and liniments. That stuff you rub on doesn't remove the cause. You have got to go down where the trouble is. What you want to do is to get your bowels to work. Take three Hunch tonight. Take one after each meal. It takes out these pains by stopping the fermentation of the food. It is easily taken and does not contain any injurious substances. It is a hundred times better than Elixirs, Sarsaparillas, iron and scie preparations. Don't lose time fooling with such things, but start using Hunch as quickly as you can. It's a doctor for ten cents.

He Ran For Office.

"No, I am not a fugitive from justice, and the sight of a policeman does not give me a chill," said the ready and honest-looking old man on the rear platform of the street car. "I am headed for the country to hide myself for a month, but there is no crime connected with it. I simply ran for office."

"Oh, I see," replied the other.

"Yes, I ran. They wanted me for sheriff of the county. They came to me by the dozen to say that I was honest and would make a good man for the place, and that the opposition couldn't say a word against me. When they made me believe that it was my duty, I accepted the nomination."

"And your majority was—?"

"Nix, I am supposed to be snowed under about ten feet deep."

"But how did it happen?"

"Oh, easy enough. The opposition that couldn't say a word against me announced:

"That I stole sheep.

"That I embezzled money.

"That I was down on education.

"That I once robbed a widder.

"That I burned a barn to get the insurance.

"That I beat my children and I licked my wife.

"That I was a turncoat in politics and a liar in business.

"That I crippled a man in Maine and murdered one in California. All this and more was urged against me, and I was wiped off the face of the earth, as it were, and, as I said, I am retiring to the country to think things over and get a fresh introduction to myself. After fifteen or twenty days I shall perhaps have the nerve to come back and face my family grocer, who has been giving me fourteen ounces for a pound the last two years, but cut me dead before the campaign had fairly started."—Joe Kerr, in New Orleans Picayune.

The Wind and the Sea.

(Paul Dunbar.)

The wind was young and the sea was old,
But their cries went up together;
The wind was warm, but the sea was cold,
For age makes wintry weather.

So they cried aloud and wept in pain,
Till the sky grew dark to hear it;
And out of its folds crept the misty rain,
In its shroud, like a troubled spirit.

For the wind was wild with a hopeless love,
And the sea was sad at heart,
At many a time he well wot of,
Wherein he had played his part.

VOICE AND PIANO INSTRUCTION.

PIANONORTE—Dr. William Mason's celebrated Touch and Technic ("The best, if not the only, School of Technic known to pianoforte pedagogics").

Limited number of Pupils. Course begins at once.

MRS. M. B. SHARP ADNEY.

Pupil of Dr. William Mason, in Piano and A. A. Pattou, in Voice.

The undersigned Druggist at the earnest solicitation of the Ferrol Co., Limited, of Toronto, has made a thorough and searching investigation into the merits of FERROL, and of the methods of that Company, and he finds that: Every cure claimed by the Company is absolutely genuine; that FERROL is manufactured from the best quality of Munn's Celebrated Cod Liver Oil (the whole of the oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorous, it is so scientifically prepared, that not one in a thousand finds any trouble in taking it; that the medicine has accomplished the most amazing results in its own city; that its sales in the Home City have been phenomenal; that it is endorsed by all druggists without hesitation or qualification; that it is, in short, all the Company claims for FERROL, and more.

The more I investigated the more enthusiastic I became. It is no longer a question of my willingness to handle the preparation—FERROL—but how can I bring it to the immediate suffering of this city?

It is a heavy responsibility, but I have faith in the honesty and fairness of the Ferrol Company, Limited, of Toronto, and the unequalled merits of their preparation, FERROL.

(Signed) EDGAR W. MAIR

I find also that the druggists in other cities have taken upon themselves the solemn responsibility of standing behind this medicine; and that these druggists have made in each city a daring and remarkable distribution of full-sized bottles.

Impressed by the action of our fellow druggists, and convinced that they would not have given this remedy such unqualified approval without positive knowledge of its merits, I have decided to follow their example and distribute free of charge

100 Large Bottles of FERROL Free to the Sick on SATURDAY, Nov. 10th. EDGAR W. MAIR, Druggist, Cor. Main and King Sts., Woodstock, N. B.

Maintaining a first-class Drug Store, the above named Druggist occupies a commanding position in the retail drug trade of this city, and almost every remedy that is offered to the public seeks an outlet through his store. But with an eye single to the interests of his many patrons he is careful to handle the most reliable preparations. Consequently when a medicine is recommended and endorsed by this Druggist, that medicine must have merit.

The above Druggist, after a rigid investigation, described elsewhere in this announcement, has decided to make, upon his own responsibility, the most remarkable distribution of medicine ever attempted in this city. Convinced by personal experience of the extraordinary merits of

FERROL

He has purchased from the Ferrol Co., Limited, of Toronto, a large number of bottles of this remedy, for free distribution, and he hereby invites every person suffering from any form of blood trouble; any person who is run down, discouraged and in need of a powerful tonic; any person suffering from Coughs, Colds, Bronchitis, Croup and all Bronchial or Lung Trouble, Chronic Rheumatism, Neuralgia, Insomnia, Loss of Weight and all wasting diseases; any person who has sought relief in any other remedy or Cod Liver Oil preparation, and failed to find it, cut out the certificate printed herewith, fill out the blank lines, present it at the store on the dates given, and get a bottle of this wonderful preparation, FERROL, Free.

It was necessary for me to purchase a large quantity in order to have the privilege of making this free distribution, and the responsibility assumed by me in this matter, I am positive will be appreciated by the public, and the immense sales that are sure to follow will more than compensate me for the expenditure involved.

There is absolutely no sentiment in this endorsement of FERROL. It is merely a business recognition of a preparation that possesses positive merit, and a keen desire on the part of a progressive concern to always supply the best goods at the lowest possible price.

No other distribution will be made, and it will be necessary for you to come early in order to be sure of securing a large size bottle of FERROL ABSOLUTELY FREE

REMEMBER, only ONE bottle will be given to each family. Tell your friends of this Wonderful Offer for fear they will not see this advertisement.

FERROL WHAT IT IS AND WHY YOU SHOULD TAKE IT

THE FERROL CO., LIMITED
CITY
May 24th, 1905

GENTLEMEN,
The bottle of FERROL I secured from you, I have found to do great good. My son used it for a bad cold, and it cured him. I know it to be an excellent remedy for a bad cold and for building a person up after sickness. I might say that it was a prominent doctor friend of mine in the city, who used it for his son, and spoke to me of it. I have since recommended it to a great many of my friends to try.

Yours truly,
J. B. TUNING

WHAT FERROL DOES.—A careful perusal of the foregoing will readily suggest to the reader what FERROL does. It builds up the run-down constitution as no other preparation can. It cures Anemia, no matter how chronic, by supplying the blood with just what it requires in the only form in which impoverished blood can be supplied. It prevents Consumption by fortifying the constitution against its attacks. It restores Nervous Vitality in a manner little short of marvellous. It cures Coughs, Colds, Bronchitis and kindred diseases by building up the constitution so that the system will throw off the disease by NATURAL PROCESS—a very different thing from the usual method of treatment by administering cough medicines and other drugs which are sure to impair digestion and are always debilitating in their effects. FERROL, on the other hand, while removing the disease, at the same time INCREASES THE WEIGHT, ENRICHES THE BLOOD and improves the patient in every respect. It assists in the development of delicate infants and children, and it is particularly valuable for boys and girls at the period of transition into manhood and womanhood, when they are so likely to outgrow their

strength and the system is rendered peculiarly susceptible to the attacks of disease. It strengthens the muscles, tones up the nerves, improves the vitality, strengthens the action of the heart, and builds up the whole system so that the germs of disease can obtain no foothold. It has a wonderful recuperative effect on the Brain—bringing to it in proper form Phosphorus, the Brain's chief constituent; attacks of depression and morbidness, "brain fog," etc., are dispelled—the cure is basal, constructive and complete. WHAT IT IS NOT.—It is not a "Patent Medicine"—the ingredients are freely made known, only the method of manufacture being secret. REMEMBER—There is only one Emulsion of Cod Liver Oil, Iron and Phosphorus, and that one is FERROL. If you feel the need of a Restorative see that you get FERROL and do not be put off with something "just as good"—there is nothing half so good—nothing "just the same." Protect yourself. Cod Liver Oil, Iron and Phosphorus are not new remedial agents; for ages their merits have been known and recognized, and for many years physicians have indulged the hope that some day a satisfactory combination of these remedies would be perfected and the full

benefit of their life-giving properties made available. In "FERROL" that hope has at last been fully realized, and the practical benefits resulting from its use have far exceeded the most sanguine expectations. These agents are combined in a scientifically prepared Emulsion so palatable that even a nursing infant can and will take it readily, even greedily; so easily assimilated that the most delicate digestive organs will dispose of it with less difficulty than they would experience in the digestion of the plainest food. WHAT IT IS.—"FERROL" as its name implies, is composed mainly of Oil and Iron—it is, in short, a PERFECT EMULSION OF COD LIVER OIL AND IRON, with a medium of Phosphorus added, and is positively the only preparation combining these ingredients. The apparently extravagant claim that it has no equal in its peculiar sphere is based on the following common sense reasons: It combines in palatable form Cod Liver Oil, the greatest tissue-builder and flesh-producer known to medical science, with Iron, the one and only agent which will supply impoverished Blood with the red corpuscles which it must have in order to insure a healthy condition, and Phosphorus, which has no equal as a Nerve tonic.
